

When to Use AmeriDoc

Diagnostic Doctors can be hard to reach. Illnesses can occur in the middle of the night or at work and sometimes you have a question that doesn't require an in-person consultation. In all of these circumstances, and many more, AmeriDoc is a convenient solution. Our telehealth service is always accessible complements to primary care.

Common Conditions

In many cases, a visit to the doctor's office can be avoided, saving time and money. Our goal is to make sure you are equipped with all of the tools and resources you need to reduce the cost and frequency of in-person consultations. Part of that effort involves the delivery of care for a growing list of common conditions by U.S. based physicians – via phone, email or video.

Acid reflux	Constipations	Headache	Pneumonia (mild)
Allergeries	Cough	Heartburn	Rashes
Asthma	Diarrhea	Hemorrhoids	Sinus conditions
Bladder infection	Diabetes	High blood pressure	Sore throat
Bronchitis	Fungal infections	Infections	Thyroid conditions
Cold & Flu	Gout	Nausea	Urinary tract infection

IT WAS 3 A.M. AND MY DAUGHTER WAS RUNNING A FEVER. WE CONTACTED THE AMERIDOC TELEMEDICINE SERVICE AND AFTER CREATING OUR ACCOUNT AND UPDATING OUR ONLINE MEDICAL RECORDS OVER THE PHONE, WE WERE TRANSFERRED TO A DOCTOR. AFTER CONSULTING WITH THE DOCTOR ABOUT MY DAUGHTER'S SYMPTOMS, HE WAS ABLE TO PROVIDE ME WITH NOT ONLY A PRESCRIPTION CALLED INTO MY LOCAL PHARMACY, BUT WITH PEACE OF MIND KNOWING MY DAUGHTER WAS OKAY AND I DIDN'T HAVE TO RUN TO THE EMERGENCY ROOM. THANKS AMERIDOC.
