

# Lincoln County R-IV School District

---

The Lincoln County R-IV School District has a web based Parent link so you may check your students' information (grades, lunch balances, schedules, and attendance history).

Information for your child is available only with a password. All passwords are distributed through email. It will be your responsibility to keep this password private. Passwords will not be issued to school children, and the office does not have access to your password. You must have an email address to view your students' records on the Parent Link.

If you would like to be able to view this information please fill out the form below. The system allows two email addresses (one for each parent). Please check whether it is your home email or work email. You will receive an email from Webmaster that contains the web address, user name and your password. Please make sure that you click on the Parent tab on the home page.

**If you already have access to the Parent Portal, Please initial below and return with your student.**
