

DATE 11.15.15

FROM: JOSH ADAMS, PRINCIPAL

I. SCHOOL CLIMATE

School climate is great. All the success in the fine arts, volleyball, cross country, and football helped get everybody excited in the fall. We have really good kids right now so disciplinary issues are few and we can trust kids to do the right thing.

II. ACT ASPIRE TESTING

We are finished with the Aspire Testing in the High School. We tested in English, Reading, Science, Math and Writing. The testing went very well. This is a nationally normed test so we will be able to see where our kids stack up to other kids throughout the nation. We are testing Freshmen and Sophomores.

III. VETERANS DAY PROGRAM

The Veterans Day program was Wednesday, November 11th at 10:00 AM in the Kermit Deterding Gymnasium. Kevin Jones was the guest speaker and the high school band and choir participated. We had a lot of people from the community and a lot of veterans attended. It was a really good assembly.

IV. SCHOLARS BOWL

Scholars Bowl has started. We hosted our Wellsville Scholars Bowl meet on November 10th.

VIII. STATE VOLLEYBALL

Our girls competed at Emporia for state volleyball. We had a great turnout of students and community. The girls played hard but did not make it out of pool play. They were also Pioneer League Champions and undefeated in league play.

IX. FOOTBALL

We play Rossville Friday night for the Sub-state championship. If we win, we play the following week in Hutchinson for the State Championship. The last time Wellsville played in the Sub-state Championship game was 2003.
