Fee Schedule for Homeopathy Consultations

Please plan on a 6-month minimum for your homeopathic care. Visits will be less frequent as your health improves. In order to make services available to all, I have instituted a sliding fee scale for some services. Please pay what your family's budget allows.

Initial Consultation (chronic conditions, health balancing)

Initial consult includes a 1.5 - 2 hour comprehensive interview, my study time, and short phone check-ins for the first month of treatment.

First 2 family members **\$175 - \$250 each** sliding scale

Additional family members: \$75-\$120 each

Follow-up Consultation

After your initial consult, follow-ups are scheduled every 3-6 weeks. These can be by telephone or in person.

\$50 - \$80 (hourly) sliding scale

Therapeutic Consult (single-issue: acute, accident, recent injury, etc)

One-hour consult, focused on a single condition. Includes remedy recommendation and short phone check-ins for one week post-consult.

\$97

Acute Consult

Usually by phone, acute consults usually span 2-3 days, and offer support during acute illness, injury, pre/post surgery, etc. Available to existing clients and their family members only.

\$40 - \$60 per incident

Homeoprophylaxis

One-time fee includes Remedy Kit (sufficient for up to 4 children), kit delivery to your home, 44 months HP Supervision for enrolled children.
