Create Professional Adobe® Compatible PDF Documents
 PDFCreator is a cost effective solution over the leading PDF product, Adobe Acrobat®. PDFCreator allows you to create PDF files from documents, spreadsheets, presentations, emails, websites, and virtually any file that can be printed. PDFCreator is a virtual printer so it's automatically integrated and ready for use in all of your favorite Windows® programs. This includes all of your Business applications, Multimedia applications, Web applications, Presentation applications and the list goes on and on. If you can print it, you can turn it into a PDF document.
