HOME ENERGY SELF-ASSESSMENT

Thank you for your interest in learning more about your home's energy use! This Home Energy Self-Assessment is designed to give you a better understanding of the energy efficiency of your home, including specific recommendations for ways to improve. This assessment should take no more than 45 minutes to complete. After completion, please mail or email the form to receive your custom recommendations and you will receive your $50 check in the mail for your participation.

Your information

First Name: _____

Last Name: _____

Address: _____

City: _____ State: MO ZIP: _____

Phone: _____

Email Address: _____

Electricity Provider: _____

Gas Provider: _____

Ameren Missouri Electric Account #: _____

Your home's information

How old is it?

_____

Do you know the type of insulation that is in your attic? If so, do you know the R-value of the insulation installed? (ex: R-49, R-60)

_____

Take a look at some of the light fixtures. Are most of the light bulbs LEDs? Do you have incandescent lighting?

_____

Are most of the windows single-, double- or triple-paned? You can determine this by looking closely at the window. With double-paned windows, you will see two sheets of glass.

_____

Do you have a smart thermostat? Do you use some of its smart features? If so, please explain.

_____

Your home's information

If you do not have a smart thermostat, do you have a programmable thermostat? If so, is it programmed?

Is your refrigerator ENERGY STAR® certified? Look for a blue ENERGY STAR logo on the appliance.

Is your dishwasher ENERGY STAR certified? Look for a blue ENERGY STAR logo on the appliance.

Are your ducts insulated? You can often tell by looking at the exposed ductwork in your basement. Are the ducts wrapped in a silver foil?

Is your water heater ENERGY STAR certified? Look for a blue ENERGY STAR logo on the appliance.

Is your washing machine or dryer certified by ENERGY STAR? Look for a blue ENERGY STAR logo on the appliance.

Do you have central air conditioning, or do you use window units?

If you have central air conditioning, do you know the SEER rating? This typically can be found on a yellow or white sticker on the side of the condenser.

Do you use a natural-gas furnace for heat? If yes, do you know the AFUE rating? The AFUE rating can typically be found on a yellow or white sticker on the furnace.

I hereby certify that:

☐ I have an active Ameren Missouri electric account.
☐ This self-assessment has been completed at the address associated with my Ameren Missouri account.

Signature: _____

Attn: Real Estate Energy Audits Program
20 N. Upper Wacker Dr.
Ste. 1301
Chicago, IL 60606

Email to: realestateaudits@mwalliance.org

Terms and conditions

Incentive offer: Incentives are available on a first-come, first-serve basis, and amounts are subject to change. Submitting a completed form does not guarantee that you will receive an incentive.

Eligibility: The self-assessment must be performed only on single-family residential homes that have an active Ameren Missouri electric account.

Payment: Applications must be submitted within 30 days of the self-assessment. Once completed paperwork is submitted, incentive payments and recommendations are usually made within six to eight weeks. Incomplete assessment forms will either delay payments and recommendations or result in denial of the application. Ameren Missouri reserves the right to refuse payment if the program terms and conditions are violated.

Release of customer information: Customer agrees to the release by Ameren Missouri of any customer data, including personally identifiable information, to any contractor or other vendor performing services or support under this program.

Verification: Any customer participating in this program may be contacted by an evaluator to verify service or by being asked to complete a survey.
