We expect the clients to use our furniture more as their personal wit and expression, so we simultaneously have over a dozen different stories than can be interpreted differently by them

Each piece of our furniture benefits from the best of the East and West. It is handcrafted by highly skilled artisans but yet has an international materiality and finish to it. We rarely sell sets of themes of furniture.

Unique combinations of new materials for Wall Cladding, Wall Papers, Wall paneling and wall art also forms a part of the store

In addition to Furniture and accessories, the store also houses a mix of Lights and Lamps which are a mix of eclectic, artistic and makes an unique statement with the aesthetics of the store.
