

Ignite

Guide for Hosting Non-KW Students in Your Ignite Classroom

1. **Tracking**

■ Issue

1. Non-KW participants do not have access to the online myTracker system for recording their Daily 10/4 activities.

■ Solution

Supply your non-KW participants with a simple paper tracking system they can hand in each class day to record the number of Connections, Contacts Added to Database, Notes Written, and Homes Previewed.

2. **Videos**

■ Issue

Non-KW participants do not have access to the referenced videos through KWConnect.

■ Solution

When you email the daily Missions to these students, there will be active links to each video in the pdf.

3. **Materials**

■ Issue

Non-KW participants are not able to download and print their Ignite manuals, Missions, or toolkit items.

■ Solution

You will need to a) download and send the file to the non-KW participants, or b) download, print, and distribute to the non-KW participants.

4. **eEdge Database, Marketing, Campaigns, Technology videos**

■ Issue

Non-KW participants do not have access to mykw.kw.com including eEdge, myMarketing, and any of the technology-related videos.

■ Solution

Suggest that non-KW participants use a Contact Management System of their choosing or even a spreadsheet to track names and contacts.
