

Holiday Foods®

The Holiday Foods Story

For over 25 years, Holiday Foods has offered handcrafted, “top of line” quality hors d’oeuvres, gourmet cold canapés, and center of the plate specialties for the foodservice industry. We began selling fresh hors d’oeuvres to local South Florida hotels. As the demand for our products increased, we began offering a selection of frozen hors d’oeuvres that allowed us to increase our range of distribution and provide timely solutions for our customers. Today, Holiday Foods is part of Schwan’s Food Service, Inc., a subsidiary of The Schwan Food Company. This gives us the power of national distribution and a sales force to serve customers and distributors in major cities across the U.S.

Throughout the years, we have continued to refine the methods used to handcraft our products. We view ourselves as a true extension of the chef’s kitchen. Through extensive research and customer feedback, we have developed products designed to meet our customers’ varied needs. Our recipes and fresh ingredients assure our products have “made-on-premises” quality. Our IQF process provides superior quality and fresh taste. Our packaging is designed for maximum customer convenience with cases packed as a 100 count; this matches the typical menu that is most often established in multiples of 100.

We strongly believe that only the best comes out of our customers’ kitchens and we guarantee a product as “wholesome” as one “made-on-premises”. We proudly state that after more than 20 years, we continue to think of each hors d’oeuvre, cold canapé and center of the plate specialty as no less than an extension of your kitchen.

Our Commitment to Quality

SATISFACTION GUARANTEED

It is our goal to provide our valued customer with the knowledge that our products are made with the highest quality ingredients. If for any reason you have any questions or comments we welcome you to call us directly at 1-800-877-7434.

OUR FACILITY

What does it take to be a manufacturing leader in food quality, safety, and consistency? A total commitment to being “nothing but the best.” At our state of the art manufacturing facility every possible measure is applied to guarantee the safety and quality of our food products.

We are governed by both the USDA and FDA. Our Meat & Poultry and Seafood HACCP Programs further define our commitment to food safety. We are regularly audited by third party auditors. We consistently achieve excellent ratings, which are the highest achievable, and we are proud of our commitment to continuing excellence. The HOLIDAY FOODS™ brand is synonymous with handmade quality and consistency. We work tirelessly to maintain our reputation and develop new and long lasting business relationships. After all, our name and reputation is on every product we make.

Our Vision

Our vision has led us to excel as an innovative company, set to achieve the highest standards by producing premium quality products that meet all strict U.S.D.A. and HACCP requirements.

As a leader in the industry for over 20 years, we have a very simple work ethic. Focus on the customer and think of ourselves as “made-on-premises”. That’s our way of thinking because we know the quality standards you are striving for. But even more important, we know you are unwilling to settle for anything less. As your customers are our customers, we strive to provide you with only the best quality handmade product.

Elegant assortments
