

1st Annual
Construction Finance
Student Competition

November 1, 2017
Las Vegas, NV

2017

OVERVIEW

As part of the 1st annual Dunn Finance Competition teams were required to provide a two-part technical report. Section One of the report includes a financial evaluation of their firm. Section two includes the cash-flow analysis of the project.

A judging panel was organized to score the participant's reports in two phases. The first phase included an electronic PDF of the full, two-section written report. The second phase is an in-person presentation by the participating university team and an interview with the judging panel.
