Mr. Joseph Shane,
Swarthmore College.
Swarthmore, Pa.
Dear Mr. Shane.

I am so sorry Swarthmore has had the problem thrust upon them by a group of negroes who should be grateful for the recognition Swarthmore has given them for some time.

I am sure it will be handled properly and nothing done in response to their demands due to any lack of courage on the part of the administration. However, I do most certainly feel

anything that may be done for
under privileged negroes should also be
done for underprivileged people who
happen to have white skin.

Sincerely,

Grace In c Denny June. '28
