

Pawnee Public Schools

2015 Annual Wellness Policy Review Report

Needs:

1. Having a representative wellness committee inclusive of staff from all levels and varied positions, parents, and community members. Preference for those with a passion for wellness and sharing back with the buildings and families.
2. Planned meeting throughout the year posted for all to see.

Progress made to obtain goals in policy:

1. Committee representations spans most levels at most meetings.
2. Community partner programs are planned for staff and students.
3. All three school sites have applied to be recognized as a "Healthy School".
4. Keystone Food Service implements updated nutrition guidelines.
5. Meetings are posted on the public school-wide calendar. The public is welcome to attend any meeting.
