

SOUTHWEST

WORK HARD | PLAY HARD | EXPECT GREAT THINGS

Upcoming events

- May 21st: SW Best Day Ever
- May 22nd: SW TLAP Day
- May 23rd: SW Little Olympics

- May 24th: SW End of Year Celebration at 8:30am in the Dome

(pictured above) SW 4th graders rehearsing for their Broadway musical show. Thanks to CMS, Mr. Hilterbran, and Mrs. Murray for working with us to be able to use the facilities this year!

Numbers for the month

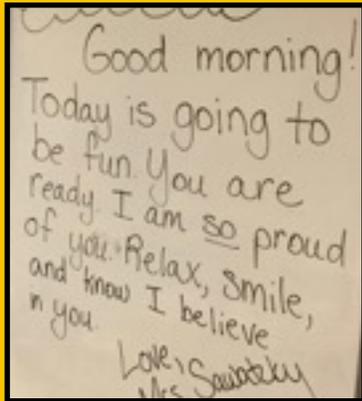

- Our School average growth for Grade Equivalency this year in Reading is 0.9 years. (2nd = 0.9, 3rd = 1.1, 4th = 0.9)
- Our School average growth for Grade Equivalency this year in Math is 1.3 years. (2nd = 1.2, 3rd = 1.4, 4th = 1.4)

**Those are numbers as of 5/9/18*

(Pictured at right) Our faculty and staff do a great job of getting out on game days and supporting our kids that love to play sports. Here Mrs. Gifford and Mrs. Abraham have been watching the Clinton Maroon Coach Pitch team scrimmage.

(Below) We finished our State Testing at SW this month. Most of our kids were welcomed in the morning with messages from the teachers. Some were written on the board, some were handwritten notes. Our Teachers do a great job of letting kids know they're loved.

(Below) This picture is why our Southwest Basketball championships are great. It was an excellent way to teach our kids team building, leadership, school spirit and sportsmanship. Here Mrs. Gifford's 2nd grade boys are getting ready to play their game.

This is Mrs. Boone's 4th grade class with their 2nd grade girls championship trophy! Mrs. Crowdis did a great job of getting our tournament ran this year. The kids had a blast. We finished the week with Championship games being played in the Dome.

(Above) The Clinton PTO has been a strong presence at SW this last year. Especially the last 2 weeks. They've put on "She's with Me Muffins" and also did a great job celebrating our teacher this past week. We are thankful they are enthusiastic about making our schools a great place for everyone involved.

(Below) Mrs. Hernandez and Mrs. Acosta took their students grocery shopping to give them an authentic learning experience. They are pros at getting the most out of their kids because they finds ways to make the learning "real".
