Blake Moody  
Superintendent

## **Middle School Tornado Shelter**

As the spring storm season approaches, NRC wants to extend a sheltering opportunity to our community.

***The school district will provide emergency shelter for patrons during weather emergencies outside of school hours only.***

***The shelter is available during school hours for our students/faculty only.***

***For the public's safety, animals will not be permitted in the school district's tornado shelter.***

Hopefully, we will experience a safe and enjoyable spring season. If dangerous storms do affect our area, we will be following the Pottawatomie County Emergency Management protocol to determine when our shelter will be open.

Please call Superintendent Blake Moody if you have any questions or concerns. Thanks again for your support.
