Aging and Disability Resource Centers/ No Wrong Door
Call Eldercare Locator Toll-free 1-800-677-1116 to find the ADRC in your area.

The No Wrong Door (NWD) System initiative is a collaborative effort of the ACL, the Centers for Medicare & Medicaid Services (CMS), and the Veterans Health Administration (VHA). The NWD System initiative builds upon the Aging and Disability Resource Center (ADRC) program and CMS’ Balancing Incentive Program No Wrong Door requirements that support state efforts to streamline access to long-term services and support (LTSS) options for older adults and individuals with disabilities. NWD Systems simplify access to LTSS, and are a key component of LTSS systems reform.
The Aging and Disability Resource Center Program (ADRC) is a collaborative effort of the U.S. Administration for Community Living (including AoA as of April 2012) and the Centers for Medicare & Medicaid Services (CMS). ADRCs serve as single points of entry into the long-term supports and services system for older adults and people with disabilities. Sometimes referred to as a “one-stop shops” or "no wrong door" systems, ADRCs address many of the frustrations consumers and their families experience when trying to find needed information, services, and supports. Through integration or coordination of existing aging and disability service systems, ADRC programs raise visibility about the full range of options that are available, provide objective information, advice, counseling and assistance, empower people to make informed decisions about their long term supports, and help people more easily access public and private long term supports and services programs.. Click on your state to find state and local ADRCs.

The core functions of an ADRC are 1) information, referral and awareness, 2) options counseling, advice and assistance, 3) streamlined eligibility determination for public programs, 4) person-centered transitions, 5) quality assurance and continuous improvement. ADRCs perform these functions by integrating, coordinating, and strengthening different pieces of the existing long term supports and services systems, including Area Agencies on Aging, Centers for Independent Living, state and local Medicaid offices, and other community-based organizations.

Community Health Centers are non-profit organizations providing health care to those with insurance and without. All sites offer primary care and many offer specialty care as well. There is no residency requirement; individuals can receive services at any facility of their choosing, with over 1,200 health centers in 8,000 rural and urban communities across the nation. Sliding-scale fees based on family size, income, and insurance status ensure that anyone who uses a Community Health Center can receive quality care regulated by federal standards. Please call the state association listed above to find a Community Health Center in your local area.

Find your elected officials to contact them on legislation that is important to you. Each member of Congress maintains at least one office in his or her home state or district. Most have multiple offices throughout the state or district. These offices are designed for direct contact with constituents (that’s you!). This is your opportunity to advocate and make your voice heard in Congress without traveling to Washington, DC. Congressional offices are also a great resource for handling problems with federal agencies. You have a constitutionally guaranteed right to petition your government, and home offices provide you an opportunity to use that right.

Mayor’s Office for People with Disabilities: Project Open House
Project Open House (POH), administered by the Mayor's Office for People with Disabilities (MOPD), removes architectural barriers in the homes of people with permanent disabilities. POH is funded with Community Development Block Grant (CDBG) money from the Department of Housing and Urban Development. Program participants must meet Federal Section 8 income guidelines and reside within the five boroughs. Individual eligibility is determined by evaluating income and disability, and is on a first come, first served basis. MOPD conducts outreach into the disability community to seek participants. Applicants must have a permanent disability and reside in one of the five boroughs of New York City. Please see the website for other requirements.

Double H Ranch – Camp Inspiration
97 Hidden Valley Road
Lake Luzerne, NY 12846
Phone: 518-696-5676
In the beginning of June, we host Camp Inspiration a week long family program for children (ages 5-21 years old) who are BIPAP or ventilator dependent. Camp Inspiration allows campers to participate in typical summer camp activities including swimming, High Ropes, Arts and Crafts, a horse drawn carriage ride and the chance to participate in a camp dance, talent show and campfire. This program is extremely unique and requires the support of nurses, doctors and respiratory therapists many from Albany Medical Center to provide the extensive care our campers require.
