## **Inclement Weather Procedures**

In preparation for potential inclement weather during these winter months, Brock ISD wants to make sure you stay up to date and well informed regarding any possible weather delays or closings.

The information regarding delays and closings will be posted to the district website [www.brockisd.net](http://www.brockisd.net) under “Announcements” and to the district’s Facebook page. All parents will receive a notification via e-mail and text message using our districts School Emergency Alerts Messaging System. The district will also notify all news channels and local news outlets of the delay or closing. If there are no notifications or alerts sent out by BISSD then it is business as usual with school starting at the regularly scheduled time.

The decision to close or delay school is made after the BISSD Transportation Director and BISSD Maintenance Director have driven roads in our district and the BISSD Superintendent has reviewed the road condition findings. The decision to close or delay is made the night before if possible, otherwise the decision will be made prior to 5:30 a.m. on the morning being questioned.
