The Quality of Life grants program is supported by the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $8,700,000 with 100 percent funding by ACL/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by ACL/HHS, or the U.S. Government.
The Quality of Life Grants Program impacts and empowers people living with paralysis, their families and caregivers by providing grants to nonprofit organizations whose projects and initiatives foster inclusion, involvement and community engagement, while promoting health and wellness for those affected by paralysis in all 50 states and U.S. territories.

A successful Reeve Foundation Quality of Life grant is an award invested into a very specific project or part of a program or project that directly impacts the lives of people with paralysis, their families and caregivers. Impact can be demonstrated through numbers of people served and other quantitative measures along with stories and examples of quality of life improvement. Nonprofit Organizations with programs promoting expansion, innovation, best practices, promising practices and/or evidence-based practices are encouraged to apply.

Eligibility

Quality of Life grant applications are accepted from 501(c)(3) nonprofit organizations, municipal and state governments, school districts, recognized tribal entities, and other institutions such as community or veterans hospitals.

- An organization must have its own 501(c)(3) tax status (or be a part of or chapter of a national organization that is a 501(c)(3) nonprofit organization).
- Fiscal Sponsors CANNOT apply on behalf of non-501(c)(3) nonprofit organizations.
- 501(c)(4) organizations that do not have 501(c)(3) status are ineligible.

New Building Community Capacity Initiative

Under our new five-year (July 1, 2021-June 30, 2026) cooperative agreement with the Administration for Community Living (ACL), we strive to ensure a level playing field and opportunities for the numerous organizations that apply for QOL grants that serve people living with paralysis. Under this initiative, organizations that are awarded a grant during the July 1, 2021-June 30, 2026 period will not be eligible for a second or subsequent award in the same category of grants until after June 30, 2026.

Grantees awarded during this period may apply for funding under a different tier or different category of grants within the same tier. All awarded applicants can re-apply for funding after one year of the close of your grant and notification of grant closure by the Reeve Foundation.
For example, there are Five (5) Tiers of funding available twice a year. If your organization receives a Tier 2 Assistive Technology grant, you must wait one year after the grant is completed before you can apply for any other Quality of Life grant. You are now ineligible for a second Tier 2 Assistive Technology grant until after June 30, 2026, but you may apply for other categories in the same tier or for other tiers of funding.

If you have any questions regarding our new building community capacity initiative, please email QOL@ChristopherReeve.org with the Subject Line “Eligibility Question.”

Multiple Submissions

Organizations may only apply for one grant in a grants cycle and only under one Tier. Multiple submissions from one organization will not be considered. However, more than one chapter of a national organization may apply in the same grants cycle.

Special Consideration – Underserved Populations

Special consideration will be given to proposed projects that serve current military and/or veterans and their families, as well as those projects that target individuals with paralysis in underserved groups of the population, including (but not limited to): persons at risk of incarceration, current or released prisoners; ethnic minorities; homeless; indigenous or tribal communities; LGBTQ; limited English proficiency; rural residents; migrant workers; low-income and/or poverty populations; older adults/elderly; and newly injured people with paralysis and their caregivers.
General Information about the Quality of Life Grants Program

Paralysis Defined

The Christopher & Dana Reeve Foundation is paralysis focused, and as such, grant funding must be targeted to programs and services that impact individuals living with paralysis, their families and caregivers.

The Reeve Foundation uses a functional definition of paralysis: difficulty and/or inability to use arms and/or legs due to neurological conditions including (but not limited to) spinal cord injury, traumatic brain injury, stroke, cerebral palsy, spina bifida, ALS, post-polio syndrome, etc.

While we will consider supporting programs that include people living with other types of disabilities (cross-disability) as well as inclusive community projects, your project must serve a majority of people with paralysis. Reeve Foundation Quality of Life grant projects must serve at least three individuals with paralysis (as defined above) and/or their families and caregivers to be considered for a grant.

QOL History/Current Funding Cycle

The Christopher & Dana Reeve Foundation Quality of Life Grants Program, created by the late Dana Reeve has awarded since its inception in 1999 a total of over $34 million to more than 3,410 projects across the United States of America. Grants have funded nonprofits, tribal entities, and municipalities for a wide array of projects, programs, and services.

Since 2014, Quality of Life grants have been federally funded through the Reeve Foundation’s cooperative agreement with the United States Department of Health and Human Services, Administration for Community Living (ACL).

In 2018, a tiered funding strategy was piloted, with Direct Effect grants (Tier 1) supporting the same wide range of programs and activities as those traditionally funded through Quality of Life grants and Priority Impact grants (Tiers 2, 3, & 4) that focus on and support areas identified as being of high importance by the community of people living with paralysis, their families, and caregivers.

The Expanded Impact grants program (Tier 5) was created in 2019 for previously awarded Quality of Life grantees whose programs and/or projects have achieved demonstrable, successful impact.

The 2022 1st Cycle Quality of Life grant program will offer Direct Effect and Expanded Impact grants. Grant projects awarded through the 2022 2nd Cycle will start June 1, 2022.

All Direct Effect grants must be completed within 12 months. Expanded Impact grants must be completed within 24 months.

All grants are non-renewable.
Direct Effect Grants

The Direct Effect Quality of Life Grant (Tier 1) is open-focused and will award at least 32 grants of up to $25,000 to support a wide range of projects and activities. Grants will fund specific budget items that will clearly impact individuals living with paralysis and their families, and the project must be completed within 12 months. Examples of funded projects may include (but are not limited to): sports wheelchairs for a wheelchair basketball team; adapted glider in a community playground; kayak for a rowing program; accessible gym equipment; hydraulic lift at a pool; electronic door openers at a community center; workshop education series on sex and sexuality with a spinal cord injury; wheelchair accessible picnic table at a county fairground; program for preventing abuse in adaptive sports; camp programs; subsidized lessons for therapeutic horseback riding; transportation costs for an inclusive afterschool program; and support groups. These grants will have short- to-medium-range impact. Long-range impact and sustainability are not expected for projects funded at this level.

Types of Direct Effect (Tier 1) Projects Funded

Direct Effect Quality of Life grants fund the same wide range of projects as those funded in the prior Quality of Life grants program, including:

- Adaptive Sports
- Accessible Playground/Ball Field
- Accessible Community Spaces (Trail, Beach, etc.)
- Assistive Technology
- Advocacy
- Arts
- Camp
- Caregiving
- Consumer Education
- Durable Medical Equipment (see Funding Restrictions in a later section)
- Education
- Employment
- Facility Accessibility Modifications
- Fitness and Wellness
- Healthcare
- Media Development
- Peer Mentoring and Support
- Service Animal Program
- Therapeutic Horseback Riding
- Transportation
- Transition from Institution to Home

Expanded Impact Grants

The **Expanded Impact** Quality of Life grants program is a newly designed pilot program *for previously awarded Quality of Life grantees whose programs and/or projects have achieved demonstrable, successful impact*. The Foundation will award approximately four (4) grants of up to $100,000 each and will support significant expansion of strategies and programs that are evidence-based, show innovative promising practices, and/or best practices in the field they serve to improve quality of life for people with paralysis, their families, and caregivers. All grants **must be completed within 24 months after receipt of the award funds and are non-renewable.**

Who Can Apply?
- Previous grantee organizations that are:
  - In good standing with the Reeve Foundation, defined as having successfully closed out their past grant award including:
    - Timely submitted a final report indicating program success.
    - Fully expended all grant funds as related to the awarded grant budget.
  - Nonprofit organizations, municipal and state governments, school districts, recognized tribal entities, and other institutions such as community or veterans hospitals.
  - Based in the United States and the previous funded project was based in the U.S.
- Previous grantee organizations whose projects:
  - Have been implemented successfully.
  - Have achieved demonstrable, successful impact.
  - Are in position to be expanded, replicated on a larger scale, and/or taken to full scale.

What are Expanded Impact Grants?
- Expanded Impact grants are previously awarded Quality of Life programs and/or projects supported by evidence that demonstrate a statistically, measurable, significant effect or impact on improving the quality of life outcomes for people living with paralysis, their families, and caretakers.
- Expanded Impact grants are expected to scale programs and/or projects that have prior evidence of effectiveness and positive results, in order to improve outcomes for people living with paralysis, their families, and caregivers.
- Expanded Impact grants extend services and access and the expansion of effective solutions to serve substantially larger numbers of people with paralysis, their families, and caregivers.
- Expanded Impact grants will have sizeable and significant impact.

Prior grantees are encouraged to replicate and implement their programs and/or projects in new and additional settings, including at a larger local or national level.

Prior awards include:

**Shane’s Inspiration**  
Sherman Oaks, CA 91411  
$100,000 - Education  
*Together, We Are Able*
This Expanded Impact Quality of Life Grant supports the expansion of an organization that creates social inclusion for children with disabilities through the creation of inclusive playgrounds and programs that unite children of all abilities. Since 2000, Shane’s Inspiration has opened 70 inclusive playgrounds worldwide and continues to work in additional communities to create new inclusive playgrounds with another 52 playgrounds in development in 17 states and internationally. Shane’s Inspiration created “Together, We are Able,” a social inclusion education program that has impacted over 40,000 Los Angeles students in over 200 schools, and launched “My PlayClub,” a replicable community program that provides communities integrated family play dates 7 months each year. In addition to providing in-person trainings of these programs, previous Reeve Foundation funds supported the creation of “Together, We are Able” online curriculum resources, where educators have the opportunity to download the programming materials free of charge and implement the program in their classrooms and schools. Since the development of these online resources, Shane’s Inspiration has seen a 50% increase in the number of teachers self-delivering the program to their classrooms and have trained over 500 teachers and school staff to support social integration. To expand their national reach, Shane’s Inspiration plans to launch social inclusion programming at 5 expansion locations in Colorado, Northern California, Louisiana, Alaska and Connecticut, and continue ongoing support to ensure success and program sustainability. Expansion goals also include delivery of professional development workshops, live and via a professional development DVD, and online courses to over 500 educators and recreation staff. The project will serve approximately 10,400 individuals with paralysis, family members and their caregivers.

Brooks Rehabilitation
Jacksonville, FL 32216
$99,053 – Adaptive Sports

Adaptive Sports Expanded Reach for Pediatrics and Disabled Veterans and Members of Armed Forces

This Expanded Impact Quality of Life grant supported the expansion of a program that provides adaptive sports opportunities to individuals living with paralysis and other cross-disabilities. To expand their programming, BASR will provide increased recreational and competitive opportunities for veterans and children living with paralysis in Northeast Florida, as well as expand pediatric aquatic service offerings into Volusia County and surrounding areas. BASR will also offer a 10-week summer skills introduction to wheelchair basketball, host a “Brooks on Ice” ice skating event, and provide a 15-week sled hockey skills training program for children with paralysis. BASR’s direct service area is home to several large military installations and is the only adaptive sport program within 130 miles of Jacksonville. The introduction of pediatric aquatics into Volusia county will be the first step to introducing pediatric adaptive sports and recreation opportunities to the Daytona, Florida and surrounding areas.

For more funded programs please visit our Expanded Impact grantee page on our website.

Prior grantees applying for an Expanded Impact grant will be asked to provide (through the online application) information and content such as:

- The name of the previously funded project, as well as the year awarded, the amount awarded, the type of grant received (e.g., Direct Effect, High Impact Priority, etc.), and the project type (e.g., adaptive sports, respite/caregiving, nursing home transition, etc.).
- Previously funded project achievements documenting demonstrable, successful impact achieved.
• A detailed description of the proposed expansion project and how it will expand upon, replicate on a larger scale, or take to full scale the previously awarded project.
• Project goals that have sizable and significant impact.

Prior grantees are also encouraged to request funding for programs and projects that would require the full $100,000 to expand their previously funded grant award.

Please note that in accordance with our current federal cooperative agreement, the Foundation is no longer able to fund various areas such as Research, Rehabilitative Therapy, and Equipment (please refer to funding restrictions and exemptions). It is imperative that you review our current funding restrictions below.
Funding Restrictions

In accordance with our Federal cooperative agreement, the Reeve Foundation is prohibited from funding the following:

- Grants awarded directly to individuals
  - This includes **MONEY** given to an individual participant in a grant program such as:
    - A stipend or incentive to participate in a program
      - A stipend or honorarium paid to a speaker at an event is allowable because it would be part of the program cost, but money cannot be given to an individual to attend the program.
      - Scholarships can be provided for an organization to offer free services (e.g., therapeutic horseback riding lessons) to an individual provided money never exchanges hands with the individual receiving the scholarship to pay for the services, lessons, etc.
      - Money for a family to pay for respite or transition services. (Funds may be used by an organization to provide respite or transition services to individuals, but money cannot be given to the individual/family to pay for the services).
      - Travel reimbursements for participants to take part in a program. (Funding may be used for travel reimbursement for personnel (e.g., coaches, etc.) as they are part of the program. Providing travel to individuals may be included as a part of the program (such as travel for a team to attend an adaptive sporting event), but no money must exchange hands with the individuals).
    - This also includes **any expense** that would be seen as a “gift to an individual” such as a “ready bag” for disaster preparedness, t-shirts for a camp, jerseys and uniforms, trophies, a home modification, gift cards for participants, etc.
- For-Profit Companies
  - This also includes Nonprofit organizations acting as a Fiscal Sponsor for a for-profit company
  - Organizations that do not have its own 501(c)(3) tax determination status.
  - Organizations that are a 501(c)(4) and not a 501(c)(3).
- Organizations and projects that are based outside of the United States.
- Projects that utilize contractors or vendors outside of the United States.
- Research
- **Rehabilitative Therapy**
  - However, programs that assist people living with paralysis to participate in **exercise opportunities** are allowable.
    - Programs that use physical or occupational therapists to work directly with persons with paralysis is considered part of rehabilitative therapy.
    - Exercise opportunities that are facilitated by someone who, for example, has a bachelor’s degree in exercise science or is a certified fitness instructor would be an allowable expense.
- **Equipment**
  - However, it is allowable to fund **Loan Closets**. Otherwise equipment provided to individuals to keep is considered a gift. Requests for loan closets must include a specified period of time. A device loan is typically 4 to 6 weeks (and sometimes up to
9 weeks/3 months) and enables individuals to try out and familiarize themselves with Assistive Technology or Durable Medical Equipment before acquiring it on their own. Open ended and long-term loan closets will not be considered. (This also applies to ramps.)

- Equipment can be funded if it **Provides Access** and/or **Promotes Independence**. Examples include:
  - Providing Access: Adaptive strollers that are used as part of a program, are not given out to individuals and remain onsite; a transfer chair at a community pool; a stair lift, an examination table or gynecological examination table in a rural area where no such equipment is available in that region, etc.
  - Promoting Independence: A scale (Knowing your weight promotes independence. It allows people to remain healthy, as being overweight can lead to a myriad of chronic health conditions.); Beach wheelchairs and adaptive bikes at a community park or sports wheelchairs for a community sports team (these examples could also fit under the area of providing access).

- Equipment may be purchased under the Nursing Home Transition grant program. See allowable expenses pertaining to that program.

- The development of prototypes for invention of equipment or other research and developmental activities involving intellectual property rights.

### Construction of Buildings/Major Construction

- However, funds may support simple accessibility modifications to existing structures, playgrounds, trails, etc.
  - Requested funds for simple accessible bathroom modifications, for example, are allowable if they are for an already existing bathroom. Allowable expenses would include grab bars, accessible toilets and sinks, etc. We cannot fund the building of a new bathroom or a major renovation of the existing bathroom.
  - If, for example, you are requesting funds for an accessible lift or elevator, this would be allowable under equipment that provides access and promotes independence. We cannot fund the excavation or construction of the elevator or shaft, as that would be considered major construction.

### New Playground Construction

- The construction of new playgrounds is not eligible for funding. **We cannot fund the installation of a new playground on land where a playground did not already exist.**
- However, funds may support the modification of older, non-accessible playgrounds or parks.
  - Requesting funds for the replacement of older, non-accessible playground equipment or ground covering are eligible for an existing playground.
  - Minor relocations of playgrounds are allowable.

- Projects that serve less than three (3) individuals with paralysis, their families, or caregivers
- Fund raising events or paid fund raiser positions
- Lobbying and/or efforts to influence legislation
- Projects that cannot be completed within 12 months of receipt the grant award
- Projects that have already been completed
- Food (meals, per diem, board, lunch, beverages, **water**, alcohol, etc.)
- Medical services
Eligibility questions based on these restrictions will be asked in the application. A “Yes” response to any of the questions will indicate that your organization and/or project are not eligible for funding.

Allowable Expenses

Quality of Life grant funds can support a range of programmatic expenses for a wide range of programs and services. Grant funds can support programmatic personnel, consultants and contracted workers, entry fees, transportation costs, facility rental, travel reimbursement, marketing, equipment (see funding restrictions), supplies, etc.

Programmatic expenses directly related to serving individuals with paralysis and their families are considered more favorable than operational expenses and/or large capital projects.

Please note that for Nursing Home Transition applications ONLY:
Award funds can be used to address barriers to facilitating successful nursing home transitions for individuals with paralysis. This may include Start-Up Costs (e.g., housing deposits), Equipment (e.g., medical devices, AT, Hoyer lifts, adaptive equipment), Supplies (e.g., start-up supplies, general home furnishings, including stoves, washers/dryers, etc.), Transportation/Travel, and Other Costs not outlined in the application (e.g., Indirect costs, fees for filing legal documents, independent living skills training, and other line items that address barriers which have not been noted in the application materials). Funds can also be allocated to expand personnel capacity so that staff time could be used to transition individuals (e.g., a part-time role can be converted into a full-time position to complete more assessments, in person visits, etc.).

Budget Specificity and Vendor Quotes

BE SPECIFIC in your funding requests. For example, if you are requesting funds for an accessible playground, be specific in the proposed budget indicating the piece of equipment (accessible merry-go-round, swing, etc.,) or part of the process (e.g., poured rubber playground surface). Include vendor quotes for the specific budget line items. DO NOT request a blanket $25,000 budget line with no detail. Vendor quotes must be current at the time of application submission. Vendor quotes are strongly recommended for all equipment and services.
Accessing the Online Grants Portal

The Quality of Life Grant Applications are completed online through this link to the Reeve Foundation online grants portal. You may also copy and paste the following url into your website browser: https://www.grantinterface.com/Home/Logon?urlkey=christopherreeve.

There must be an organization profile/account in the online system for you to access the application. If you are not sure if your organization has already created an organization profile or previously applied for a grant, contact QOL@Christopher Reeve.org. Please do not create a duplicate organization profile, as all organizational application history is connected to the grant profile.

First-Time Applicants

Click on the link for the grants portal and create an organization profile, using your email address and a password that you create. Once you create an organization account you will be able to access the grant application. You may return to the application at any time using this same link. If you forget your password, click on “Forgot Your Password” and you will receive an email with the information.

Returning Applicants

Enter an email address and password that is already connected with the organization’s account. If you do not remember the password, click on “Forgot Your Password” and you will receive an email with the information. If you do not remember or have access to the email account related to the organization, contact QOL@Christopher Reeve.org for assistance.

Please be sure to review your organization and contact profiles in the online system and update them with your most current information.

Preparing Your Application

The list of application questions (Appendix A) includes paragraph count limits for text fields. Some applicants find it helpful to create a draft application in Word, which can then be used to cut and paste your answers into text fields in the online application.
Award Notification and Grantee Requirements

Notification and Awarding of Funds
All applicants will be notified by email. Upon notice of award, grantees must indicate intent to accept the grant, and sign and return a grant award agreement. Grant checks are issued upon receipt of the signed grant award agreement.

Acknowledgement of Grant
Reeve Foundation Quality of Life grantees are welcomed as part of the Reeve Foundation community. We will provide tools to help you spread the word about your Reeve Foundation Quality of Life granted project, including a guide to publicizing the award and a press release template. In addition, we encourage you to utilize all of the free resources provided by the Reeve Foundation Paralysis Resource Center (PRC), and to link to the PRC as a resource on your website. We regularly feature Quality of Life grantees in social media, on the website, and in newsletters and other publications, so we may call on you to provide stories and photographs that we can share with our community.

Site Visits
Site visits to Quality of Life grantees by members of Reeve Foundation staff, Board of Directors and/or volunteers are arranged whenever possible to learn more about your program, assess progress, assist with challenges, and participate in press-related activities.

Reports
Grant recipients must submit progress reports to the Reeve Foundation. Interim reports let us know that the project is proceeding as planned or not, and if not, what we may be able to do to help get it back on track. Final reports are due one month after the close of the grant period to detail the project’s progress, challenges, how challenges were addressed, the project’s impact, and grant expenditures.

The reporting requirements are as follows:

1. Direct Effect & Priority Impact Tier 2
   a. 12-month grants – Grantee Reporting
      i. Interim at 6 months
      ii. Final at 13 months
2. Priority Impact Tier 3
   a. 18-month grants – Grantee Reporting
      i. Interim at 9 months
      ii. Final at 19 months
3. Priority Impact Tier 4 and Expanded Impact
   a. 24-month grants – Grantee Reporting
      i. Update/Check-in at 6 months
      ii. Interim at 12 months
      iii. Update/Check-in at 18 months
      iv. Final at 25 months
**Evaluation**
As part of the final report at the conclusion of the grant period, grantees are required to complete a short evaluation survey conducted by Vanderbilt University to enable you to offer candid feedback about the overall grant experience.

All questions, concerns or technical difficulties should be directed to the Quality of Life Department via email at QoL@ChristopherReeve.org. In order to be fair to all applicants, individual technical assistance can no longer be accommodated. Questions submitted by email prior to the technical assistance webinar will be addressed during the webinar. All questions will be collected, aggregated and answered and posted in a Questions and Answer document on the website.

**Grant Close-Out**
To successfully close out the grant award, Grantee must have timely submitted a final narrative report indicating program accomplishments and outcomes, as well as a financial report indicating fully expended grant funds as related to the awarded grant budget. After receipt and review of these reports, barring any additional information requested, the Foundation will send notification of grant closure.

**Unused Funds and Changes in Grant Objectives or Activities**
In the event the grantee ceases to operate or becomes insolvent, all unused Reeve Foundation grant money shall be immediately remitted to the Reeve Foundation. Furthermore, if the original purpose, project and/or program of the grantee changes, the grantee must contact the Quality of Life Grants team to request a change in project scope and/or a no-cost extension. Requests will be reviewed and every effort will be made to negotiate an acceptable resolution so the project can be completed toward its original stated goal.

However, the Reeve Foundation reserves the right to discontinue funding a grantee if such grantee's purpose, project or program changes so that it is no longer within Reeve Foundation funding parameters. If permission is not given, grantee shall remit any and all grant money to the Reeve Foundation.

Grants approved for a no-cost extension may be extended a maximum of 90 days beyond the original project end date.

Grantees that are not able to complete the funded project within the grant period, and those that have been approved for a 90-day extension and are still not able to complete the funded project, may be asked to return a portion or all of the funds and will be flagged in a high-risk category that may affect future Reeve Foundation funding.

**Grant Termination**
The Foundation reserves the right to terminate a grant if the project or program is no longer within Reeve Foundation funding parameters or for failure to comply with the terms and conditions of the award as stipulated in the grant award letter. If the grant is terminated, Grantee must provide the Reeve Foundation a complete and detailed reporting of funds that have been expended. Grantee must also return all unused funds. Failure to comply with these provisions may result in your organization being reported to the Internal Revenue Service (IRS), the Office of Inspector General,
and the Administration for Community Living (ACL). Terminated organizations will also be barred from receiving future Reeve Foundation funds for seven years.

Providing Programmatic Direction/Feedback

In adherence with our federal cooperative agreement we are unable to provide programmatic direction or comment on denied applications to organizations applying for Quality of Life grants, as providing direction/giving feedback would be providing unfair advantage over other applicants. Pre-award telephone calls will no longer be accommodated and voicemails will not be answered.

PLEASE READ:

The language we use to discuss people living with disabilities matters. Words have the power to not only define what is possible, but to dangerously diminish and dismiss the value of another human being.

Applications to the Reeve Foundation’s Quality of Life Grants Program come from organizations and individuals who work hard each day to improve the lives of people living with paralysis. Part of that work must also be to understand and consistently use language in both conversation and on paper that is inclusive and respectful.

Before submitting your grant application, please take a few moments to read these Guidelines for Discussing People with Disabilities.

In addition, please be sure to review the Application and Program Guidelines as there have been changes to our grants program.

Review Language Guide*

We confirm that we have read and understand the Reeve Foundation’s https://www.christopherreeve.org/get-support/grants-for-non-profits/guidelines-for-discussing-people-with-disabilities Guidelines for Discussing People with Disabilities.

If you do have questions please contact QOL@ChristopherReeve.org before proceeding.

Eligibility

Quality of Life grant applications are accepted from 501(c)(3) nonprofit organizations, municipal and state governments, school districts, recognized tribal entities, and other institutions such as community or veterans hospitals.
• **An organization must have its own 501(c)(3) tax status** (or be a part of or chapter of a national organization that is a 501(c)(3) nonprofit organization).

• **Fiscal Sponsors CANNOT apply** on behalf of non-501(c)(3) nonprofit organizations.

• **501(c)(4) organizations** that do not have 501(c)(3) status are ineligible.

If you have a CURRENT or OPEN grant from the Reeve Foundation under any grant program or tier, you are INELIGIBLE to receive funding in this grant cycle.

Previous grantees may apply for this cycle ONLY after one year of the close of your grant and notification of grant closure by the Reeve Foundation.

Christopher & Dana Reeve Foundation Paralysis Resource Center (PRC) Quality of Life grants are funded through a federal cooperative agreement with the Administration for Community Living (90PRRC0006-01-00).

In accordance with our Federal cooperative agreement, **the Reeve Foundation is prohibited from funding the following:**

- Grants awarded directly to individuals
  - This includes **MONEY given to an individual** participant in a grant program such as:
    - A stipend or incentive to participate in a program
      - A stipend or honorarium paid to a speaker at an event is allowable because it would be part of the program cost, but money cannot be given to an individual to attend the program.
      - Scholarships can be provided for an organization to offer free services (e.g., therapeutic horseback riding lessons) to an individual provided money never exchanges hands with the individual receiving the scholarship to pay for the services, lessons, etc.
    - **Money for a family to pay for respite or transition services.** (Funds may be used by an organization to provide respite or transition services to individuals, but money cannot be given to the individual/family to pay for the services).
    - Travel reimbursements for participants to take part in a program. (Funding may be used for travel reimbursement for personnel (e.g., coaches, etc.) as they are part of the program. Providing travel to individuals may be included
as a part of the program (such as travel for a team to attend an adaptive sporting event), but no money must exchange hands with the individuals).

- This also includes any expense that would be seen as a “gift to an individual” such as a “ready bag” for disaster preparedness, t-shirts for a camp, jerseys and uniforms, trophies, a home modification, gift cards for participants, etc.

- For-Profit Companies
  - This also includes Nonprofit organizations acting as a Fiscal Sponsor for a for-profit company
  - Organizations that do not have its own 501(c)(3) tax determination status.
  - Organizations that are a 501(c)(4) and not a 501(c)(3).

- Organizations and projects that are based outside of the United States
- Projects that utilize contractors or vendors outside of the United States
- Research

- Rehabilitative Therapy
  - However, programs that assist people living with paralysis to participate in exercise opportunities are allowable.
    - Programs that use physical or occupational therapists to work directly with persons with paralysis is considered part of rehabilitative therapy.
    - Exercise opportunities that are facilitated by someone who, for example, has a bachelor’s degree in exercise science or is a certified fitness instructor would be an allowable expense.

- Equipment
  - However, it is allowable to fund Loan Closets. Otherwise equipment provided to individuals to keep is considered a gift. Requests for loan closets must include a specified period of time. A device loan is typically 4 to 6 weeks (and sometimes up to 9 weeks/3 months) and enables individuals to try out and familiarize themselves with Assistive Technology or Durable Medical Equipment before acquiring it on their own. Open ended and long-term loan closets will not be considered. (This also applies to ramps.)
  - Equipment can be funded if it Provides Access and/or Promotes Independence. Examples include:
- **Providing Access**: Adaptive strollers that are used as part of a program, are not given out to individuals and remain onsite; a transfer chair at a community pool; an examination table or gynecological examination table in a rural area where no such equipment is available in that region, etc.

- **Promoting Independence**: A scale (Knowing your weight promotes independence. It allows people to remain healthy, as being overweight can lead to a myriad of chronic health conditions.); Beach wheelchairs and adaptive bikes at a community park or sports wheelchairs for a community sports team (these examples could also fit under the area of providing access).

- The development of prototypes for invention of equipment or other research and developmental activities involving intellectual property rights.

- **Construction of Buildings/Major Construction**
  - However, funds may support simple accessibility modifications to existing structures, playgrounds, trails, etc.
    - Requested funds for simple accessible bathroom modifications, for example, are allowable if they are for an already existing bathroom. Allowable expenses would include grab bars, accessible toilets and sinks, etc. We cannot fund the building of a new bathroom or a major renovation of the existing bathroom.
    - If, for example, you are requesting funds for an accessible lift or elevator, this would be allowable under equipment that provides access and promotes independence. We cannot fund the excavation or construction of the elevator or shaft, as that would be considered major construction.

- **New Playground Construction**
  - The construction of new playgrounds is not eligible for funding. We cannot fund the installation of a new playground on land where a playground did not already exist.
  - However, funds may support the modification of older, non-accessible playgrounds or parks.
    - Requesting funds for the replacement of older, non-accessible playground equipment or ground covering are eligible for an existing playground.
    - Minor relocations of playgrounds are allowable.

- Projects that serve less than three (3) individuals with paralysis, their families, or caregivers
• Fund raising events or paid fund raiser positions
• Lobbying and/or efforts to influence legislation
• Projects that cannot be completed within 12 months of receipt the grant award
• Projects that have already been completed
• Food (meals, per diem, board, lunch, beverages, water, alcohol, etc.)
• Medical services

Project description*
Provide a description of the proposed project, including: the need for the project; who will benefit; what your organization wants to do and why; when and where it will take place; and how it will be done. List the amount requested and what the funds requested in this application will support. (Four paragraphs maximum)
*Character Limit: 10000

Independent living, inclusion and community integration*
Describe how this project will increase independent living for people living with paralysis, promote inclusion, or support integration into the physical, cultural, and spiritual communities in which they live.
Project goals*
Provide at least one major goal of the project as well as a description of what you plan to accomplish.

Will your project take longer than 12 months to complete?*
Please note that for your Direct Effect application to be eligible, project timeline and expenditures must be able to be completed within the 12-month grant period.

Choices
Yes
No

Timeline, activities and benchmarks*
Outline your project timeline of major project activities, including proposed start dates, benchmarks, and end dates.

Expected impact*
Describe the extent to which the proposed project / program is likely to have a significant, direct impact on the target population. What difference will the proposed project / program make in the lives of individuals living with paralysis and their families?

Impact - number of individuals living with paralysis*
How many people living with paralysis will be served by this project / program?

Impact - individuals living with paralysis*
Indicate how you arrived at this figure and the data sources used.

Impact - number of caregivers and family members of those living with paralysis*
How many caregivers or family members of those living with paralysis will be served by this project / program?

Impact - caregivers and family members of those living with paralysis*
Indicate how you arrived at this figure and the data sources used.
**Underserved targeted population to be served**
Tell us if your proposed project/program specifically targets any of the following underserved population groups. *Select all that apply.*

**Choices**
- Current or released prisoners and/or persons at-risk of incarceration
- Ethnic minorities
- Homeless
- Indigenous or tribal communities
- LGBTQ+
- Limited English proficiency
- Low income and/or poverty populations

**Medically Underserved Areas and Populations (MUA/Ps)**

The Health Resources & Services Administration (HRSA) defines Medically Underserved Areas (MUAs) and Medically Underserved Populations (MUPs) as geographic areas and populations with a lack of access to primary care services.

MUAs have a shortage of primary care health services for residents within a geographic area such as: a whole county; a group of neighboring counties; a group of urban census tracts; or a group of county or civil divisions.

Capturing data on requests from MUAs and MUPs helps to track outreach efforts as well as to identify new areas for potential efforts.

**MUA/MUP status**
Check one appropriate answer below:

**Choices**
- Applicant Organization is serving a MUA or MUP
- Applicant Organization is not serving a MUA or MUP
- Not known if Applicant Organization is serving a MUA or MUP

**Geographic service area**
Tell us about your project / program's geographic service area. What states, counties or areas will your project serve? Please indicate if services are provided nationally.

Please note: Providing counties served help us to better capture MUA/MUP data.

**Accessible Playground Branch**

If you have selected **Accessible Playground** as your project’s Direct Effect project type the following questions must be answered.

Playground Construction Guidelines:
The construction of new playgrounds is not eligible for funding. **We cannot fund the installation of a new playground on land where a playground did not already exist.**

However, funds may support the modification of older, non-accessible playgrounds or parks.

- Requesting funds for the replacement of older, non-accessible playground equipment or ground covering are eligible for an **existing** playground.
- Minor relocations of playgrounds are allowable.

*Please email QOL@ChristopherReeve.org with any questions.*

**Will grant funds support the construction of a new playground?***

See the above information for playground eligibility. Please note that a 'Yes' response will indicate your playground is not eligible for funding from the Reeve Foundation.

**Choices**

Yes - this will be a new playground installation.

No - we confirm that grant funds will NOT support the installation of a new playground.

PROCUREMENT POLICY
As a requirement of the Reeve Foundation’s cooperative agreement with the Administration for Community Living, the Foundation and our grantees must adhere to the Procurement Policy below:

- Purchases of supplies or services less than or equal to $10,000 may be procured using the “micro purchase” method which does not need formal procurement solicitations. All receipts are to be retained for accounting purposes.
- Purchases of $10,001 to $250,000 may be procured using the “small purchase” procurement standards. A minimum of three price quotes is required for any small purchase of services or products.
- Please note that it is **not required** that you provide the Reeve Foundation with three price quotes for approval of purchases over $10,000. Those should be kept for your internal records and would need to be provided upon request if needed. If you provide a price or vendor quote to the Reeve Foundation, it is understood that you have followed the policy as described above.

**Project Contingency Funding**
Explain how funding requested from this Reeve Foundation grant fits with your overall project budget strategy. If other project funding is pending and subsequently denied, how will the project be funded? What happens if the Reeve Foundation is not able to support the proposed project?

**DUNS Number for Requests of $25,000***
For organizations requesting the full $25,000 please enter your organization’s DUNS number. If the requested funds are less than $25,000 enter N/A.

Per our cooperative agreement with the federal government, organizations awarded a grant of $25,000 and above must have a DUNS number.

The DUNS number is a nine-digit number, issued by Dun & Bradstreet (D&B), assigned to each business location in the D&B database, having a unique, separate, and distinct operation for the purpose of identifying them. The DUNS number is random, and the digits have no apparent significance.

The DUNS number is a supplement to other identifiers, such as the EIN, and is required whether the application is made electronically or on paper. Dashes are not part of D&B's official definition of the DUNS number.

There is no charge to get a DUNS number, and the time to create the number is 24 to 48 hours.

**Cycle Application, Review and Notification Timeline**

- Cycle Opens: January 26, 2022
- Technical Assistance Webinar: February 2nd at 3 pm EST
- Deadline for emailed questions: February 7, 2022 (email to QOL@ChristopherReeve.org)
- Proposals Due: March 9, 2022
• External Review: March 15 - April 7
• Internal Review: April 7 - May 8
• Review Meetings: May 9 - May 10
• Grants awarded by the end of May
• Grant period: June 1, 2022 through May 31, 2023

Applicants are urged to view the Technical Assistance Webinar on February 2, 2022 at 3 pm EASTERN. The Technical Assistance Webinar will be recorded and posted on the website.

All questions, concerns or technical difficulties must be directed to the Quality of Life department via email at QOL@ChristopherReeve.org.

In order to be fair to all applicants, individual technical assistance can no longer be offered. **Pre-award telephone calls will no longer be accommodated and voicemails will not be answered.**

Questions may be submitted by email prior to the Technical Assistance Webinar on February 2nd, as well as during and after the webinar. All questions will be collected, aggregated, answered and posted in a *Questions and Answers* document on the website. **The deadline for emailed questions is February 7th, 2022.**

**In adherence with our federal cooperative agreement we are unable to provide programmatic direction or comment on denied applications to organizations applying for Quality of Life grants, as providing direction/giving feedback would be providing unfair advantage over other applicants. Pre-award telephone calls will no longer be accommodated and voicemails will not be answered.**

Thank you for your time, interest and efforts in requesting support from the Christopher & Dana Reeve Foundation for initiatives to support the quality of life for people with paralysis, their families, and their caregivers. We look forward to reading your application and learning about your important work.
2022 Expanded Impact

Application Deadline

WEDNESDAY, MARCH 9TH AT 11:59 pm EASTERN

PLEASE READ:

The language we use to discuss people living with disabilities matters. Words have the power to not only define what is possible, but to dangerously diminish and dismiss the value of another human being.

Applications to the Reeve Foundation’s Quality of Life Grants Program come from organizations and individuals who work hard each day to improve the lives of people living with paralysis. Part of that work must also be to understand and consistently use language in both conversation and on paper that is inclusive and respectful.

Before submitting your grant application, please take a few moments to read these Guidelines for Discussing People with Disabilities.

In addition, please be sure to review the Application and Program Guidelines as there have been changes to our grants program.

Review Language Guide*

We confirm that we have read and understand the Reeve Foundation’s Guidelines for Discussing People with Disabilities.

If you do have questions please contact QOL@ChristopherReeve.org before proceeding.

Eligibility

Quality of Life grant applications are accepted from 501(c)(3) nonprofit organizations, municipal and state governments, school districts, recognized tribal entities, and other institutions such as community or veterans hospitals.
• **An organization must have its own 501(c)(3) tax status** (or be a part of or chapter of a national organization that is a 501(c)(3) nonprofit organization).
• **Fiscal Sponsors CANNOT apply** on behalf of non-501(c)(3) nonprofit organizations.
• **501(c)(4) organizations** that do not have 501(c)(3) status are ineligible.

If you have a CURRENT or OPEN grant from the Reeve Foundation under any grant program or tier, you are INELIGIBLE to receive funding in this grant cycle.

Previous grantees may apply for this cycle ONLY after one year of the close of your grant and notification of grant closure by the Reeve Foundation.

Christopher & Dana Reeve Foundation Paralysis Resource Center (PRC) Quality of Life grants are funded through a federal cooperative agreement with the Administration for Community Living (90PRRC0006-01-00).

In accordance with our Federal cooperative agreement, **the Reeve Foundation is prohibited from funding the following:**

- Grants awarded directly to individuals
  - This includes **MONEY** given to an individual participant in a grant program such as:
    - **A stipend or incentive to participate in a program**
      - A stipend or honorarium paid to a speaker at an event is allowable because it would be part of the program cost, but money cannot be given to an individual to attend the program.
      - Scholarships can be provided for an organization to offer free services (e.g., therapeutic horseback riding lessons) to an individual provided money never exchanges hands with the individual receiving the scholarship to pay for the services, lessons, etc.
    - **Money for a family to pay for respite or transition services.** (Funds may be used by an organization to provide respite or transition services to individuals, but money cannot be given to the individual/family to pay for the services).
    - **Travel reimbursements for participants to take part in a program.** (Funding may be used for travel reimbursement for personnel (e.g., coaches, etc.) as they are part of the program. Providing
travel to individuals may be included as a part of the program (such as travel for a team to attend an adaptive sporting event, but no money must exchange hands with the individuals).

- This also includes any expense that would be seen as a “gift to an individual” such as a “ready bag” for disaster preparedness, t-shirts for a camp, jerseys and uniforms, trophies, a home modification, gift cards for participants, etc.

- For-Profit Companies
  - This also includes Nonprofit organizations acting as a Fiscal Sponsor for a for-profit company
  - Organizations that do not have its own 501(c)(3) tax determination status.
  - Organizations that are a 501(c)(4) and not a 501(c)(3).

- Organizations and projects that are based outside of the United States
- Projects that utilize contractors or vendors outside of the United States
- Research

- Rehabilitative Therapy
  - However, programs that assist people living with paralysis to participate in exercise opportunities are allowable.
    - Programs that use physical or occupational therapists to work directly with persons with paralysis is considered part of rehabilitative therapy.
    - Exercise opportunities that are facilitated by someone who, for example, has a bachelor’s degree in exercise science or is a certified fitness instructor would be an allowable expense.

- Equipment
  - However, it is allowable to fund Loan Closets. Otherwise equipment provided to individuals to keep is considered a gift. Requests for loan closets must include a specified period of time. A device loan is typically 4 to 6 weeks (and sometimes up to 9 weeks/3 months) and enables individuals to try out and familiarize themselves with Assistive Technology or Durable Medical Equipment before acquiring it on their own. Open ended and long-term loan closets will not be considered. (This also applies to ramps.)
  - Equipment can be funded if it Provides Access and/or Promotes Independence. Examples include:
Providing Access: Adaptive strollers that are used as part of a program, are not given out to individuals and remain onsite; a transfer chair at a community pool; an examination table or gynecological examination table in a rural area where no such equipment is available in that region, etc.

Promoting Independence: A scale (Knowing your weight promotes independence. It allows people to remain healthy, as being overweight can lead to a myriad of chronic health conditions.); Beach wheelchairs and adaptive bikes at a community park or sports wheelchairs for a community sports team (these examples could also fit under the area of providing access).

The development of prototypes for invention of equipment or other research and developmental activities involving intellectual property rights.

Construction of Buildings/Major Construction
- However, funds may support simple accessibility modifications to existing structures, playgrounds, trails, etc.
  - Requested funds for simple accessible bathroom modifications, for example, are allowable if they are for an already existing bathroom. Allowable expenses would include grab bars, accessible toilets and sinks, etc. We cannot fund the building of a new bathroom or a major renovation of the existing bathroom.
  - If, for example, you are requesting funds for an accessible lift or elevator, this would be allowable under equipment that provides access and promotes independence. We cannot fund the excavation or construction of the elevator or shaft, as that would be considered major construction.

New Playground Construction
- The construction of new playgrounds is not eligible for funding. We cannot fund the installation of a new playground on land where a playground did not already exist.
- However, funds may support the modification of older, non-accessible playgrounds or parks.
  - Requesting funds for the replacement of older, non-accessible playground equipment or ground covering are eligible for an existing playground.
  - Minor relocations of playgrounds are allowable.
• Projects that serve less than three (3) individuals with paralysis, their families, or caregivers
• Fund raising events or paid fund raiser positions
• Lobbying and/or efforts to influence legislation
• Projects that cannot be completed within 12 months of receipt the grant award
• Projects that have already been completed
• Food (meals, per diem, board, lunch, beverages, water, alcohol, etc.)
• Medical services

Paralysis-Focus*

The Christopher & Dana Reeve Foundation is paralysis-focused. As such, Quality of Life grant funding must be targeted to initiatives that will serve individuals living with paralysis, their families, and caregivers.

Paralysis is defined functionally, as: "difficulty and/or inability to use arms and/or legs due to neurological conditions including but not limited to spinal cord injury, traumatic brain injury, stroke, cerebral palsy, multiple sclerosis, ALS, etc."

Answer "yes" or "no" to confirm the statement below:
We confirm that the proposed project will serve individuals living with paralysis, their families and their caregivers.

Medically Underserved Areas and Populations (MUA/Ps)

The Health Resources & Services Administration (HRSA) defines Medically Underserved Areas (MUAs) and Medically Underserved Populations (MUPs) as geographic areas and populations with a lack of access to primary care services.

MUAs have a shortage of primary care health services for residents within a geographic area such as: a whole county; a group of neighboring counties; a group of urban census tracts; or a group of county or civil divisions.

Capturing data on requests from MUAs and MUPs helps to track outreach efforts as well as to identify new areas for potential efforts.

MUA/MUP status*
Check one appropriate answer below:

Choices
Applicant Organization is serving a MUA or MUP
Applicant Organization is not serving a MUA or MUP
Not known if Applicant Organization is serving a MUA or MUP

Geographic service area*
Tell us about your project / program's geographic service area. What states, counties or areas will your project serve? Please indicate if services are provided nationally.

Please note: Providing counties served help us to better capture MUA/MUP data.

Please note that the amount requested from the Reeve Foundation and any associated vendor quotes should not include tax. If sales tax is listed on your vendor quote but is NOT being requested from the Reeve Foundation, please confirm below.

If your vendor quote does not include sales tax or no vendor quote has been submitted, please write "N/A"

Character Limit: 250

PROCUREMENT POLICY
As a requirement of the Reeve Foundation’s cooperative agreement with the Administration for Community Living, the Foundation and our grantees must adhere to the Procurement Policy below:

- Purchases of supplies or services less than or equal to $10,000 may be procured using the “micro purchase” method which does not need formal procurement solicitations. All receipts are to be retained for accounting purposes.

- Purchases of $10,001 to $250,000 may be procured using the “small purchase” procurement standards. A minimum of three price quotes is required for any small purchase of services or products.

- Please note that it is not required that you provide the Reeve Foundation with three price quotes for approval of purchases over $10,000. Those should be kept for your internal records and would need to be provided upon request if needed. If you provide a price or vendor quote to the Reeve Foundation, it is understood that you have followed the policy as described above.

Project Contingency Funding*
Explain how funding requested from this Reeve Foundation grant fits with your overall project budget strategy. If other project funding is pending and subsequently denied, how will the project be funded? What happens if the Reeve Foundation is not able to support the proposed project?

Applicant Organization is an association of CILs
Applicant Organization is neither a CIL or an association of CILs

Total Annual Operating Budget of the Organization*
Provide your organization's total operating budget amount for the current year ($US).

Character Limit: 20

DUNS Number for Requests of $25,000 and Above*
For organizations requesting $25,000 and above please enter your organization's DUNS number. If the requested funds are less than $25,000 enter N/A.

Per our cooperative agreement with the federal government, organizations awarded a grant of $25,000 and above must have a DUNS number.

The DUNS number is a nine-digit number, issued by Dun & Bradstreet (D&B), assigned to each business location in the D&B database, having a unique, separate, and distinct operation for the purpose of identifying them. The DUNS number is random, and the digits have no apparent significance.

The DUNS number is a supplement to other identifiers, such as the EIN, and is required whether the application is made electronically or on paper. Dashes are not part of D&B's official definition of the DUNS number.
There is no charge to get a DUNS number, and the time to create the number is 24 to 48 hours.

**Zip+4 Code***
If you are requesting $25,000 and above, please enter your ZIP+4 Code. (The complete, nine-digit ZIP Code consists of two parts. The first five digits indicate the destination post office or delivery area. The last 4 digits represents a specific delivery route within that overall delivery area.) This is needed for Reeve reporting through the Federal Funding Accountability and Transparency Act (FFATA). You may use this link to find your ZIP+4 Code.

If you are requesting less than the full $25,000, type in "N/A".

**Cycle Application, Review and Notification Timeline**

- Cycle Opens: January 26, 2022
- Technical Assistance Webinar: February 2nd, 2022 at 3 pm EST
- Deadline for emailed questions: February 7, 2022 (email to QOL@ChristopherReeve.org)
- Proposals Due: March 9, 2022
- External Review: March 15 - April 7
- Internal Review: April 11 - May 2
- Grants awarded by the end of May 2022
- Grant period: June 1, 2022 through May 31, 2024
Applicants are urged to view the Technical Assistance Webinar on February 2, 2022 at 3 pm EASTERN. The Technical Assistance Webinar will be recorded and posted on the website.

All questions, concerns or technical difficulties must be directed to the Quality of Life department via email at QOL@ChristopherReeve.org.

In order to be fair to all applicants, individual technical assistance can no longer be offered. Pre-award telephone calls will no longer be accommodated and voicemails will not be answered.

Questions may be submitted by email prior to the Technical Assistance Webinar on February 2nd, as well as during and after the webinar. All questions will be collected, aggregated, answered and posted in a Questions and Answers document on the website. The deadline for emailed questions is February 7th, 2022.

In adherence with our federal cooperative agreement we are unable to provide programmatic direction or comment on denied applications to organizations applying for Quality of Life grants, as providing direction/giving feedback would be providing unfair advantage over other applicants. Pre-award telephone calls will no longer be accommodated and voicemails will not be answered.

Thank you for your time, interest and efforts in requesting support from the Christopher & Dana Reeve Foundation for initiatives to support the quality of life for people with paralysis, their families, and their caregivers. We look forward to reading your application and learning about your important work.

Budget Narrative Requirements

Name of Organization:
Name of Project:
Amount Requested:
Total Project Budget:

The budget narrative must include a description and justification of each budget category and line item presented in your proposed budget. All expenses listed on the budget template should clearly match items listed on this narrative.

Your budget narrative should detail:

**Personnel Costs** – List each position that pertains to the project. Provide a brief explanation of each role, how the work of the position will support the purpose and goals of the overall project and percent of time committed to the project. Indicate source of other salary supports if relevant.

**Fringe** – Fringe benefits are based on the applicant’s established formula and are only for the percentage of time devoted to the project. It is important to explain what is included in the benefit package and at what percentage. These costs should only include the fringe costs of the organization’s staff and not those of contractors or other third parties.

**Equipment** – Provide an explanation of each of the equipment expenses, the quantity to be purchased and cost per item. Explain how the equipment is necessary for the success of the project and the procurement method to be used.

**Consultants/Contractors** - Provide a description of the product or services to be provided by the consultant and an estimate of or detailing of exact cost, as well as how their use will support the purpose and goals of the project.

**Supplies** - List expendable items by type, the quantity to be used/purchased and cost per item. Explain the need and relevance to the project.

**Travel** – Explain the reason for travel expenses for project personnel (e.g., staff to training, client interviews, meeting, etc.). Identify all costs involved as well as the location of travel.

**Other Costs** – Enter a description of each budgeted cost item that does not appropriately fit in the above categories. Explain the need for each item, how it will further the objectives of the project, and how the cost estimation was determined.

**Administrative or Indirect Costs** – A de minimus indirect cost rate of no more than 10% is allowable. However, if your organization has a Negotiated Federal Indirect Cost Rate Agreement (NICRA) you may include indirect costs at the federally negotiated rate. Please note that a copy of your current NICRA will be required if your application is approved for funding.

If you include an indirect costs budget line you may not include overhead costs such as rent, utilities, personnel, and supplies, etc. if they are included in the direct cost budget line items above.

Indicate the percentage and total amount of indirect costs requested, noting the federally negotiated rate if applicable.
As a requirement of the Reeve Foundation’s cooperative agreement with the Administration for Community Living, the Foundation and our grantees must adhere to the Procurement Policy below:

- Purchases of supplies or services less than or equal to $10,000 may be procured using the “micro purchase” method which does not need formal procurement solicitations. All receipts are to be retained for accounting purposes.

- Purchases of $10,001 to $250,000 may be procured using the “small purchase” procurement standards. A minimum of three price quotes is required for any small purchase of services or products.

Please note that it is **not required** that you provide the Reeve Foundation with three price quotes for approval of purchases over $10,000. Those should be kept for your internal records and would need to be provided upon request if needed. If you provide a price or vendor quote to the Reeve Foundation, it is understood that you have followed the policy as described above.

Project Description*
Does the project description justify the need for the project? Does it demonstrate that the proposed project design can be successfully implemented? Does the project fit with the overall objectives of the grant program? Is there an opportunity for impact? Does the organization have the capacity to carry out the project as proposed?

Scoring Options: 1 - 5

Project Description Comments*

Character Limit: 1000

Independent Living, Inclusion, Community Integration*
Does the project demonstrate that it will be successful in meeting one of the following:

- Increasing independent living for people with paralysis?
- Promoting inclusion?
- Supporting integration into the physical, cultural, and spiritual communities in which they live?

Scoring Options: 1 - 5

Independent Living, Inclusion, Community Integration Comments*

Character Limit: 1000

Project Goals*
Are the project goals in alignment with the project description? Are they specific and measurable? Are the goals realistic and achievable within the one-year grant period?

Scoring Options: 1 - 5

Project Goals Comments*

Character Limit: 1000

Timeline, Activities, Benchmarks*
Is the timeline feasible? Do the proposed activities clearly match the project goals? Are benchmarks included to keep the goals of the project on track?
Scoring Options: 1 - 5

Timeline, Activities and Benchmarks Comments*  
*Character Limit: 1000

Expected Impact*  
Will the proposed project have a significant, direct impact on the target population? Will it make a difference in the lives of individuals with paralysis and their families?  
Scoring Options: 1 - 5

Expected Impact Comments*  
*Character Limit: 1000

Number of People Affected By Paralysis*  
Does the proposed project serve a majority of people living with paralysis, their families, and caregivers?  

*Please Note:* While we will consider supporting programs that include people that have other types of disabilities (co-occurring disabilities), it is important to remember that the Reeve Foundation is paralysis-focused, and as such, our grant funding must be targeted to projects that will serve individuals living with paralysis, their families, and caregivers.  
Scoring Options: 1 - 5

Number of People Affected By Paralysis Comments*  
*Character Limit: 1000

Underserved Targeted Population to be Served*  
Does the application demonstrate that the proposed project will reach the underserved targeted population identified?  
Does it demonstrate that the organization will provide culturally competent services and/or outreach to the underserved populations identified?  
Scoring Options: 1 - 5

Underserved Targeted Population Comments*  
*Character Limit: 1000

Outreach*  
Does the application demonstrate that the proposed project will reach the intended audience?  
Scoring Options: 1 - 5

Outreach Comments*  
*Character Limit: 1000
**Evaluation**

Does the proposal demonstrate the applicant's capacity to identify and measure quantitative outputs and qualitative outcomes to evaluate the impact of the proposed project?

Does the proposal provide specific outputs (for example, an increase in the number of people served, an increase in the amount of time each client is served, or an increase in the geographical area served)?

Does it show how the organization will know if the program worked or has been successful? Or what will change as a result of the project (e.g., changes in behaviors, attitudes or knowledge)?

**Scoring Options:** 1 - 5

**Evaluation Comments**

*Character Limit: 1000*

**Amount Requested**

Enter the amount requested from the Reeve Foundation. **($US)**

*Character Limit: 20*

**Total Proposed Project Budget Amount**

Enter the total budget amount for the entire proposed project. **($US)**

*Character Limit: 20*

**Proposed Project Budget**

In reviewing the budget, do the costs appear reasonable? Allocable? Are they allowable? Through the budget review, we are asked to determine the necessity, reasonableness and appropriateness of the specific costs in the line-item budget.

Is the proposed budget appropriate given the project description, activities and goals? Do the budget line items clearly match what is proposed in the narrative? Does it include restricted items or unallowable expenses?

**Please note:** Programmatic expenses directly related to serving individuals with paralysis, their families, and caregivers are considered more favorable than operational expenses and/or large capital projects.

**Scoring Options:** 1 - 5

**Proposed Project Budget Comments**

*Character Limit: 1000*
**Budget Narrative**
Does the budget narrative include clear descriptions and justifications of each budget category and line item presented in the proposed project budget? Do the expenses clearly relate to the project narrative?

Project name
Character Limit: 100

Amount Requested
Enter the amount requested from the Reeve Foundation. ($US)
Character Limit: 20

Previous Project Achievement*
Has the applicant shown that the previously awarded project achieved demonstrable, successful impact? Do they provide evidence that demonstrates that the previously awarded project made a statistically, measurable, significant effect or impact on improving the quality of life outcomes for people with paralysis, their families, and caregivers?

Does what is described reflect what was submitted in the final report for the previous award?
Scoring Options: 1 - 5

Previous Project Achievement Comments*
Character Limit: 2000

Project Description*
Does the project description justify the need for the project? Does it demonstrate that the proposed project design can be successfully implemented? Does the project fit with the overall objectives of the grant program? Is there an opportunity for impact? Does the organization have the capacity to carry out the project as proposed?
Scoring Options: 1 - 5

Project Description Comments*
Character Limit: 1000

Independent Living, Inclusion, Community Integration*
Does the project demonstrate that it will be successful in meeting one of the following:
- Increasing independent living for people with paralysis?
- Promoting inclusion?
- Supporting integration into the physical, cultural, and spiritual communities in which they live?
**Scoring Options:** 1 - 5

**Independent Living, Inclusion, Community Integration Comments**

*Character Limit: 1000*

**Project Goals**

Are the project goals in alignment with the project description? Are they specific and measurable? Are the goals realistic and achievable within the one-year grant period?

*Scoring Options: 1 - 5*

**Project Goals Comments**

*Character Limit: 1000*

**Timeline, Activities, Benchmarks**

Is the timeline feasible? Do the proposed activities clearly match the project goals? Are benchmarks included to keep the goals of the project on track?

*Scoring Options: 1 - 5*

**Timeline, Activities and Benchmarks Comments**

*Character Limit: 1000*

**Expected Impact**

Will the proposed project have a significant, direct impact on the target population? Will it make a difference in the lives of individuals with paralysis and their families?

*Scoring Options: 1 - 5*

**Expected Impact Comments**

*Character Limit: 1000*

**Number of People Affected By Paralysis**

Does the proposed project serve a majority of people living with paralysis, their families, and caregivers?

*Please Note:* While we will consider supporting programs that include people that have other types of disabilities (cross-disabilities), it is important to remember that the Reeve Foundation is paralysis-focused, and as such, our grant funding must be targeted to projects that will serve individuals living with paralysis, their families, and caregivers.

*Scoring Options: 1 - 5*

**Number of People Affected By Paralysis Comments**

*Character Limit: 1000*
**Underserved Targeted Population to be Served**
Does the application demonstrate that the proposed project will reach the underserved targeted population identified? Does it demonstrate that the organization will provide culturally competent services and/or outreach to the underserved populations identified?

**Scoring Options:** 1 - 5

**Underserved Targeted Population Comments**
*Character Limit: 1000*

**Outreach**
Does the application demonstrate that the proposed project will reach the intended audience?

**Scoring Options:** 1 - 5

**Outreach Comments**
*Character Limit: 1000*

**Evaluation**
Does the proposal demonstrate the applicant’s capacity to identify and measure quantitative outputs and qualitative outcomes to evaluate the impact of the proposed project?

Does the proposal provide specific outputs (for example, an increase in the number of people served, an increase in the amount of time each client is served, or an increase in the geographical area served)?

Does it show how the organization will know if the program worked or has been successful? Or what will change as a result of the project (e.g., changes in behaviors, attitudes or knowledge)?

**Scoring Options:** 1 - 5

**Evaluation Comments**
*Character Limit: 1000*

**Experience with Work in Priority Area**
Does the organization have experience working in this priority focus area? How well will their past experience contribute to the success of the proposed project? Is the organization qualified to work in this priority focus area or does it have qualified staff with related experience to carry out the project?

**Scoring Options:** 1 - 5

**Experience with Work in Priority Area Comments**
*Character Limit: 1000*
Proposed Project Budget*
In reviewing the budget, do the costs appear reasonable? Allocable? Are they allowable? Through the budget review, we are asked to determine the necessity, reasonableness and appropriateness of the specific costs in the line-item budget.

Is the proposed budget appropriate given the project description, activities and goals? Do the budget line items clearly match what is proposed in the narrative? Does it include restricted items or unallowable expenses?

*Please note:* Programmatic expenses directly related to serving individuals with paralysis, their families, and caregivers are considered more favorable than operational expenses and/or large capital projects.

**Scoring Options:** 1 - 5

Proposed Project Budget Comments*
*Character Limit: 1000*

Budget Narrative*
Does the budget narrative include clear descriptions and justifications of each budget category and line item presented in the proposed project budget? Do the expenses clearly relate to the project narrative?

**Scoring Options:** 1 - 5

Budget Narrative Comments*

Final Report - Direct Effect Quality of Life Grants

**Project name**
*Character Limit: 100*

**Amount awarded**
*Character Limit: 20*

**Project completion**
Has the project been completed in full, including full expenditure of the grant funds and any evaluation and outcome measures that you proposed in your application?

Respond "Yes" or "No."

**Choices**
Yes
No

**Project not complete - explanation**
If your project is completed in full, enter "N/A."

If you indicated that the project is not completed:
- Explain why;
- Describe how this impacts the overall success of the project; and
- Indicate what you propose to complete the project and within what time frame.

*Character Limit: 10000*

**Project goals**
Provide at least one major goal of the project as well as a description of what you plan to accomplish.

*Character Limit: 10000*

**Project goals - final report**
Review the project goals proposed from your organization's application above. What were the project / program's accomplishments and outcomes of the proposed goals? If these goals were not reached, describe how your organization adjusted to maintain the original scope of the grant application.

Project changes*
Were there any changes made to the approved project? Explain any modifications made. **Please note as indicated in the grant award letter, all changes in project scope must be approved prior to report submission.**

*Character Limit: 3000

Project measures*
Provide specific information on the quantitative outputs and qualitative outcomes (as identified in your proposal) that you have measured to evaluate the impact of your project, as well as the evaluation tools employed.

*Character Limit: 10000

Impact - number of individuals living with paralysis
How many people living with paralysis will be served by this project / program?

*Character Limit: 250

Final impact - number of individuals living with paralysis*
How many individuals living with paralysis were served by this project / program?

*Character Limit: 250

Final impact - individuals living with paralysis*
Review the proposed number of individuals living with paralysis (listed above) versus the actual number served by your project / program. Did the project / program serve the proposed number of individuals living with paralysis? If not, describe the challenges or contributing factors that lead to reduced service numbers. If yes, how did your organization adjust to serve a higher number of people than anticipated?

*Character Limit: 6000

Impact - number of caregivers and family members of those living with paralysis
How many caregivers and family members of those living with paralysis will be served by this project / program?

*Character Limit: 250

Final impact - number of family members and caregivers of those living with paralysis*
How many family members and caregivers of those living with paralysis were served by the project / program?

*Character Limit: 250

Final impact - family members and caregivers of those living with paralysis*
Review the proposed number of family members and caregivers of individuals living with paralysis (listed above) versus the actual number served by your project / program. Did the project / program serve the proposed number of family members and caregivers of individuals...
living with paralysis? If not, describe the challenges or contributing factors that lead to reduced service numbers. If yes, how did your organization adjust to serve a higher number of people than anticipated?

**Long-term impact***
How many people living with paralysis will be served beyond the grant year?

For example, if the grant supports the purchase of equipment that will serve 20 people during the grant year, and you expect the equipment to last 5 years, you could reason it would serve 80 additional people over the remaining 4 years of the life of the equipment.

Please explain how you arrived at this figure.

**Sustainability***
Please describe how your organization intends to ensure that key project activities will be sustained beyond the end of this one-year grant period.

**Challenges***
Identify any challenges/obstacles faced while developing and implementing this project. Identify how you addressed them.

**Lessons learned***
Describe what the organization has learned during the project period to date, and any implications this has beyond the grant period.

**Collaborations***
Identify other organizations/networks you have worked with to initiate and implement this project and provide a brief explanation of the collaborative efforts.

**Financial reporting***
Use the provided Budget and Expense Allocation form to report on approved budget versus actual expenditures to date and upload your updated Excel file using the "Upload" button below.
