Mosaic Art

Mrs. Spradlin's humanities class is learning about ancient Rome. They made mosaic pictures out of tiny pieces of paper. A mosaic is a piece of art or image made from the assembling of small pieces of colored glass, stone, or other materials. It is often used in decorative art or as interior decoration. Mosaics have a long history, starting in Mesopotamia in the 3rd millennium BC. The pictures were displayed by the cafeteria.

A few of the boys in FFA went on a quail hunt with Mr. Womack. Tanner Franklin was one of the boys that went. Tanner Franklin said, "Mr. Womack took Jesse, Gavin, Hunter, Kolby, and me to the Legislative Quail Hunt. We were hired to clean the birds after they were shot. This event happened at

Bill Inhofe's ranch in Muskogee. In two days, we cleaned over 800 birds. It was a really good experience getting to meet lots of legislators."

Senior Night

The main reason for Senior Night is to recognize the seniors and their parents for all of the hard work they have done. As you can see in the pictures, that night is an emotional night for the seniors and their parents. Some of the seniors realized that this is the last regular season home game for them in front of their biggest fans. As for all of the seniors, they realize that this is their last home game as a student. As for their parents, they realize that their kids are all grown up and are ready for their next chapter in life.
