

The Chester Home Improvement Project, which is sponsored by the Robert Wade Neighborhood House, needs volunteer workers to help Chester residents improve their living conditions. About 15 volunteers will be brought into Chester each weekend ^{beginning June 11} from the Delaware County area to work with an equal number of local volunteers. They will paint, clean, and make minor repairs in the homes of people who are unable to do the work alone. If you are interested in helping as a skilled supervisor or as an enthusiastic worker, contact:
