

ANNUAL NOTIFICATION TO PARENTS, TEACHERS AND EMPLOYEES

The Asbestos Hazard Emergency Response Act of 1986 (AHERA) requires the inspection of all school buildings for asbestos. Meeker Public Schools has complied with the Act. A management plan documenting these inspections is on file for public review. Upon request, you may view the plan which is located in the main office of each school and the administrative office. We will annually notify all parents, teachers and other employees by posting this notice.

Additionally, information regarding any asbestos related activities; planned or in progress, will be disseminated by posting this notice or using handout bulletins, flyers and/or using newspaper public notice statement.
