## Echelon at K Station

CHICAGO, ILLINOIS

Fifield Companies /  
Wood Partners  
350 Dwelling Units  
39 Stories  
280 Parking Spaces  
436,324 GSF

This luxury apartment building was the first of five residential towers included in the modern mixed-use, master-planned K Station community in Chicago's West Loop. The building features floor-to-ceiling glass in the corner units providing dynamic views of downtown and the Near North Side. A one-acre park planned in conjunction with the building offers residents a distinct neighborhood atmosphere.
