IN THIS ISSUE

332 COVER STORY
ON THE MONEY
Strategies for Overcoming Financial Challenges
Chris Hayhurst

FEATURES

342 COMMENTARY
Applying QMS Principles to a Medical Equipment Management Program
Bhaskar Iduri, Rao Bankuru, and Rachel Yarnemic

347 COMMENTARY
Time to Reclassify Noncritical, Non–Patient-Contacting,Reusable Medical Devices?
Alpa Patel and Griffin D. Cammack

351 RESEARCH
Recovery of Microorganisms in Nonsterile, Reusable, Loaned Orthopedic Implants
Carla Moraes, Camila Q.M. Bruna, Cristiane de Lion Botero Couto Lope, and Kazuko U. Graziano

355 HTM-Related Accreditation Information and Standards
Alan Gresch

356 An Uncommon Challenge: Leading an HTM Department at a Research Institute
Kenta Umetsu

357 RESEARCH
Sterile Processing: Innovating through Standardization

360 VIEW FROM THE TOP
Microbiological Safety Testing: A Key Consideration in Device Design

364 ROUND TABLE DISCUSSION
Sterile Processing: Innovating through Standardization

367 BRIGHT IDEAS
Taking a ‘Lean’ Approach to Healthcare Technology Management
Chris Hayhurst

371 CYBER INSIGHTS
Artificial Intelligence: Friend and Foe
Axel Wirth

374 HTM-Related Accreditation Information and Standards
Alan Gresch

378 FINAL WORD
Are Current Regulatory Paradigms Fit for the Future of Health Technology?
John Wilkinson

384 SETTING STANDARDS
The Evolution of Device Cleaning Standards and the Conversion of TIR30 to ST98
Steven Turtil and Nupur Jain

387 REGULATORY WRAP
Reducing Time to Market and Promoting Innovation while Ensuring Device Safety
Fubin Wu and Jessica Eisner

396 STERILIZATION
STRAY TALK
The Danger of Collaborating around Misconceptions
Weston Balch

398 TROUBLESHOOT IT
Daily Quality Assurance Is Vital in Blood Gas Analyzer Management
Becky Crossley

400 FINAL WORD
Are Current Regulatory Paradigms Fit for the Future of Health Technology?
John Wilkinson
