NATIONAL SECURITY AGENCY
CENTRAL SECURITY SERVICE
FORT GEORGE G. MEADE, MARYLAND 20755-6000

FOIA Case: 42877B
14 March 2007

Mr. Russ Kick
PO Box 30453
Tucson, AZ 85751

Dear Mr. Kick:

This responds to your Freedom of Information Act (FOIA) request dated 28 May 2003 for "One blank copy of each form on the unabridged list of forms used by the National Security Agency (this list was sent to me on 13 May 2003 as a response to FOIA case 42754). This request includes those forms listed as cancelled". A copy of your request is enclosed. Your request has been processed under the FOIA and some of the documents you requested are enclosed. Certain information, however, has been deleted from the enclosures and 24 documents (31 pages) have been withheld in their entirety.

Some of the information deleted from the documents was found to be currently and properly classified in accordance with Executive Order 12958, as amended. This information meets the criteria for classification as set forth in Subparagraphs (c) and (g) of Section 1.4 and remains classified TOP SECRET, SECRET and CONFIDENTIAL as provided in Section 1.2 of the Executive Order. The information is classified because its disclosure could reasonably be expected to cause exceptionally grave damage to the national security. Because the information is currently and properly classified, it is exempt from disclosure pursuant to the first exemption of the FOIA (5 U.S.C. Section 552(b)(1)).

In addition, Subsection (b)(2) of the FOIA exempts from disclosure matters related solely to the internal personnel rules and practices of an agency. This exemption has been held to apply to matters that are "predominantly internal," the release of which would "significantly risk circumvention of agency regulations or statutes." Crooker v. Bureau of Alcohol, Tobacco, and Firearms, 670 F.2d 1051, 1074 (D.C. Cir. 1981). The withheld information meets the criteria for exemption (b)(2) protection as that statutory provision has been interpreted and applied by the Federal Judiciary. The information being protected under Subsection (b)(2) also contains a portion of a URL on a document that would reveal how NSA's information network is constructed. The release of such information could expose the network to unauthorized access.

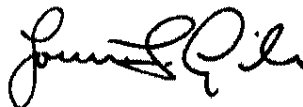

Further, this Agency is authorized by various statutes to protect certain information concerning its activities, as well as the names of its employees. We have determined that such information exists in these documents. Accordingly, those portions are exempt from disclosure pursuant to the third exemption of the FOIA which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 402 note).

Since some of the documents were withheld in their entirety and information was withheld from the enclosures, you may construe this as a partial denial of your request. You are hereby advised of this Agency's appeal procedures. Any person denied access to information may file an appeal to the NSA/CSS Freedom of Information Act Appeal Authority. The appeal must be postmarked no later than 60 calendar days from the date of the initial denial letter. The appeal shall be in writing addressed to the NSA/CSS FOIA Appeal Authority (DC34), National Security Agency, 9800 Savage Road STE 6248, Fort George G. Meade, MD 20755-6248. The appeal shall reference the initial denial of access and shall contain, in sufficient detail and particularity, the grounds upon which the requester believes release of the information is required. The NSA/CSS Appeal Authority will endeavor to respond to the appeal within 20 working days after receipt, absent any unusual circumstances.

In addition, on 20 September 2004 we advised you that we had received your check for \$762.00, which represented an estimate of 16.25 hours of search and duplication of 1000 pages. The actual cost to process your case was \$704.50. This fee represents 16 hours of search (minus 2 hours free) and the duplication of 690 pages (minus 100 pages free). Costs were computed in accordance with DOD Regulation 5400.7-R. The search fee is computed at \$44.00 an hour and duplication is computed at \$.15 per page. A refund of \$57.50 (\$762.00 - \$704.50) will be sent to you under separate cover.

Please be advised that records responsive to your request include documents originating with another government agency. Because we are unable to make determinations as to the releasability of the other agency's information, the subject documents have been referred to the appropriate agency for review and direct response to you.

Sincerely,

A handwritten signature in black ink, appearing to read "Louis F. Giles", written in a cursive style.

Ms. Pamela N. Phillips
Chief, FOIA/PA Services
National Security Agency
Office of Information Policy, DC321
Ft. George G. Meade, MD 20755-6248

Dear Ms. Phillips:

This is a request under the Freedom of Information Act.

I hereby request one blank copy of each form on the unabridged list of forms used by the National Security Agency. (This list was sent to me on 13 May 2003 as a response to FOIA case 42754.) This request includes those forms listed as cancelled.

I am a freelance writer and journalist. I am willing to pay for expenses that do not exceed \$75. If this request will be more than this amount, please notify me in advance.

I hope to hear from you within the 20-business-day statutory time period for responses to FOIA requests. If you decide to withhold any information from release, I would like a detailed explanation of the exemptions invoked. (If material is withheld, I am entitled under the law to be given any remaining "reasonably segregable portions" of these documents.)

Thank you for your consideration of my request.

Sincerely,

Russ Kick

PROTECTIVE SERVICES
FORT GEORGE G. MEADE, MARYLAND 20755-6000

To: Motorist Involved in a Traffic Accident

Increasingly heavy traffic and the accompanying large number of traffic accidents have made it necessary to discontinue the preparation of reports regarding certain property damage accidents. This policy will permit the Protective Services to respond more promptly to accidents involving serious personal injury and to other emergency calls for service requiring immediate police response.

The Protective Services Force will initiate reports on traffic accidents involving death, personal injury, and hit and run. In addition, Protective Services Officers will take a report on property damage accidents when the vehicle involved is inoperable and must be towed.

For your convenience, a form to facilitate the collection of information which you are likely to need from the other driver for insurance purposes, and which you will need for your own records, is included on the reverse side of this letter.

The Protective Services Officer furnishing this material to you will not conduct an investigation or make any judgement as to the cause of the accident. The Officer's responsibility at the scene of this type of accident is only to insure your safety and restore the normal flow of traffic.

Chief, LP2
Protective Services

If you do not know the address of the appropriate regional archives, telephone the Accessions Control Staff at 301-713-6655

★ ★ ★

1. **INTERIM CONTROL NUMBER:** Leave blank. NARA will fill in.

2. **AGENCY APPROVAL:** The agency records officer having the delegated authority to transfer the records with NARA should sign and date the form here (2A) and provide his/her name, title and mailing address (2B).

3. **NARA APPROVAL:** When a proposal to transfer records to the National Archives of the United States is approved, the appropriate NARA official completes 3A and 3B.

4A/B. **RECORDS SERIES TITLE/DATE SPAN OF SERIES:** The information provided should include a record series title, a statement of how the records are arranged, dates of coverage, and sufficient detail to describe the body of records being transferred. If access to the records is gained or facilitated through an index, box list, or other finding aid, include it with the records being transferred. Indicate the appropriate disposition authority number if the index is scheduled separately. If the records are in a Federal records center (FRC) attach each applicable SF 135, Records Transmittal and Receipt. For electronic records, describe any related documentation.

5. Fully identify the unit (5D) that created or organized the records. Usually this is not the agency's records management office. Place the creating unit within its organizational hierarchy (5A-5C) For example, the responsible unit is a branch (5D), within a division (minor subdivision) (5C), within an office (major subdivision) (5B), and within the agency or major component of a department (5A). Block 5A should be the official or legal name of the agency or bureau as published in the *U.S. Government Manual*. In block 5E include the name and telephone number (including the area code) of a person who should be contacted if NARA has any questions about the records. If the originating agency no longer exists, provide the name of the contact person at the successor agency.

6. **DISPOSITION AUTHORITY:** This citation must be included. It can be either the item number assigned to the records within a records disposition schedule (SF 115) approved by NARA or the item number assigned to the records within an agency records disposition manual based on a NARA-approved SF 115. If the agency manual number is used, attach a copy of the pertinent pages from the agency manual.

7. **IS SECURITY CLASSIFIED INFORMATION PRESENT?** If the records contain security classified information, check "Yes" and indicate the highest level of classification present. Indicate any additional

applicable national security special access restrictions (e.g., Sensitive Compartmented Information - SCI or North Atlantic Treaty Organization - NATO). Restricted Data and Formerly Restricted Data - RD/FRD - refers to information subject to the Atomic Energy Act of 1954. Check "Segregated" to indicate that security classified records have been segregated from unclassified records or information subject to special access restrictions has been segregated from other classified information. Check "Declassified" to indicate whether any records have been declassified, and provide both the authority for declassification and a description of the declassified records.

8. **CURRENT LOCATION OF RECORDS:** Check the appropriate box for the current location of the records. If the records currently are in a Federal records center, complete 8B. If the records are located in the transferring agency or other location, complete 8A.

8A. For records located in the transferring agency or other location, provide a complete address.

8B. For records located in a Federal records center, name the center, provide the FRC accession number and container number(s), and the FRC location.

9. **PHYSICAL FORM(S):** Check all the boxes that apply to the records included in the transfer.

10. **VOLUME:** Include both the cubic feet of the records and the number and type of containers holding the records. For example:

Cu. ft. 15; Number 15; Type FRC boxes.

Provide separate volume figures for each physical type of records, continuing on a separate sheet as necessary.

11. **DATE RECORDS ELIGIBLE FOR TRANSFER TO THE ARCHIVES:** Indicate the date the records are eligible for deposit in the National Archives. This date is determined by the disposition instructions for each item in the approved SF 115 or agency manual.

12. **ARE THE RECORDS FULLY AVAILABLE FOR PUBLIC USE?** If the records are exempt from release pursuant to the FOIA, 5 U.S.C. 552(b)(1)-(9) and (c)(1)-(3), this must be fully justified. List all exemptions that apply. If exemption (b)(1) is cited, complete block 7 accordingly. If (b)(3) is cited, include the full citation for the relevant statute. If the records are subject to copyright, identify affected items and the copyright holder.

13. **ARE THESE RECORDS SUBJECT TO THE PRIVACY ACT?** The National Archives is required to notify the public, through the *Federal Register*, when it takes custody of records subject to the provisions of the Privacy Act, 5 U.S.C. 552a. The originating agency should use this block to indicate whether the records covered by this SF 258 are part of a Privacy Act "system of records" and include a citation to and a copy of the Privacy Act notice published by the agency for the system. NARA will use the transferring agency's notice to inform the public, through the *Federal Register*, that the records have been transferred to the National Archives and that no further modification of them is possible.

14. **ATTACHMENTS:** Check the appropriate box(es) and indicate the attachment(s) being submitted with this form.

15. **SHIPPING INSTRUCTIONS TO AGENCIES/REMARKS REGARDING DISPOSITION:** NARA uses this space to provide shipping instructions relating to transfers.

16. **RECORDS ACCEPTED INTO THE NATIONAL ARCHIVES OF THE UNITED STATES:** The appropriate NARA representative signs block 16 after the records have been received at a NARA facility and NARA has confirmed that the records received are the records described in block 4. Transfers to NARA are not final until NARA has signed block 16. NARA sends the agency a copy of the completed form.

17. **NATIONAL ARCHIVES ACCESSION NO.:** NARA assigns this unique, permanent control number to each transfer of records.

INSTRUCTIONS
(for completing forms C702 and C702-c)

A. GENERAL INFORMATION

Document C702, *Application and Certification for Payment*, is to be used in conjunction with Form C702-c, *Continuation Sheet*. These documents are designed to be used on a project where a contractor has a direct agreement with the owner.

B. COMPLETING FORM C702:

After the Contractor has completed Form C702-c, *Continuation Sheet*, summary information should be transferred to Form C702, *Application and Certification of Payment*.

The contractor should sign the form, have it notarized and submit it, together with C702-c, to the Contracting Officer Representative (COR). The COR should review it and, if it is acceptable, complete the Certificate for Payment on this form. The completed form should be forwarded to the owner.

C. COMPLETING FORM C702-c

Heading: Complete the information here consistent with similar information on Form C702, *Application and Certification for Payment*.

Columns A, B & C: These columns should be completed by identifying the various portions of the project and their scheduled value consistent with the schedule of values submitted to the COR at the commencement of the project or as subsequently adjusted. The breakdown may be by sections of the work or by subcontractors and should remain consistent throughout the project. Multiple pages should be used when required.

Column C: Should be subtotaled at the bottom when more than one page is used and totaled on the last page. Initially, this total should equal the original contract sum. The total of Column C may be adjusted by Change Orders during the project.

Column D: Enter in this column the amount of completed work covered by the previous application. This is the sum of Columns D and E from the previous application. Values from Column F (*Materials Presently Stored*) from prior payments should **NOT** be entered in this column.

Column E: Enter here the value of work completed until the time of this application, including the value of materials incorporated in the project which were listed on the previous *Application and Certification for Payment* under Column F (*Materials Presently Stored*).

Column F: Enter here the value of Material Presently Stored for which payment is sought. The total of the column must be recalculated at the end of each pay period. This value covers both materials newly stored for which payment is sought and materials previously stored which are not yet incorporated into the project. Mere payment by the owner for stored materials does not result in a deduction from the column. Only as materials are incorporated into the project is their value deducted from this column and incorporated into Column E (*Work Completed - This Period*).

Column G: Enter here the total of Columns D, E and F. Calculate the percentage completed by dividing Column G by Column C.

Column H: Enter here the difference between Column C (*Scheduled Value*) and Column G (*Total Completed and Stored to Date*).

Column I: Enter here the difference between Column C (*Scheduled Value*) and Column G (*Total Completed and Stored to Date*).

Change Orders: Although Change Orders could be incorporated by changing the schedule of values each time a Change Order is added to the project, this is not normally done. Usually, Change Orders are listed separately, either on their own Form C702-c or at the end of the basic schedule. The amount of the original contract adjusted by Change Orders is to be entered in the appropriate location on the Form C702.

D. MAKING PAYMENT

The owner should make payment directly to the contractor based on the amount certified by the COR on Form C702, *Application and Certification for Payment*. The completed form contains the name and address of the contractor. Payment should not be made to any other party unless specifically indicated on this form.

ATTENTION:

Dear Official:

The applicant named above has requested that the attached summary of educational achievements, accomplished while in the Armed Forces of the United States, be forwarded to you for review and evaluation.

The American Council on Education publishes the *Guide to the Evaluation of Educational Experiences in the Armed Services* which includes postsecondary credit evaluations of military learning experiences. The 1954 edition of the *Guide* contains recommendations for formal courses offered by the Armed Services during the period 1941 to 1954. The current edition contains credit recommendations for (1) military training courses offered after 1954; (2) Army military occupational specialties (MOS's) for enlisted personnel and warrant officers; (3) rating held by Navy and Coast Guard enlisted personnel; and (4) occupational designators held by Navy and Coast Guard warrant officers and Navy limited duty officers. In addition to recommendations for semester hour credits, some Army enlisted MOS's and Navy ratings also have recommendations for advanced standing in apprentice training programs.

The American Council on Education maintains an advisory service to provide credit recommendations for courses and tests, MOS's, ratings, and other occupations evaluated after the publication date of the current *Guide*. Credit recommendations are provided to officials of schools, state departments of education or other educational institutions, employers, apprenticeship training directors, labor union and trade association officials, military education officers and applicants. *Credit recommendations are not provided to officials at the applicant's request.* Authorized persons may write directly to the Military Evaluations Program Office, American Council on Education, One Dupont Circle, N.W., Washington, D.C. 20036-1193.

VETERANS' PREFERENCE IN HIRING

- ☐ If you served on active duty in the United States Military and were separated under honorable conditions, you may be eligible for veterans' preference. To receive preference if your service began after October 15, 1976, you must have a Campaign Badge, Expeditionary Medal, or a service-connected disability. For further details, call OPM at 912-757-3000. Select "Federal Employment Topics" and then "Veterans." Or, dial our electronic bulletin board at 912-757-3100.
- ☐ Veterans' preference is not a factor for Senior Executive Service jobs or when competition is limited to status candidates (current or former Federal career or career-conditional employees).
- ☐ To claim 5-point veterans' preference, attach a copy of your DD-214, *Certificate of Release or Discharge from Active Duty*, or other proof of eligibility.
- ☐ To claim 10-point veterans' preference, attach an SF 15, *Application for 10-Point Veterans' Preference*, plus the proof required by that form.

OTHER IMPORTANT INFORMATION

- ☐ Before hiring, an agency will ask you to complete a *Declaration for Federal Employment* to determine your suitability for Federal employment and to authorize a background investigation. The agency will also ask you to sign and certify the accuracy of all information in your application. If you make a false statement in any part of your application, you may not be hired; you may be fired after you begin work; or you may be fined or jailed.
- ☐ If you are a male over age 18 who was born after December 31, 1959, you must have registered with the Selective Service System (or have an exemption) to be eligible for a Federal job.
- ☐ The law prohibits public officials from appointing, promoting, or recommending their relatives.
- ☐ Federal annuitants (military and civilian) may have their salaries or annuities reduced. All employees must pay any valid delinquent debts or the agency may garnish their salary.

PRIVACY ACT AND PUBLIC BURDEN STATEMENTS

The Office of Personnel Management and other Federal agencies rate applicants for Federal jobs under the authority of sections 1104, 1302, 3301, 3304, 3320, 3361, 3393, and 3394 of title 5 of the United States Code. We need the information requested in this brochure and in the associated vacancy announcements to evaluate your qualifications. Other laws require us to ask about citizenship, military service, etc.

☐ We request your Social Security Number (SSN) under the authority of Executive Order 9397 in order to keep your records straight; other people may have the same name. As allowed by law or Presidential directive, we use your SSN to seek information about you from employers, schools, banks, and others who know you. Your SSN may also be used in studies and computer matching with other Government files, for example, files on unpaid student loans.

☐ If you do not give us your SSN or any other information requested, we cannot process your application, which is the first step in getting a job. Also, incomplete addresses and ZIP Codes will slow processing.

☐ We may give information from your records to: training facilities; organizations deciding claims for retirement, insurance, unemployment or health benefits; officials in litigation or administrative proceedings where the Government is a party; law enforcement agencies concerning violations of law or regulation; Federal agencies for statistical reports and studies; officials of labor organizations recognized by law in connection with representing employees; Federal agencies or other sources requesting information for Federal agencies in connection with hiring or retaining, security clearances, security or suitability investigations, classifying jobs, contracting, or issuing licenses, grants or other benefits; public or private organizations including news media that grant or publicize employee recognition and awards; and the Merit Systems Protection Board, the Office of Special Counsel, the Equal Employment Opportunity Commission, the Federal Labor Relations Authority, the National Archives, the Federal Acquisition Institute, and congressional offices in connection with their official functions.

☐ We may also give information from your records to: prospective nonfederal employers concerning tenure of employment, civil service status, length of service, and date and nature of action for separation as shown on personnel action forms of specifically identified individuals; requesting organizations or individuals concerning the home address and other relevant information on those who might have contracted an illness or been exposed to a health hazard; authorized Federal and nonfederal agencies for use in computer matching; spouses or dependent children asking whether an employee has changed from self-and-family to self-only health benefits enrollment; individuals working on a contract, service, grant, cooperative agreement or job for the Federal Government; non-agency members of an agency's performance or other panel; and agency-appointed representatives of employees concerning information issued to an employee about fitness-for-duty or agency-filed disability retirement procedures.

☐ We estimate the public burden for reporting the employment information will vary from 20 to 240 minutes with an average of 40 minutes per response, including time for reviewing instructions, searching existing data sources, gathering data, and completing and reviewing the information. You may send comments regarding the burden estimate or any other aspect of the collection of information, including suggestions for reducing this burden, to the U.S. Office of Personnel Management, Reports and Forms Management Officer, Washington, DC 20415-0001.

Send your application to the agency announcing the vacancy.

PERSON(S) PERFORMING WORK

PRINTED/TYPED NAME	SIGNATURE	DATE (YYYYMMDD)

An inspection of the location indicated above has been made by the NSA Project Manager or an authorized NSA representative of the Project Manager. All combustible and flammable liquids and other materials have been removed or action taken to protect the surrounding environment. All regulations and precautions have been addressed to ensure full compliance with the referenced NSA, OSHA, ANSI and NFPA criteria. On a daily basis before hot work is performed, the Project Manager or the designated representative shall inspect the area. Use of equipment for the purpose of welding, cutting, burning, brazing, electric arc welding or other hot work is hereby authorized by the NSA Project Manager.

A separate permit shall be completed for each operation. This permit shall be electronically forwarded to the FCC not later than 48 hours prior to the start of routine (*project related*) work and as soon as possible for emergency work. The Project Manager shall be responsible to request all necessary outages to safely conduct this work. Upon receipt of this permit, the FCC shall coordinate removing all necessary fire detection systems from service to prevent unnecessary fire alarm activity. This permit shall expire when the required fire watch has been terminated.

THIS PERMIT MUST BE POSTED ON SITE AND BE AVAILABLE FOR INSPECTION

Approved for Release by NSA on
02-16-2007, FOIA Case # 42877

BURN PERMIT FOR WELDING, CUTTING, BRAZING, OPEN FLAME OR ELECTRIC ARC EQUIPMENT

REFERENCE: OSHA 1910.252; NFPA 1-2000, Chapters 1 and 18; NFPA 51B-1999; and ANSI 249.1

In accordance with NFPA 1-2000, Chapter 18, before cutting, welding, or brazing is permitted and at least once per day, the area shall be inspected by the individual responsible for authorizing these operations to ensure that it is a fire safe area.

Cutting and welding equipment to be used shall be in satisfactory operating condition and in good repair.

All personnel assigned to the project on this work site shall be briefed on the contents of this permit.

Combustible materials shall be cleared from the work area for a radius of not less than 35 feet (11 meters.) Fire-resistant shields shall protect combustible floors. Where floors have been wet down, personnel operating arc welding or cutting equipment shall be protected from possible electric shock (IAW NFPA 51B-1999, Paragraph 3-3.2).

All combustible materials shall be located at least 35 ft. (11m) from the work site. Where relocation is impractical, combustible material shall be protected with flameproof covers or shielded with metal or fire-resistant guards or curtains.

Openings or cracks in walls, floors, or ducts within 35 ft. (11m) of the site shall be tightly covered to prevent the passage of sparks to adjacent areas.

Where cutting or welding is done near walls, partitions, ceilings, or roofs of combustible construction, fire-resistant shields or guards shall be provided to prevent ignition. If welding is done on a metal wall partition, ceiling, or roof, precautions shall be taken to prevent ignition of combustible material on the opposite side. Where this is not an option, then a fire watch shall be conducted on the opposite side of the wall, ceiling or roof.

Cutting or welding on pipes or other metal in contact with combustible walls, partitions, ceilings, or roofs shall not be undertaken if the work is close enough to cause ignition by conductive heat transfer.

Special precautions shall be taken to avoid an accidental activation of automatic fire detection and/ or suppression systems. Sprinkler and Fire Alarm Outages, where necessary, shall be requested using established outage request procedures. Every effort shall be taken by the Contractor and the Project Manager to avoid accidental activation of the building sprinkler system or fire alarm system. No burning or welding operations shall take place in an area protected by smoke, heat, or duct smoke detectors without first contacting NSA Fire Alarm Services.

Personnel performing functions requiring hot work permits shall be adequately trained. Employees must be trained to recognize hazards associated with their job, identify required ventilation levels, identify confined space entry requirements, and obtain task related personal protective equipment.

Should welding or cutting occur in an area meeting the definition of a confined space, adequate ventilation will be provided by the contractor's organization to prevent accumulation of toxic material or possible oxygen deficiency. This applies to the employee actually performing the work and any others assisting that individual.

Fire watches are required and shall be conducted by the Contractor who will be performing the burning and/or welding process.

A fire watch shall be maintained by the Contractor for a minimum of one half an hour (30 minutes) after the completion of the welding or cutting operation to detect or extinguish possible smoldering fires.

Fully charged and operable fire extinguishers, appropriate for the type of possible fire, shall be available at the work area. It is the responsibility of the contractor to have trained personnel on the work site capable to address any minor fire occurrence. Documentation shall be made available to the Project Manager of the employee's updated training.

All project personnel shall be briefed on NSA's 9-1-1 procedures. This shall include, but not necessarily be limited to, the NSA Project Manager, all members of the Contractor's staff to include the Job Superintendent, NSA escort personnel and all temporarily assigned personnel to the work site, including visitors.

NSA's assigned escorts shall be familiar with the facilities for sounding an alarm in the event of a fire. They shall also watch for fires in all exposed areas, be briefed on the use of the Agency's 9-1-1 procedures and to know the location and use of the nearest fire alarm manual pull station. It shall be the responsibility of the Project Manager to brief the assigned escort(s).

The completed Burn Permit shall be electronically forwarded to the Facilities Control Center (FCC) not less than 48 hours prior to the start of routine project related work and as soon as possible for emergency work. The FCC shall send an acknowledgement of receipt to the Project Manager. Copies, signed by the Project Manager and the person performing the work shall be posted at the work site. Copies of all burn permits issued for a project shall be placed in the project file. Electronic copies forwarded to the FCC shall be maintained for not less than ninety days after completion of the work.

A burn permit shall remain active as long as a fire watch is continued. Once the fire watch is terminated, a new burn permit shall be issued for subsequent hot work.

PRIVACY ACT STATEMENT: Authority for collecting information requested on this form is contained in 50 U.S.C. 402 note; 50 U.S.C. 797; 41 C.F.R. 101-20.104; and Executive Order 12333. NSA's Blanket Routine Uses found at 58 Fed. Reg. 10,531 (1993) and the specific uses found in GNSA07 apply to this information. Information you provide will be used to identify vehicles parked at NSA facilities, to provide data necessary to manage and enforce parking regulations, and to assist in providing data for security, emergency, and other related matters. Disclosure of requested information, including your SSN, is voluntary. However, failure to furnish requested information, other than your SSN, may result in the denial or suspension of parking privileges at NSA facilities and preclude notification of emergencies involving your vehicle.

CARPOOL PARKING ENTITLEMENT CRITERIA
(Please Read Carefully)

Reserved carpool parking permits may be issued to any carpooling group of three (3) or more regular members who commute from their residents on a continuing basis to any NSA/CSS facility. A regular member is one who participates in a carpool more than 80% of the time. A member may not be counted on more than one official carpool. Only one permit will be issued per carpool which must be rotated among the members and displayed either on the dashboard (Driver's side) or suspended from the rearview mirror so that the printed side is entirely visible through the front windshield. Permits must contain the license tag number(s) *(except dealer or temporary tags)* of any vehicle displaying the permit.

The carpool permit must be displayed to authorize the vehicle to park in the reserved carpool area during the posted hours. Notes, etc. displayed in lieu of permit are not acceptable. Expiration dates are printed on the permits. Application for renewal must be submitted to the CTC a week prior to the expiration date. No other notification of renewal will be given. Failure to display the permit or the display of an expired permit may result in a violation citation issued by the Security Protective Force (SPF).

It shall be incumbent upon all carpool members to notify the Commuter Transportation Center (CTC) of any membership or license tag changes in the carpool within 5 working days. A carpool parking permit must be returned to the CTC within 5 working days of the date on which the carpool membership drops below the prescribed minimum of three members. Carpools observed that appear to have less than three members may be required to recertify that the carpool is still operating in accordance with NSA/CSS Regulation 65-4. Applicants are advised that applications with divergent addresses or shift information may be requested to provide further justification.

Administrative penalties outlined in Appendix B, Chapter 366, PMM 30-2 (U) may be imposed for violations of carpool requirements by the Office of Civilian Personnel. Specific attention shall be given to the following violations: misrepresentation of carpool membership, application qualifications, altering, duplicating or using altered or duplicated permits or validation stickers, or violations of other carpooling requirements imposed by the Agency. The permit is the property of the United States Government. Its counterfeiting, alteration or misuse is a violation of Section 499, Title 18, United States Code.

NATIONAL SECURITY AGENCY POLICE
TRAFFIC ENFORCEMENT SECTION**CITATION REVIEW PROCESS**

The NSA Traffic Enforcement Section's Citation Review Process (CRP) is conducted in conjunction with the United States Attorney's office for the Ft. George G. Meade District of Maryland. The CRP affords individuals the opportunity to "**request dismissal**" on a parking citation they were issued by the NSA Police and, if approved, avoid having to appear in court or pay the fine. The issuing officer is the **ONLY** person that can approve a request to dismiss a ticket prior to the scheduled court date. The particulars of the NSA Police are as follows:

- 1) If an individual believes that a parking citation would not have been issued by an NSA Police Officer if the officer was aware of legitimate, extenuating circumstances at the time of issuance, they should complete a Citation Review Request (Form G7379) and include any necessary documentation (e.g., copy of parking permit, statement from the component parking coordinator) to support their claim. This information should be forwarded to:

NSA Police
Traffic Enforcement Section
9800 Savage Road
Fort Meade, MD 20755
ATTN: Court Liaison
OPS 2A Building
Room 2A0106
Suite 6127

- 2) The Traffic Enforcement Court Liaison **must** receive **all** information at least **one month prior to scheduled court date**. A Citation Review Request (Form G7379) **received with less than one month remaining** will **NOT** be accepted for processing. Upon receipt of this information, the Traffic Enforcement Officer will investigate the incident and forward their findings to the NSA Police Officer who issued the parking citation. The issuing officer will then review the appropriate material(s) and either **accept** or **deny** the "**request for dismissal**". When considering a request for dismissal, the issuing officer will essentially **only** consider approving the request in circumstances where the individual had a legitimate right to park in that particular space or (due to lack of appropriate signage, etc.) may have been unaware that they had parked illegally.
- 3) After the issuing officer has made a decision, the Traffic Enforcement Coordinator will contact the individual and inform them whether the request for dismissal has been approved or denied. If **APPROVED**, no further action is required on the part of the individual. If **DENIED**, the individual **MUST either PAY THE FINE or APPEAR IN COURT** to contest the charge(s). Due to the "**personal observation**" nature of moving violation(s), Citation Review Request form(s) submitted for these offenses **WILL NOT** be accepted.
- 4) Any questions concerning the NSA Police Citation Review Process should be addressed to the Traffic Enforcement Section at 963-6391s or (301)688-5183b. Individuals should allow 15 working days from the time of their Citation Review Request submittal to receive a ruling on whether their request for dismissal has been approved.
- 5) Be sure to include the following: a copy of the citation, a copy of the parking permit (if applicable), and a letter of explanation concerning the extenuating circumstances.

Traffic Enforcement Coordinator

CONDITIONAL CERTIFICATION OF ACCESS

I understand that I am being authorized to work on an NSA SCI project on a temporary basis only pending the favorable outcome of security processing being conducted by NSA.

The basis for this conditional access to NSA SCI information is the clearance I currently hold with another agency or department.

My access will become permanent when my processing is completed by NSA with favorable results.

Should NSA find during my processing that I do not meet clearance standards, I understand that I will be immediately removed from NSA programs and denied permanent access.

Should that occur, I understand that NSA will advise me of the reasons for the denial in writing, and that I will have a right to appeal the denial decision. I also understand that the reasons for the denial will be provided to any other agency who holds my clearance.

**INSTRUCTIONS FOR
OGE FORM 450,
CONFIDENTIAL FINANCIAL
DISCLOSURE REPORT**

A. Why You Must File

This report is a safeguard for you as well as the Government. It provides a mechanism for determining actual or potential conflicts between your public responsibilities and your private interests and activities. This allows you and your agency to fashion appropriate protections against such conflicts.

B. Who Must File

Agencies are required to designate positions at or below GS-15, O-6, or comparable pay rates, in which the nature of duties may involve a potential conflict of interest. Examples include contracting, procurement, administering grants and licenses, regulating/auditing non-Federal entities, other activities having a substantial economic effect on non-Federal entities, or law enforcement.

All special Government employees (SGEs) must file, unless exempted by their agency or subject to the public reporting system. Agencies may also require certain employees in positions above GS-15, O-6, or a comparable pay rate to file.

C. When to File

New entrant reports: Due within 30 days of assuming a position designated for filing, unless your agency requests the report earlier. No report is required if you left another filing position within 30 days prior to assuming the new position. (SGEs must file new reports upon each reappointment or redesignation, at the time specified by the agency.)

Annual reports: Due not later than October 31, unless extended by your agency.

D. Reporting Periods

New entrant reports: The reporting period is the preceding twelve months from the date of filing.

Annual reports: The reporting period covers October 1 through September 30 (or that portion not covered by a new entrant report). However, no report is required if you performed the duties of your position for less than 61 days during that twelve-month period. (All reappointed or redesignated SGE's file reports, regardless of the number of days worked).

E. Where to File

With ethics officials at the agency in which you serve or will serve, in accordance with their procedures.

F. Definitions

Dependent Child - means your son, daughter, stepson, or stepdaughter if such person is either:

- (1) unmarried, under age 21, and living in your household; or
- (2) a "dependent" of yours for Federal income tax purposes. See 26 U.S.C. 152.

Honoraria - means payments (direct or indirect) of money or anything of value to you or your spouse for an appearance, speech or article, excluding necessary travel expenses. Also included are payments to charities in lieu of honoraria.

Special Government Employee (SGE) - is defined in 18 U.S.C. 202(a) as: an officer or employee of an agency who performs temporary duties, with or without compensation, for not more than 130 days in a period of 365 days either on a full-time or intermittent basis.

G. General Instructions

1. Filers must provide sufficient information about outside interests and activities so that ethics officials

can make an informed judgement as to compliance with applicable conflict of interest laws and standards of conduct regulations

2. This form consists of five parts, which require identification of certain specific financial interests and activities. **NO DISCLOSURE OF AMOUNTS OR VALUE IS REQUIRED.** You must complete each part (except as indicated for Part V) and sign the report. If you have no information to report in any part or do not meet the threshold values for reporting, check the "None" box. New entrants and SGEs are not required to complete Part V.

3. You must include information applicable to yourself, your spouse, and dependent children on Parts I, II and V. This is required because their financial interests are attributed to you under ethics rules in determining conflicts of interest. Information about your spouse is not required in the case of divorce, permanent separation, or temporary separation with the intention of terminating the marriage or permanently separating. Parts III and IV require disclosures about yourself only.

4. You may distinguish any entry for a family member by preceding it with **S** for spouse, **DC** for dependent child, or **J** for jointly held.

Part I: Assets & Income

Assets:

1. Report all assets held for investment or for the production of income by you, **your spouse, and dependent children**, with a value greater than \$1,000 at the end of the reporting period or which produced more than \$200 in income during the reporting period.

Salary and Earned Income:

1. **For yourself:** report all sources of salary and earned income greater than \$200 during the reporting period.
2. **For your spouse:** report all sources of salary and earned income if greater than \$1,000 (for honoraria, if greater than \$200).

①

Approved for Release by NSA on
02-16-2007, FOIA Case #42877

3. **For dependent children:** no earned income needs to be reported.

Examples of Assets:

- | | |
|-----------------------------|------------------------------------|
| • Stocks | • Bonds |
| • Tax Shelters | • Investment Real Estate |
| • Mutual Funds | • Pensions |
| • Annuities | • IRA/401(k) Holdings |
| • Trust Holdings | • Commodity Futures |
| • Trades & Businesses | • Partnership Interests |
| • Investment Life Insurance | • Collectibles held for Investment |

Examples of Income:

- | | |
|--------------------------|----------------------------|

| • Dividends | • Fees |
| • Rents and Royalties | • Salaries |
| • Interest | • Commissions |
| • Capital Gains | • Retirement Benefits |
| | • Honoraria |

Notes:

- For pensions, you will ordinarily just need to indicate the name of the sponsoring employer. However, if you have control over the specific investment assets held in your pension account (it is not independently managed), you must also list those underlying investments or attach an account statement that lists them.
- For publicly available mutual funds, you are only required to indicate the name of the fund, not the investments that the mutual fund holds in its portfolio. You must, however, always indicate the full name of the specific mutual fund in which you hold shares, not just the general family fund name.
- For other publicly available investment funds, such as publicly offered units of limited partnerships, the disclosure requirements are the same as for mutual funds--list the full name of the limited partnership, but not its underlying portfolio investments.
- For a privately held trade or business, report its name, location and description of activity.

Do Not Report:

- Your personal residence, unless you rent it out;
- Federal Government salary or retirement benefits such as the Thrift Savings Plan;
- Social Security benefits;
- Money owed to you, your spouse, or dependent child by a spouse, parent, sibling or child;
- Accounts including certificates of deposit, savings accounts, interest-bearing checking accounts, or any other forms of deposit in a bank, savings and loan association, credit union or similar financial institution.
- Money market mutual funds and money market accounts;
- U.S. Government obligations (including Treasury bonds, bills, notes and savings bonds);
- Government securities issued by U.S. Government agencies or Government-sponsored corporations, such as TVA, GNMA, FNMA; and
- The underlying holdings of a trust that: 1) was not created by you, your spouse, or dependent children, **and** 2) the holdings or sources of income of which you, your spouse, and dependent children have no past or present knowledge. An example is a trust created by a relative, from which you receive periodic income but have no knowledge about its assets. Just identify the trust by name and date of creation.

Part II: Liabilities

Report for Yourself, Spouse, and Dependent Children:

- Liabilities over \$10,000 owed to any creditor at any time during the reporting period.

Do Not Report:

- Mortgages on your personal residence unless you rent it out;
- Personal liabilities owed to a spouse, or the parent, sibling, or child of you, your spouse, or dependent child;
- Loans for personal automobiles, household furnishings, or appliances, where the loan does not exceed the purchase price; and
- Revolving charge accounts where the outstanding liability does not exceed \$10,000 at the end of the reporting period.

Part III: Outside Positions

Report for Yourself:

- All positions outside the U.S. Government held at any time during the reporting period (including positions no longer held), whether or not paid.

Positions include an officer, director, trustee, general partner, proprietor, representative, executor, employee, or consultant of any of the following:

- A corporation, company, firm, partnership, trust, or other business enterprise;
- A non-profit organization;
- A labor organization; and
- An educational or other institution outside the Federal Government.

Do Not Report:

- Positions held in any religious, social, fraternal, or political entity;
- Positions solely of an honorary nature; and
- Positions held by a spouse or dependent child.

Part IV: Agreements and Arrangements

Report Your Agreements or Arrangements for:

1. Current or future employment;
2. A leave of absence from private or other non-Federal employment;
3. Continuation of payment by a former employer other than the Federal Government (including severance payments); and
4. Continuing participation in an employee pension or benefit plan maintained by a former employer other than the Federal Government.

Do Not Report:

1. A spouse or dependent child's agreements or arrangements.

Part V: Gifts and Travel Reimbursements

Note: Part V is not applicable to new entrants and SGE's.

Report for You, Your Spouse, and Dependent Children:

1. Travel-related cash reimbursements received from one source during the reporting period totaling \$250 or more.
2. Any other gifts totaling \$250 or more from any one source. A "gift" is defined as anything of value, unless you give something of equal or greater value to the donor. This includes tangible items and in-kind transportation, food, lodging, and entertainment.

Note: Gifts or reimbursements valued at \$100 or less need not be included in determining the \$250 reporting threshold.

Do Not Report:

1. Anything received from relatives, the U.S. Government, D.C. State, or local governments;
2. Bequests and other forms of inheritance;
3. Gifts and travel reimbursements given to your agency in connection with your official travel;
4. Gifts of hospitality (food, lodging, entertainment) at the donor's residence or personal premises; and
5. Gifts or reimbursements received by a spouse or dependent child totally independent of the relationship to the filer (*Example: a spouse's reimbursement in connection with private employment*).

Privacy Act Statement

CONTRACTOR EMPLOYEE ADVISORY HANDOUT

PRIVACY ACT STATEMENT: Disclosure of SSN is Mandatory. Use of the SSN is authorized by E.O. 9397. System of records was created prior to 1 Jan 75; therefore exempted from refusal provision. SSN will be used to verify the identity of individual on this and other actions related to this subject. Your signature below * indicates you have read and understand the above.

1. You have been nominated as a candidate for possible assignment to a classified NSA contract which requires authorization for access to Sensitive Compartmented Information (SCI). Processing for access to SCI consists of a background investigation, a National Agency Check, and a security interview with the aid of a polygraph to determine if you meet the standards set forth in the Personnel Security Requirements furnished your company.

2. You will be required to execute an NSA Security Agreement which obligates you regarding matters concerning nondisclosure of sensitive information and prepublication review. By virtue of access to SCI, travel restrictions may be imposed on you for travel to certain countries. There are also certain restrictions on association with foreign nationals.

3. After approval for initial access, your continued eligibility for access to SCI information will be periodically reassessed. This reassessment usually takes place at five year intervals and includes a reinvestigation. Additionally, you are subject to an aperiodic interview with the aid of the polygraph to be conducted at any time after initial clearance. These examinations will be limited to counterintelligence-type questions. Failure to consent to an aperiodic polygraph examination or any aspect of the reinvestigation process will result in administrative debriefing from SCI from which there is no appeal.

4. Where a determination is made that you do not meet the criteria for access to the SCI information, you will not, solely for that reason, be considered ineligible for access to other classified information and assignment to another Government contract. Should you be denied or revoked, the reasons for the denial will be provided to you and you will have an opportunity to appeal.

5. Information that you provide during processing will be protected in accordance with the provisions of the Privacy Act of 1974. The information may be furnished to properly authorized officials of the Department of Defense or of other Federal agencies or other appropriate entities charged with investigations, evaluations and adjudications related to security determinations or with responsibilities for inspections or litigation. Also the information, including information on possible or actual violations of criminal laws, may be disseminated as appropriate to Federal, State and Local authorities with law enforcement responsibilities.

6. The security processing for this contract is voluntary. Should you desire to be considered, sign below.

Block 15 - Indicate any issues requiring explanation in this section, i.e., individual's access pending; verbal authorization by the Project COR to add/delete accesses or individuals from the CPRL; etc.

After completion of this form by the CSSO, forward three copies to the NSA COR. It is the responsibility of the COR to verify that the individuals listed are the minimum amount required to perform on the contract. After a signed CPRL is in place, the COR may give verbal authorization to the CSSO to add/delete an individual from the CPRL. The CPRL should be updated at least annually or whenever multiple changes to the CPRL occur.

The NSA COR must sign all three CPRL's; the COR retains the original and forwards one signed copy to Q131 and one signed copy to the CSSO at the company.

Information you provide will be used (principally) to document your access to Protected Information and your continuing obligation not to disclose Protected Information without authorization. Your disclosure of information requested by this form is voluntary but refusal to provide information, other than your SSN, may prevent you from obtaining access to Protected Information. Refusal to provide your SSN may delay you from obtaining access to Protected Information.

CONTRACTOR SECURITY AGREEMENT

I understand that access to Protected Information under a U.S. Government agency contract is subject to statutory requirements and penalties and involves a special trust and confidence regarding the national security. Intending to be legally bound, I hereby accept the obligations set forth in this Agreement in consideration of my being granted such access.

1. I have been advised that Protected Information is information obtained as a result of my relationship with NSA which is classified or in the process of a classification determination pursuant to the standards of Executive Order 12958, or any successor order, and implementing regulations. It includes, but is not limited to, intelligence and intelligence-related information, sensitive compartmented information (*information concerning or derived from intelligence sources and methods*), and cryptologic information (*information concerning communications security and signals intelligence, including information which is also sensitive compartmented information*) protected by Section 798 of Title 18, United States Code.

2. I understand that the burden is upon me to determine whether information or materials within my control are considered by the NSA to be Protected information, and whether the person(s) to whom disclosure is to be made is/are authorized to receive it.

3. I understand that all Protected Information to which I may obtain access hereafter, is and will remain the property of the United States Government unless and until otherwise determined by an appropriate official or final ruling of a court of law. Subject to such determination, I do not now, nor will I ever, possess any right, interest, title or claim whatsoever to such information. I agree that upon demand by an authorized representative of the NSA or upon the conclusion of my authorized access to Protected Information, I shall return all material containing such Protected Information in my possession, or for which I am responsible because of such access. I understand that failure to return such materials may be a violation of Section 793 of Title 18, United States Code, and may constitute a crime for which I may be prosecuted.

4. I understand that the unauthorized disclosure of Protected Information may invoke the criminal sanctions prescribed by one or more of the following statutes - Sections 793, 794, 798, 952, and 1924 of Title 18, United States Code, and Sections 421 through 426 and 783(b) of Title 50, United States Code.

5. I understand that any breach of this Agreement by me may, in accordance with applicable law, result in termination by the NSA of my access to any or all Protected Information at any time it determines such action to be in the interest of national security.

6. I agree not to discuss matters pertaining to Protected Information except when necessary for the proper performance of my duties and only with persons who are currently authorized to receive such information and have a need-to-know.

7. I agree I will report, without delay, to my company security officer or to an NSA security representative the details and circumstances of any possible unauthorized disclosure of Protected Information or of any unauthorized person obtaining or attempting to obtain Protected Information.

8. I understand that the United States Government may seek any remedy available to it to enforce this Agreement including, but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement. I have been advised that the action may be brought against me in any of the several appropriate United States District Courts where the United States Government may elect to file the action. Court costs and reasonable attorneys fees incurred by the United States Government may be assessed against me if I lose such action.

9. I agree that I will submit for security review in accordance with NSA/CSS Regulation 10-63, "NSA/CSS Prepublication Review Procedure," all information or materials, including works of fiction, that I have prepared for public disclosure which contain or purport to contain, refer to, or are based upon Protected Information, as defined in paragraph 1 of this Agreement. I understand that the term "public disclosure" includes any disclosure of Protected Information to one or more persons not authorized to have access to it. In addition, I agree:

(a) to submit such information and materials for prepublication review during the course of my access to Protected Information under a contract with the NSA and thereafter;

(b) to make any required submissions prior to discussing the information or materials with, or showing them to anyone who is not authorized to have access to them;

(c) not to disclose such information or materials to any person who is not authorized to have access to them until I have received written authorization from the NSA that such disclosure is permitted; and

(d) to assign to the United States Government all rights, title and interest and all royalties, remuneration, or emoluments of whatever form that have resulted, will result, or may result from any disclosure, publication, or revelation of Protected Information not consistent with the terms of this Agreement.

I understand that the purpose of the prepublication review procedure is to determine whether material contemplated for public disclosure contains Protected Information and, if so, to give the NSA an opportunity to prevent the public disclosure of such information. I understand that the NSA is obligated pursuant to this agreement, and in accordance with the terms of NSA/CSS Regulation 10-63, to conduct the prepublication review in a reasonable time, to consult, as necessary, with me through the review process, and to provide an opportunity for me to appeal initial review determinations.

10. In addition to other conditions imposed on me as a result of my access to Protected Information under a contract with the NSA, I agree to:

(a) Notify the Office of Security, NSA, of any unofficial foreign travel by me during the period of my access to Protected Information under a contract with the NSA;

(b) Accept such restrictions on unofficial foreign travel during the period of my access to Protected Information under a contract with the NSA, as may be deemed necessary, to prevent unacceptable risk to the national security, to the NSA, to personnel associated with the NSA or to Protected Information.

(c) Report foreign national associations that are close and continuing. Close and continuing associations are characterized by ties of affection, kinship, obligation or capacity to influence.

(d) Report, in advance, all visits to foreign embassies.

11. I understand that each of the provisions in this Agreement is severable, i.e., all other provisions of this Agreement will remain in full force should it be determined that any provision of this Agreement does not apply to me or is otherwise unenforceable. I also understand that this Agreement applies to me even though I may have executed a similar government non-disclosure agreement.

12. This Agreement shall be interpreted under and in conformance with the law of the United States.

13. I have read this Agreement and my questions, if any, have been answered. I acknowledge that the briefing officer has made available Sections 793, 794, 798, and 952 of Title 18, United States Code, Section 421 through 426 and 783(b) of Title 50, United States Code; Public Law 88-290; pertinent sections of Executive Order 12958 or any successor order; and NSA/CSS Regulation 10-63, "NSA/CSS Prepublication Review Procedures," so that I may read them at this time, if I so choose. I understand and accept that unless I am released in writing by an authorized representative of the NSA, this Agreement applies during the time I am granted access to Protected Information and at all times thereafter, and applies to all Protected Information to which I may be granted access.

14. I make this Agreement without any mental reservation or purpose of evasion.

15. These restrictions are consistent with and do not supersede, conflict with or otherwise alter the employee obligations, rights or liabilities created by Executive Order 12958; Section 7211 of Title 5, United States Code (governing disclosures to Congress); Section 1034 of Title 10, United States Code, as amended by the Military Whistleblower Protection Act (governing disclosure to Congress by members of the military); Section 2302(b)(8) of Title 5, United States Code, as amended by the Whistleblower Protection Act (governing disclosures of illegality, waste, fraud, abuse or public health or safety threats); the Intelligence Identities Protection Act of 1982 (50 USC 421 et seq.) (governing disclosures that could expose confidential Government agents), and the statutes which protect against disclosures that may compromise the national security, including Sections 841, 793, 794, 798, and 952 of Title 18, United States Code, and Section 4(b) of the Subversive Activities Act of 1950 (50 USC Section 783(b)). The definitions, requirements, obligations, rights, sanctions and liabilities created by said Executive Order and listed statutes are incorporated into this Agreement and are controlling.

CONTROLLED CRYPTOGRAPHIC ITEM (CCI) BRIEFING

1. As a member of a U.S. military service, agency, department, contractor or an authorized service vendor you have been selected to perform communications electronic maintenance and/or logistic support duties which will require access to sensitive communications security (COMSEC) information. It is, therefore, essential that you are made fully aware of certain facts relative to the protection of this information before access is granted. This written briefing will provide you with a description of the types of COMSEC information you have access to, the reasons why special safeguards are necessary for protecting this information, the directives and rules which prescribe those safeguards, and the penalties which you may incur for willful disclosure of this information to unauthorized persons. In addition, signing of this form indicates that you have received the required COMSEC security awareness training to a level commensurate with your level of involvement with the COMSEC components, equipment or systems.

2. COMSEC equipment is especially sensitive because it is used to protect other information against unauthorized access during the process of communicating that information from one point to another. Any piece of cryptographic equipment, keying or other cryptographic material may be the critical element that protects large amounts of sensitive/classified information from exploitation. If the integrity of the cryptographic system is weakened at any point, all the sensitive information protected by the system may be compromised; even more damaging, this loss of sensitive/classified information may never be detected. The procedural safeguards placed on cryptographic equipment and material, that covers every phase of their existence from design through disposition, are designed to reduce or eliminate the possibility of compromise.

3. COMSEC is the general term used for all steps taken to protect information of value when it is being communicated. COMSEC is usually considered to have four main parts: transmission security, physical security, emission security, and cryptographic security. Transmission security is that component of COMSEC which is designed to protect transmissions from unauthorized intercept, traffic analysis, imitative deception, and disruption. Physical security is that part of COMSEC which results from all physical measures to safeguard cryptographic equipment and materials from access by unauthorized persons. Emissions security is that component of COMSEC which results from all measures taken to prevent compromising emanations from cryptographic equipment or telecommunications equipment. Finally cryptographic security is that component of COMSEC which results from the use of technically sound cryptosystems, and from their proper use. To ensure that telecommunications are secure, all four of these components must be considered.

4. Part of the physical security protection given to COMSEC equipment and material is afforded by its special handling and accounting. There are two separate channels used for the handling of such equipment and materials: "the COMSEC channel" and "the administrative channel." The COMSEC channel, called the COMSEC Material Control System, is used to distribute accountable COMSEC items such as classified and CCI equipment, keying material, and maintenance manuals (EXCEPTION: Some Military Departments have been authorized to distribute CCI equipment through their standard logistics system). This channel is composed of a series of COMSEC accounts, each of which has an appointed COMSEC Custodian who is personally responsible and accountable for all COMSEC materials charged to his account. The COMSEC Custodian assumes accountability for the equipment or material upon receipt, then controls its dissemination to authorized individuals on job requirements and a need-to-know basis. The administrative channel is used to distribute COMSEC information other than that which is accountable in the COMSEC Material Control System.

5. Particularly important to the protection of COMSEC equipment and material is an understanding of their security regulations and timely reporting of any compromise, suspected compromise or other security problems involving COMSEC equipment or materials. If a COMSEC system is compromised, but the compromise is not reported, the continued use of the system, under the assumption that it is secure, can result in the loss of all information that was ever protected by the system. By reporting the compromise, steps can be taken to change the system, replace the key, etc., to reduce the damage. In short, it is your individual responsibility to know and put into practice all the security provisions which relate to the protection of the COMSEC equipment and material to which you will have access.

6. Public disclosure of any COMSEC information, other than those specific cases discussed in the Government Contractors Controlled Cryptographic Item (CCI) Manual is not permitted without the specific approval of your Government contracting office representative or the National Security Agency (NSA). This applies to both classified and unclassified cryptographic information, and means that you may not prepare newspaper articles, speeches, technical papers, or make any other "release" of cryptographic information without specific Government approval. The best personal policy is to avoid any discussions which reveal your knowledge of or access to cryptographic information and thus avoid making yourself of interest to those who would seek information you possess.

7. Finally, you must know that should you willfully disclose or give any unauthorized persons any of the cryptographic equipment, keying material, or other cryptographic materials or information to which you have access, you may be subject to prosecution under the criminal laws of the United States. The laws which apply are contained in Title 18, United States Code, sections 641, 793, 798, and 952.

8. If your duties include access to classified COMSEC equipment, information, or material in addition to the above, you should avoid travel to any countries which are adversaries of the United States, or their establishments/facilities within the U.S. Should such travel become necessary, however, your security office should be notified sufficiently in advance so that you may receive a defensive security briefing. Any attempt by a person or persons to elicit the classified COMSEC information you have, either through friendship, favors, or coercion must be reported immediately to your Security office.

INSTRUCTIONS

The information collected on this form is used to determine your acceptability for Federal employment and your enrollment status in the Government's Life Insurance program. You may be asked to complete this form at any time during the hiring process. Follow instructions that the agency provides. If you are selected, you will be asked to update your responses on this form and on other materials submitted during the application process and then to recertify that your answers are true before you are appointed.

Your Social Security Number is needed to keep our records accurate, because people may have the same name and birthdate. Executive Order 9397 also asks Federal agencies to use this number to help identify individuals in agency records. Giving us your SSN or any other information is voluntary. However, if you do not give us your SSN or

any other information requested, we cannot process your application. Incomplete addresses and ZIP Codes may also slow processing.

You must answer all questions truthfully and completely. A false statement on any part of this declaration or attached forms or sheets may be grounds for not hiring you, or for firing you after you begin work. Also, you may be punished by fine or imprisonment (U.S. Code, title 18, section 1001).

Either type your responses to this form or print clearly in dark ink. If you need additional space, attach letter-size sheets (8.5" X 11"), including your name, Social Security Number, and item number on each sheet. It is recommended that you keep a photocopy of your completed form for your records.

PRIVACY ACT AND PUBLIC BURDEN STATEMENT

The Office of Personnel Management is authorized to request this information under sections 1302, 3301, 3304, and 8716 of title 5 of the U.S. Code. Section 1104 of title 5 allows the Office of Personnel Management to delegate personnel management functions to other Federal agencies. If necessary, and usually in conjunction with another form or forms, this form may be used in conducting an investigation to determine your suitability or your ability to hold a security clearance, and it may be disclosed to authorized officials making similar, subsequent determinations.

Public burden reporting for this collection of information is estimated to vary from 5 to 30 minutes with an average of 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Reports and Forms Management Officer, U.S. Office of Personnel Management, 1900 E Street, N.W., Washington, D.C. 20415.

ROUTINE USES: Any disclosure of this record or information in this record is in accordance with routine uses found in System Notice OPM/GOVT-1, General Personnel Records. (Form B5549 REV SEP 2000)

BLOCK 1a: Type of Order - Indicate the type of order being processed. The order may serve as an Economy Act Order (31 USC 1535), or an order based upon other statutory authority, such as a Project Order (41 USC 23). Performance of the work or services, or both, must be accomplished in accordance with the applicable statutes. The order may be on a reimbursable or direct fund cite basis, or both.

BLOCK 1b: Internal Order Number - Enter Internal Key Component Number. This is an 11 character number separated by three hyphens. The first three characters, "EAO," identify the document as an Economy Act Order. After the first hyphen, enter the Agency Alpha Plus One organization which is issuing the Order. After the second hyphen, enter the last two digits of the fiscal year. After the third hyphen, enter a four-digit one-up number, beginning with 0001 at the start of each new fiscal year, to identify the specific EAO.

BLOCK 2: Date Prepared - Self-explanatory.

BLOCK 3: Completion Date - The date by which the work or services being requested must be completed and/or materials delivered by the performing activity. An extension or change of the completion date, if required, shall be requested in writing and is subject to the approval of the requesting activity cited in Block 6. An amendment to the original order shall be prepared by the requesting activity if extension or change is approved.

BLOCK 4: Document Number - To be completed by the DF Organization. Document numbers are used for accountability and control purposes. The number uniquely identifies the document and is the number under which the funds cited in Blocks 10, 16 and 17 are to be recorded (that is, committed, obligated, expensed, etc).

BLOCK 5: Amendment Number - The number assigned by the originating activity to uniquely identify each amendment to the original (basic) document. Amendment numbers reflect the original EAO number, followed by a four-digit, one-up number preceded by the letter "A."

BLOCK 6: From - Self-explanatory.

BLOCK 7: Agency Technical Point of Contact - The name of an individual at the requesting activity who can be contacted if any question should arise regarding the order. A telephone number and office symbol should also be provided. This individual generally is not the same as the authorizing official identified in Block 13.

BLOCK 8: To - Self-explanatory.

BLOCK 9: Mail Billings To - The name and address of the organization or activity to which the billings are to be mailed. Billings will normally be submitted by the performing activity on a monthly basis unless stated otherwise in Block 10, under "Remarks."

BLOCK 10: Description of Order and Other Instructions - Enter a specific, definite, and complete description of work encompassed by the equipment or services required. If additional space is needed, a continuation sheet may be used. The amount in Block 10h should be the cumulative total for the Economy Act Order (to include amendments). This amount may be the same as that shown in Block 10g, if there are no amendments.

BLOCK 11: ISA Number/MOA/MOU Number - Enter any applicable Interservice Support Agreement (ISA), Memorandum of Agreement (MOA), or Memorandum of Understanding (MOU) numbers in this block. Identify in Block 10a those items(s) that pertain to the appropriate ISA, MOA, or MOU number.

BLOCK 12: Accounting Classification Code - To be completed by the requesting organization. Use the standard accounting classification structure prescribed in Chapter 7 of the Agency Resources Management Manual 111-5 (RMM). Multiple fund cites require the use of Accounting Classification Records (ACRs). When using ACRs, identify in Block 10a those items which apply to the respective ACRs.

BLOCK 13: Authorizing Official - The official in the requesting organization who is authorized to approve acquisitions, as specified in NSA/CSS Regulation 60-10.

Block 14: Approving Official - Signature in this block verifies that the Economy Act is not being used to circumvent Competition in Contracting Act requirements; and that the order meets the requirements of the FY 1994 Defense Authorization Act, Section 844, if the order will be placed on a contract by the accepting Federal Agency. Public Law 103-160 requires that a DoD Senior Executive/Flag/General Officer make the determination that use of the Economy Act is in the best interest of the government.

BLOCK 15a: Certifying Official - The Finance and Accounting Officer or designee.

Block 15b: Funds Expiration Date - To be completed by the Finance and Accounting Officer or designee. This date indicates the date by which the funds must be obligated by the procuring activity. Funds not obligated by the expiration date will be returned to the requesting activity.

- d. Non-Commercial Quarters (Living quarters, usually owned by a relative or friend, not normally rented. Expenses limited to costs actually incurred by the host as a result of your stay. Attach Form F8550A.)

A routine function of voucher examination is the review of expenses for reasonableness. Each expense stands alone, i.e., a dinner. Even if the total day's expenses are lower than the maximum daily allowance, an individual expense may be considered unreasonably high and adjusted downward based on appropriate considerations.

HOME LEAVE ELIGIBILITY

NAME (Last)	(First)	(MI)	ORG	DATE (YYYY-MM-DD)
-------------	---------	------	-----	-------------------

I have served a minimum of 24 months (*18 months for SCAs*) of continuous creditable overseas duty and am eligible for home leave. I understand that, as is the case with all other categories of leave, home leave must be approved by my immediate supervisor.

All civilian employees of the National Security Agency (NSA), as a condition of their employment, have agreed to serve anywhere in the world at the command of the Director, NSA. I understand that I will be required to repay home leave used if:

1. I fail to return to service abroad in fulfillment of my specified tour of duty, or;
2. The Director, NSA, orders me to return to a foreign location at some future date and I fail to follow that order, or;
3. I fail to remain in the service of the Agency for at least 6 months following my use of home leave.

I understand that I will not be required to refund home leave if one of the following apply:

1. I have completed 6 months service after completing my use of home leave, or;
2. The Agency determines that my failure to return to a foreign location was due to compelling personal reasons, such as physical or mental health or circumstances over which I had no control, or that it is not in the public interest to return me to my overseas assignment.

I understand that prior to leaving site I am required to coordinate my home leave schedule with:

1. My new supervisor if I am returning to an identified position, or;
2. The Reassimilation POC if I plan to interview for a position after my return to Headquarters.

 - d. When there is information in your psychological evaluation about child abuse or neglect, it will be reported to the appropriate authorities.
6. As a final matter, you should understand that participation in this psychological evaluation is voluntary. You may choose to end the evaluation at any time or choose not to participate at all. 6. In case of serious illness or injury incurred while on leave which requires medical attention or hospitalization, report facts to your commanding officer. If in the immediate vicinity of a naval activity, such as recruiting station or naval station, advise them of your condition and status. 7. In the event that conditions beyond your control indicate late return to the command to which you are ordered to report, obtain written evidence from transportation agency or others (physician, military or civil police, recruiting station, etc.) for consideration by your commanding officer.
8. Request leave sufficiently in advance to allow processing via official channels. Leave is computed as follows: The day of departure on leave, shall be counted as a day of duty, except when leave commences prior to the end of the normal workday; the day of return from leave shall be counted as a day of leave, except when such return is made at or before commencement of your normal workday in which case it shall be counted as a day of duty.
