There's a struggle mankind encounters daily
between right and wrong.

This struggle is ancient.

How can man be at peace within himself?
DNA causes man to consider this question,
but only God can answer it (Eccl 3.11). While
man resists any reply from an all-knowing
God, he suffers the results of sin and
separation from God. This only intensifies
man's quest for peace. If man would
understand the word of God, then peace
would be found with God, which is man's
greatest need.

Today we will learn that the word of God is
the door by which men can find peace with
God. The word of God is what every man
must obey.
