Dear Parents, Community Members, and Students;

To make our campus safer for our students, beginning this year, we will have a full time "one way" direction of traffic during the entire school day.

Traffic will have to turn right at the four way stop at the corner of the football field and continue around to the back of the Middle School, past the front of the High School, continuing on between the cafeteria and safe room and exiting around the back of the lower Elementary between the Elementary and the Bus Barn, and finally continuing back to the four way stop by the football field and back to HWY 29 the way you came in.

Handicap parking will be available and located in the same areas as last year for each building.

Please see the diagram below. If you have any questions please feel free to call us.

Thank you,

David Eads, Superintendent
