

Prints - Gloss, Matte or Luster

PRINTS - GLOSS, MATTE OR LUSTER

Our pro lab has over 30 years of experience in photographic printing. Prints are produced on Fuji Crystal archive paper with state of the art Fuji Frontier and Durst Theta printers. Machines are calibrated and checked each 24hr cycle to ensure color consistency and quality. Images are also individually corrected for color and density by a human operator.

Special care is taken with all packaging. Prints are re-inspected, and then inserted into a water resistant, acrylic, archival sleeve and packaged in a 28 point, white hardboard package. Orders of over 10 photos will be packaged in a corrugated crush resistant box and will have added hardboard added to the top and bottom of the box to assure safe arrival.

Fujicolor Crystal Archive Paper incorporates Fujifilm's latest coupler, base, and tone-control technologies, resulting in superb colors and pure whites together with exceptional color image stability.

MAIN FEATURES

Outstanding color stability

Thanks to advanced dye technology, Fujicolor Crystal Archive Paper demonstrates exceptional resistance both to color fading and staining, whether stored under illumination or in darkness.

Pure whites, clean highlights

The markedly improved white base used in Fujicolor Crystal Archive Paper delivers superb white chromaticity. Pure whites and bright, clean highlights create a dramatic sense of clarity and dimensionality.

Brilliant color reproduction

Fujicolor Crystal Archive Paper utilizes Fujifilm's proprietary Advanced V-Coupler technology to offer outstanding reproduction of the entire color spectrum. Especially notable are the new papers' profound reds, clear yellows, and beautiful skin tones.

Excellent reciprocity characteristics

Due to its wide exposure latitude, Fujicolor Crystal Archive Paper boasts highly uniform sensitivity and gradation, making them suitable for a wide range of applications.

Cropping Overview:

The dimensions (height x width) of your digital image are not always the same as the print you want to make from it. Therefore, some cropping (trimming) of your original image is often required to make it fit the paper size.

We offer a variety of print sizes and each size may require a slightly different amount of cropping. Also, digital cameras can take images with different dimensions than film cameras, so some cropping is necessary to make them all fit on standard paper sizes.

While the cropping we do may be minimal, it may cut off important parts of the image located near the edge. This is why we offer two options, which are given near the end of the ordering process.

We provide Either "CROP" (cut) the images to the paper size OR "FIT" the images (un-cut/full size) on to a given paper size. You will see a preview during the check out process. If any part of the image is outside of the red box, that part will be cut off. In the case of fit cropping, none of your image will ever be cut out, but you will inevitably end up with some white space on your print

Some digital camera are unlike traditional 35mm film, which capture images in a 2x3 aspect ratio, many digital cameras capture images in a 3x4 aspect ratio. In order to fit a 3x4 aspect ratio digital image into a standard 4x6 print (based on film's 2x3 aspect ratio), 11% of the digital image is cropped . Our new 4X5.33 format is tailored for cameras that capture images in a 3x4 aspect ratio.

Photostockplus.com uses the latest printing technology available to deliver high-quality photographic prints from your digital and film photos.

True Black and White Prints

TRUE BLACK AND WHITE PRINTS

Our true black and white prints are printed with Durst Theta silver halide printers and on Ilford professional Black and white paper that produces outstanding continuous tone black and white prints

Archival quality

In photography, the term "archival quality" suggests that prints are durable and chemically stable. The prints you order from the Gallery have the same archival quality as prints made from 35mm film.

Metallic Prints

METALLIC PRINTS

This paper uses a proprietary combination of film laminate layers that produce striking, three-dimensional, lasting images on an ultra-bright background. Many photographers have described this effect as "chrome on paper." Its professional emulsion set provides extreme sharpness, brightness, and color saturation with an intense black density that increases its appeal. The proprietary laminate layers also increase the durability and tear resistance of the final print, increasing the opportunities for display applications. Kodak ENDURA Metallic Paper is suitable for both optical and digital printing, so it's an easy addition to your existing workflow.

Archival quality

In photography, the term "archival quality" suggests that prints are durable and chemically stable. The prints you order from the Gallery have the same archival quality as prints made from 35mm film.

Cropping Overview:

The dimensions (height x width) of your digital image are not always the same as the print you want to make from it. Therefore, some cropping (trimming) of your original image is often required to make it fit the paper size.

Our new 4X5.33 format is tailored for cameras that capture images in a 3x4 aspect ratio.

Wall Calendars

WALL CALENDARS

8x15 Custom twelve month calendars are printed on professional photographic luster paper. The cover is laminated and the luster paper provides a pearl-like shimmery feel that stands out and has a texture. All pages are spiral bound and the calendar months are split with the photo on top with the calendar month below. The photographic print quality makes this calendar stand out from the rest.

Flip Books

FLIP BOOKS

Display your photos in a great new way!

The flip book features a ridged laminate cover. Photos are printed on a high quality Fuji Crystal Archive paper and spiral bound with black plastic coil. The back sheet is comprised of rigid card stock with a textured feel. A great way to produce a photo souvenir or proof book.

4X6 - 5X7

Creating a Flip Book is simple!

Flip Books are created from your on-line albums. Just choose an album and up to 50 of your favorite images which are printed and bound into a convenient book ready to share. Order as many as you like and ship them directly to friends and family!

We recommend a minimum resolution of 640 x 427.

Photo Books

PHOTO BOOKS

Display your photos in a great new way!

Here are the features of this hardbound book:

Press printed photo books come in a variety of colors including Classic black, White, or our special line of Metallic Covers, including a stylish Silver, Blue or Pink. The 8.5" x 11" book is fitted with a 3.5" x 5" Die cut window that displays the cover photo. Each book is professionally bound and press printed. Pages are printed on each side with your selected photos and captions (if desired) making them excellent for holidays, weddings and special events.

49 photo max (1 cover photo + 48 photos)

Picture Frame

PICTURE FRAME

A solid black frame features a 1" molding, velvet back and glass face with an elegant white matt. The 8"x10" frame comes with a 5"x7" print while the 11"x14" frame comes with an 8"x10" print.

The frames feature a two-way easel for vertical or horizontal table-top display and can also be wall mounted.

Plaques

PLAQUES

A high end and beautifully crafted product that turns any photo into a stunning dye sub plaque. Ready to hang with no frame needed.

**Special print medium items are not like prints on photographic paper. Attention must be paid to the image that will be printed on special print mediums.

To achieve the best results on these special mediums, images must be technically very good. They should have an even brightness & contrast with good color saturation. Imperfections and technical weaknesses could be accentuated when images are reproduced on non-photo paper mediums.

This does not mean these products are of lesser quality than traditional photo prints. These print items offer a unique image presentation giving photos a custom, personalized look that is sure to impress.

Sweatshirts

SWEATSHIRTS

Vapor Apparel is a line of customized fashionable performance shirts that actually wick moisture from the body. Vapor is made with Intera yarn, a fabric which keeps you warmer or cooler, and resists soil, odor and bacteria. Intera is not a coating, but part of the fiber of the yarn, and does not wash out. It has an incredibly fast drying time. Shirts print with rich vivid colors.

We offer the following sizes:

- X-large sizes: 46 to 48
- Large sizes: 42 to 44
- Medium sizes: 38 to 40
- Small sizes: 34 to 36

Canvas Prints

CANVAS PRINTS

Museum mount canvas

A high end and beautifully crafted product that turns any photo into a stunning museum mount gallery wrap Ready to hang with no frame needed. A realistic print reproduction holds detail remarkably well and the museum mount, black edge gives a deep standout effect. Canvas prints are treated with a coating that provides a water resistant surface as well as providing overall durability and a brilliant glossy finish.

Detailed specs:

- Hangers and bumpers are applied to the corners ensuring a perfect wall mount
- Tight-weave linen-finish
- Mounted on a 1 1/2" deep stretcher frame
- Seven pigments for a dynamic range of color
- Clear protective finish protects image from scratching or surface damage
- Black framing paper finish on back
- 9 oz. canvas

PLEASE NOTE THAT TIGHTLY CROPPED IMAGES MAY NOT BE SUITABLE FOR HIS PRODUCT IF THEY DO NOT MEET THE ASPECT RATIO ON THE CANVAS.

**Special print medium items are not like prints on photographic paper. Attention must be paid to the image that will be printed on special print mediums.

To achieve the best results on these special mediums, images must be technically very good. They should have an even brightness & contrast with good color saturation. Imperfections and technical weaknesses could be accentuated when images are reproduced on non-photo paper mediums.

This does not mean these products are of lesser quality than traditional photo prints. These print items offer a unique image presentation giving photos a custom, personalized look that is sure to impress.

Photo Mug

PHOTO MUG

The Photo Mug is made of high quality ceramic. Our professionals will permanently imprint your favorite photo onto a Ceramic Photo Mug. The durable Photo Mug will keep your memories alive day after day.

The Photo Mug is dishwasher safe. Since the image and surface of the ceramic mug can be scratched with an abrasive object, care should

be taken when loading and unloading the product from the dishwasher. Our Photo Mugs are also microwave safe.

The photo mugs come with the following options/sizes:

Ceramic Mug 11 oz.

- Min. Resolution required: 800 x 640
- Product size: 11 oz.
- Photo size: 3.5 x 8

Ceramic Mug 15 oz. (white only)

- Min. Resolution required: 800 x 640
- Product size: 15 oz.
- Photo size: 3.8 x 8

Photo Puzzle

PHOTO PUZZLE

Challenging 130 piece custom puzzle with high gloss finish. The Photo Puzzle is a one-of-a-kind item made from your favorite photo. Each puzzle is made from a high quality fabric pressboard. The puzzle comes in an attractive metal storage tin with a clear view top. Great for birthdays and special occasions!

Ships flat and assembled.

Fun Gifts: Photo Puzzle
Min. Resolution required: 960 x 640
Product size: 10.5 x 13.5
Photo size: 11 x 14

BBQ Apron

BBQ APRON

The BBQ Apron is made of 65% Polyester and 35% cotton for durability and comfort. Machine washable in cold water, and no bleach.

The actual photo size for BBQ Apron is 8 x 10 inches. The BBQ Apron is 20" wide x 24" high.

APPAREL: BBQ APRON
MIN. RESOLUTION REQUIRED: 640 X 800
PRODUCT SIZE: 20
PHOTO SIZE: 8 X 10

You can ask your photographer to add a slogan or message.

Photo T-Shirt

PHOTO T-SHIRT

These Vapor Apparel shirts feature Intera's permanent moisture wicking technology. This unique fabric wicks moisture for climate control & comfort while having the feel of cotton and is versatile enough to wear as a base layer in winter or keep you dry and cool when the heat is up. The shirt is also anti-microbial and stain resistant and has a great fit.

We offer the following sizes:

The actual photo size for Photo Tee Shirt is 8 x 10 inches.

- XX-large sizes 50 to 52
- X-large sizes: 46 to 48
- Large sizes: 42 to 44
- Medium sizes: 38 to 40
- Small sizes: 34 to 36

minimum resolution of 819 x 1024 pixels.

****Special print medium items are not like prints on photographic paper. Attention must be paid to the image that will be printed on special print mediums.**

To achieve the best results on these special mediums, images must be technically very good. They should have an even brightness & contrast with good color saturation. Imperfections and technical weaknesses could be accentuated when images are reproduced on non-photo paper mediums.

This does not mean these products are of lesser quality than traditional photo prints. These print items offer a unique image presentation giving photos a custom, personalized look that is sure to impress.

Photo Magnets

PHOTO MAGNETS

All Photo Magnets have a plastic laminated coating to protect your photo. Clean with a slightly damp cloth. Do not submerge in water. To enjoy your photo magnet for years to come, do not pull on the seams.

- 2.5 x 3.5" Photo Magnet
- Min. Resolution required: 640 x 480
- Product size: 2.5" x 3.5"
- Photo size: 2.5" x 3.5"

Photo Mouse Pad

PHOTO MOUSE PAD

Brilliant color reproduction on custom printed polyester with a neoprene rubber backing. Thin profile protects desk and is proven to improve mouse tracking.

- Min. Resolution required: 800 x 640
- Product size: 8 x 9 x .25
- Photo size: 8 x 9

Photo Buttons

PHOTO BUTTONS

Create your own personalized photo 4" photo buttons. Our 4 inch photo buttons are made from durable metal with a sturdy fastening pin. Please note that the button is round and the corners will be removed so as to fit the rectangular photo onto the circle.

Key chains

KEY CHAINS

A sleek acrylic 1.75"x2.25" casing with double sided photo enclosed. Metal split ring attaches to the beveled top to holds keys.

Photo Cutouts

PHOTO CUTOUTS

Free Standing or magnet photo cutouts

Beautiful Photo Sculptures are free standing and one of a kind fun. We use judgment when removing the backgrounds of your subjects to produce the best final product. Comes in 5" cutout magnet, 7" or 10" Freestanding statue.

Tote Bag

TOTE BAG

Bring your favorite photo wherever you go! This durable premium canvas tote bag with contrasting straps is perfect for carrying books, groceries, toys etc. A fun and useful gift for parents, kids or teachers. The Photo Tote Bag is made of 65% Polyester and 35% cotton for durability.

Machine wash in cold water inside out, and no bleach.

Min. Resolution required: 800 x 640
Photo: 12" x 9" on one side of tote bag

Bag Tags

BAG TAGS

Tired of confusing your bags with everyone else's? Give your's some personalized pizzazz! Full color bag tags make for easier identification for the user. Our tags come in the following format:

- Rectangular Landscape • Rectangular Portrait • Square • Round

**Special print medium items are not like prints on photographic paper. Attention must be paid to the image that will be printed on special print mediums. To achieve the best results on these special mediums, images must be technically very good. They should have an even brightness & contrast with good color saturation. 5X7 FOLDED GREETING CARDS

Choose your own photo then add your own greeting and personal message. It's easy. It only takes a few clicks to create and you can preview your card as you go. Get creative!

The cards are printed on high quality card stock and come with envelopes wrapped in packs of five. A Greeting text of up to 30 characters can be added. This text will go at the top of the text area, and 5 lines of up to 50 characters, can be added under the greeting text.

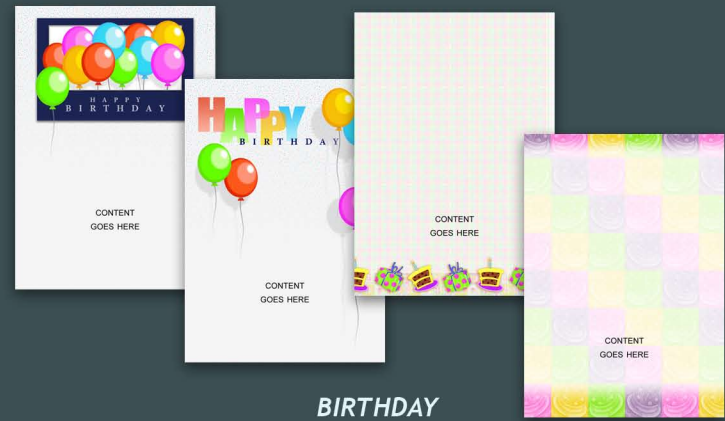

We suggest a minimum of 150 dpi for photos added to the cards. Min.Resolution: 800 x 571

Once we have received the high resolution files from the photographer, the standard amount of time between placing and order for a cards and its shipment is 7 business days.
