OVERALL MESSAGE

22. Which candidate do you agree with more? (ROTATE -- AFTER ANSWER, ASK: Would that be strongly agree or just somewhat agree?)

a) The Republican candidate for U.S. Senate says it's time for a new direction in Washington. Democrats have controlled the Presidency and the Senate for six years, and their policies haven't worked. Our economy is still struggling, and too many middle-class Americans are unemployed or underemployed. A Republican Senate will pass legislation to create jobs, stop spending money we don't have, lower the cost of energy, stop the Democratic cuts to Medicare Advantage, and replace Obamacare with reforms that will lower health care costs. Democrats have had their chance, and now it's time to try something new.

b) The Democratic candidate for U.S. Senate says I fight for our state first and foremost and work with both Republicans and Democrats to do what's right. The billionaire Koch brothers are trying to buy this election with all these attack ads so they can reduce taxes for oil companies and corporations that outsource our jobs. I will honor seniors by protecting Medicare and Social Security from cuts and help our small businesses and independent contractors by lifting regulations and helping with health care costs. I support raising the minimum wage and oppose any trade agreements that threaten our jobs.
