

**ANDOVER HIGH SCHOOL  
PARENT/GUARDIAN CONSENT FORM  
ATHLETICS, CHEERLEADING, AND DANCE  
2018-2019**

Student athletes participating in athletics, cheerleading, or dance at Andover High School are to adhere to the following cautions, considerations and responsibilities.

1. Parent/Guardian Consent: I hereby give consent for my son/daughter to compete in KSHSAA-approved activities as a representative of Andover High School under the supervision of school employees. I agree that my child as a representative of Andover High School will be responsible for proper behavior as indicated in the student handbook and coaches' rules and regulations.
2. A signed physical form (dated after May 1, 2018), concussion release form, and parent/guardian consent form must be on file with the Andover High School Athletic Office prior to participation.
3. Andover High School Eligibility Policy: I have read the AHS policy regarding standards for participation in athletics, cheerleading, or dance. The eligibility requirements are listed in the student handbook under Section VI Activity Participation. Additionally, I am aware of all Kansas State High School Activity Association eligibility rules. Information regarding KSHSAA rules can be attained at the Andover High School Athletic Office.
4. As a member of KSHSAA, Andover High School students participating in activities and interscholastic athletics under the jurisdiction of the Association have been provided with catastrophic insurance (\$25,000 deductible). **Andover High School does not provide medical coverage for students participating in KSHSAA sponsored activities beyond the KSHSAA policy.** It is recommended that students without personal medical coverage consider purchasing student accident coverage. Information on the KSHSAA summary of coverage and student accident coverage can be attained through the Andover High School Athletic Office.
5. Acknowledgement of Risk of Injury: I understand the dangers inherent and the potential for injury while a student is involved in athletics, cheerleading, or dance at Andover High School. I am aware that the risk of injury ranges from minor strains/sprains, contusions, lacerations, and joint injuries with or without significant internal derangement, fractures and dislocations, to catastrophic injuries resulting in permanent disability of one or more joints, paralysis, and possibly death. As the parent/guardian of the above mentioned student, I understand this warning statement and give my permission for my son/daughter to participate in athletics, cheerleading, or dance at Andover High School. I agree that Andover High School and any of its employees or representatives will not be held liable in the event of bodily injury to my son/daughter. **A statement of my student's health problems is listed on the back of this document.**
6. Athletic, Cheerleading, or Dance Injury Evaluation and Treatment: I hereby give my permission for a certified athletic trainer appointed by USD 385 to evaluate and treat my son/daughter for athletic injuries. I understand that student trainers under the supervision of the certified athletic trainer may provide first aid and treat minor injuries. I understand that my son/daughter may be evaluated and treated for injuries by certified athletic trainers provided by host schools during contests held at other schools. I am informed that my child's health information and privacy are protected through HIPPA federal regulations in which the certified athletic trainers and student aides are trained to follow.
7. School Issued Equipment/Uniforms: I understand that my son/daughter will be responsible for the replacement cost of lost, stolen, or damaged uniforms or equipment when such loss is due to the student's negligence.
8. Care of Personal and School Equipment: A student athlete will be offered the use of a school locker for a \$1 fee while he/she is a member of an AHS athletic, cheerleading, or dance team. The student athlete is responsible for his/her own personal equipment at any AHS facility or the site of any contest or activity. Our coaches will make every reasonable effort to secure locker and competition areas, but student athletes must assume the primary responsibility for their personal and school-issued equipment. Students are expected to lock their possessions inside their assigned locker and to notify their coach of any locker malfunctions or locking issues. Students are provided a combination pad lock. **Replacement locks are \$5 per lock.**

9. Transportation: Any student making an athletic or activity trip sponsored by Andover High School will be required to use transportation provided by the school. This includes the return trip from the activity back to the school. Exceptions to this rule shall be made only at the request of the parent/guardian and with the approval of the coach/sponsor and as authorized by the school administration. Parents/guardians must sign out their student with the sponsoring coach prior to leaving an event. Andover High School is not liable for students who are signed out by a parent/guardian. Students that participate in activities that regularly occur off school grounds (golf, swim, bowling, etc...) will be required to have a transportation waiver signed by the student and parent/guardian on file with the athletic director.

10. Behavior Expectations of Parents/Guardians: The expectations at Andover High School are that all parents and student athletes represent the school in a positive and respectful manner. Sportsmanship is expected to be displayed at all times. Andover High School believes that the athletic arena is for building sportsmanship and character in young adults. Therefore, we feel it is important to model such behavior within our community and as parents. Parents and spectators should be aware that the school can (and should) remove them from the premises and can prohibit them from attending future contests due to undesirable behaviors. Game officials can ask that school administrators have unruly fans removed from a contest facility. The school is responsible for the behavior of their spectators. The school district can be and will be punished for actions of patrons in violation of KSHSAA standards and rules.

The Andover High School Parents of Athletes Handbook can be attained through the Andover High School website or by contacting the Andover High School Athletic Office.

**We certify that we have read, understand, and agree to adhere to the cautions, considerations, and responsibilities required for participation in athletics, cheerleading, or dance at Andover High School.**

## HISTORY FORM (should be filled out by the student and parent/guardian prior to the physical examination)

Name \_\_\_\_\_ Sex \_\_\_\_\_ Age \_\_\_\_\_ Date of birth \_\_\_\_\_  
 Grade \_\_\_\_\_ School \_\_\_\_\_ Sport(s) \_\_\_\_\_  
 Home Address \_\_\_\_\_ Phone \_\_\_\_\_  
 Personal physician \_\_\_\_\_ Parent Email \_\_\_\_\_

PPE is required annually and shall not be taken earlier than May 1 preceding the school year for which it is applicable.

**Medicines and Allergies:** Please list all of the prescription and over-the-counter medicines, inhalers, and supplements (herbal and nutritional) that you are currently taking: \_\_\_\_\_  No Medications

Do you have any allergies?  Yes  No If yes, please identify specific allergy below. \_\_\_\_\_  
 Medicines \_\_\_\_\_  Pollens \_\_\_\_\_  Food \_\_\_\_\_  Stinging Insects \_\_\_\_\_  
 What was the reaction? \_\_\_\_\_

Explain "Yes" answers below. Circle questions you don't know the answers to.

General Questions		Yes	No	Medical Questions		Yes	No
1. Have you had a medical condition or injury since your last check up or sports physical?				27. Do you cough, wheeze, or have difficulty breathing during or after exercise?			
2. Has a doctor ever denied or restricted your participation in sports for any reason?				28. Have you ever used an inhaler or taken asthma medicine?			
3. Do you have any ongoing medical conditions? If so, please identify below: <input type="checkbox"/> Asthma <input type="checkbox"/> Anemia <input type="checkbox"/> Diabetes <input type="checkbox"/> Infections Other: _____				29. Is there anyone in your family who has asthma?			
4. Have you ever spent the night in the hospital?				30. Were you born without or are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?			
5. Have you ever had surgery?				31. Do you have groin pain or a painful bulge or hernia in the groin area?			
<b>Heart Health Questions About You</b>				32. Have you had infectious mononucleosis (mono) within the last month?			
6. Have you ever passed out or nearly passed out DURING or AFTER exercise?				33. Do you have any rashes, pressure sores, or other skin problems?			
7. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?				34. Have you had a herpes or MRSA skin infection?			
8. Does your heart ever race or skip beats (irregular beats) during exercise?				35. Have you ever had a head injury or concussion? If yes, how many? _____ What is the longest you've been held out of sports or school? _____ When were you last released? _____			
9. Has a doctor ever told you that you have any heart problems? If so, check all that apply: <input type="checkbox"/> High blood pressure <input type="checkbox"/> A heart murmur <input type="checkbox"/> High cholesterol <input type="checkbox"/> A heart infection <input type="checkbox"/> Kawasaki disease <input type="checkbox"/> Other: _____				36. Have you ever had a hit or blow to the head that caused confusion, prolonged headache, or memory problems?			
10. Has a doctor ever ordered a test for your heart? (For example, ECG/EKG, echocardiogram)				37. Do you have a history of seizure disorder?			
11. Do you get lightheaded or feel more short of breath than expected during exercise?				38. Do you have headaches with exercise?			
12. Have you ever had an unexplained seizure?				39. Have you ever had numbness, tingling, or weakness in your arms or legs after being hit or falling (Stinger/Burner/Pinched Nerve)?			
13. Do you get more tired or short of breath more quickly than your friends during exercise?				40. Have you ever been unable to move your arms or legs after being hit or falling?			
<b>Heart Health Questions About Your Family</b>				41. Have you ever become ill while exercising in the heat?			
14. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 50 (including drowning, unexplained car accident, or sudden infant death syndrome)?				42. Do you get frequent muscle cramps when exercising?			
15. Does anyone in your family have hypertrophic cardiomyopathy, Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy, long QT syndrome, short QT syndrome, Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia?				43. Do you or someone in your family have sickle cell trait or disease?			
16. Does anyone in your family have a heart problem, pacemaker, or implanted defibrillator?				44. Have you had any problems with your eyes or vision?			
17. Has anyone in your family had unexplained fainting, unexplained seizures, or near drowning?				45. Have you had any eye injuries?			
<b>Bone And Joint Questions</b>				46. Do you wear glasses or contact lenses?			
18. Have you ever had an injury to a bone, muscle, ligament, or tendon that caused you to miss a practice or a game?				47. Do you wear protective eyewear, such as goggles or a face shield?			
19. Have you ever had any broken or fractured bones or dislocated joints?				48. Do you worry about your weight?			
20. Have you ever had an injury that required x-rays, MRI, CT scan, injections, therapy, a brace, a cast, or crutches?				49. Are you trying to or has anyone recommended that you gain or lose weight?			
21. Have you ever had a stress fracture?				50. Are you on a special diet or do you avoid certain types of foods?			
22. Have you ever been told that you have or have you had an x-ray for neck instability or atlantoaxial instability? (Down syndrome or dwarfism)				51. Have you ever had an eating disorder?			
23. Do you regularly use a brace, orthotics, or other assistive device?				52. Do you have any concerns that you would like to discuss with a doctor?			
24. Do you have a bone, muscle, or joint injury that bothers you?				<b>Females Only</b>			
25. Do any of your joints become painful, swollen, feel warm, or look red?				53. Have you ever had a menstrual period?			
26. Do you have any history of juvenile arthritis or connective tissue disease?				54. If yes, are you experiencing any problems or changes with athletic participation (i.e., irregularity, pain, etc.)?			
				55. How old were you when you had your first menstrual period?			
				56. How many periods have you had in the last 12 months?			

Explain "yes" answers here

I hereby state that, to the best of my knowledge, my answers to the above questions are complete and correct.

# ATTENTION PARENTS AND STUDENTS

## KSHSAA ELIGIBILITY CHECKLIST

PPE shall not be taken earlier than May 1 preceding the school year for which it is applicable.

**NOTE: Transfer Rule 18 states in part, a student is eligible transfer-wise if:**

**BEGINNING SEVENTH GRADER**—A seventh grader, at the beginning of his or her seventh grade year, is eligible under the Transfer Rule at any school he or she may choose to attend. In addition, age and academic eligibility requirements must also be met.

**BEGINNING NINTH GRADERS IN A THREE-YEAR JUNIOR HIGH SCHOOL**—So that ninth graders of a three-year junior high are treated equally to ninth graders of a four-year senior high school, a student who has successfully completed the eighth grade of a two-year junior high/middle school, may transfer to the ninth grade of a three-year junior high school at the beginning of the school year and be eligible immediately under the Transfer Rule. Such a ninth grader must then, as a tenth grader, attend the feeder senior high school of their school system. Should they attend a different school as a tenth grader, they would be ineligible for eighteen weeks.

**ENTERING HIGH SCHOOL FOR THE FIRST TIME**—A senior high school student is eligible under the Transfer Rule at any senior high school he or she may choose to attend when senior high is entered for the first time at the beginning of the school year. In addition, age and academic eligibility requirements must also be met.

### For Middle/Junior High and Senior High School Students to Retain Eligibility

Schools may have stricter rules than those pertaining to the questions above or listed below. Contact the principal or coach on any matter of eligibility. A student to be eligible to participate in interscholastic activities must be certified by the school principal as meeting all eligibility standards.

All KSHSAA rules and regulations are published in the official *KSHSAA Handbook* which is distributed annually and is available at your school principal's office.

Below Are Brief Summaries Of Selected Rules. Please See Your Principal For Complete Information.

- Rule 7 Physical Evaluation - Parental Consent**—Students shall have passed the **attached evaluation** and have the written consent of their parents or legal guardian.
- Rule 14 Bona Fide Student**—Eligible students shall be a **bona fide undergraduate member** of his/her school in good standing.
- Rule 15 Enrollment/Attendance**—Students must be regularly **enrolled and in attendance** not later than Monday of the fourth week of the semester in which they participate.
- Rule 16 Semester Requirements**—A student shall not have more than two semesters of possible eligibility in grade seven and two semesters in grade eight. A student shall not have more than eight consecutive semesters of possible eligibility in grades nine through twelve, regardless of whether the ninth grade is included in junior high or in a senior high school.  
*NOTE: If a student does not participate or is ineligible due to transfer, scholarship, etc., the semester(s) during that period shall be counted toward the total number of semesters possible.*
- Rule 17 Age Requirements**—Students are eligible if they are not 19 years of **age (16, 15 or 14 for junior high or middle school student)** on or before August 1 of the school year in which they compete.
- Rule 19 Undue Influence**—The use of **undue influence** by any person to secure or retain a student shall cause ineligibility. If tuition is charged or reduced, it shall meet the requirements of the KSHSAA.
- Rules 20/21 Amateur and Awards Rules**—Students are eligible if they have not **competed under a false name** or for money or merchandise of intrinsic value, and have observed all other provisions of the Amateur and Awards Rules.
- Rule 22 Outside Competition**—Students may not engage in **outside competition** in the same sport during a season in which they are representing their school.  
*NOTE: Consult the coach, athletic director or principal before participating individually or on a team in any game, training session, contest, or tryout conducted by an outside organization.*
- Rule 25 Anti-Fraternity**—Students are eligible if they are not members of any **fraternity** or other organization prohibited by law or by the rules of the KSHSAA.
- Rule 26 Anti-Tryout and Private Instruction**—Students are eligible if they have not participated in **training sessions or tryouts** held by colleges or other outside agencies or organizations in the same sport while a member of a school athletic team.
- Rule 30 Seasons of Sport**—Students are not eligible for more than **four seasons** in one sport in a four-year high school, three seasons in a three-year high school or two seasons in a two-year high school.

Student's Name \_\_\_\_\_

(PLEASE PRINT CLEARLY)

To be eligible for participation in interscholastic athletics/spirit groups, a student must have on file with the superintendent or principal, a signed statement by a physician, chiropractor, physician's assistant who has been authorized to perform the examination by a Kansas licensed supervising physician or an advanced practice registered nurse who has been authorized to perform this examination by a Kansas licensed supervising physician, certifying the student has passed an adequate physical examination and is physically fit to participate (See KSHSAA Handbook, Rule 7). A complete history and physical examination must be performed annually before a student participates in KSHSAA interscholastic athletics/cheerleading.

The annual history and the physical examination shall not be taken earlier than May 1 preceding the school year for which it is applicable. The KSHSAA recommends completion of this evaluation by athletes/cheerleaders at least one month prior to the first practice to allow time for correction of deficiencies and implementation of conditioning recommendations.

## Parent or Guardian Consent

I do not know of any existing physical or any additional health reasons that would preclude participation in activities. I certify that the answers to the questions in the **HISTORY** part of the Preparticipation Physical Examination (PPE), are true and accurate. I approve participation in activities. I hereby authorize release to the KSHSAA, school nurse, certified athletic trainer (whether employee or independent contractor of the school), school administrators, coach and medical provider of information contained in this document. Upon written request, I may receive a copy of this document for my own personal health care records.

I acknowledge that there are risks of participating, including the possibility of catastrophic injury.

I hereby give my consent for the above student to compete in KSHSAA approved activities, and to accompany school representatives on school trips and receive emergency medical treatment when necessary. It is understood that neither the KSHSAA nor the school assumes any responsibility in case of accident. The undersigned agrees to be responsible for the safe return of all equipment issued by the school to the student.

**The above named student and I have read the  
KSHSAA Eligibility Checklist  
and how to retain eligibility information listed in this form.**

### For Middle/Junior High and Senior High School Students to Determine Eligibility When Enrolling

If a **negative** response is given to any of the following questions, this enrollee should contact his/her administrator in charge of evaluating eligibility. This should be done before the student is allowed to attend his/her first class and prior to the first activity practice. If questions still exist, the school administrator should telephone the KSHSAA for a final determination of eligibility. (Schools shall process a Certificate of Transfer Form *TE* on **all** transfer students.)

**YES NO**

1.   Are you a bona fide student in **good standing** in school? (If there is a question, your principal will make that determination.)
2.   Did you **pass at least five new subjects (those not previously passed)** last semester? (The KSHSAA has a minimum regulation which requires you to pass at least five subjects of unit weight in your last semester of attendance.)
3.   Are you planning to **enroll in at least five new subjects (those not previously passed)** of unit weight this coming semester? (The KSHSAA has a minimum regulation which requires you to enroll and be in attendance in at least five subjects of unit weight.)
4.   Did you **attend** this school or a feeder school in your district last semester? (If the answer is "no" to this question, please answer Sections a and b.)
  - a. Do you reside with your parents?
  - b. If you reside with your parents, have they made a permanent and bona fide move into your school's attendance center?

The student/parent authorizes the school to release to the KSHSAA student records and other pertinent documents and information for the purpose of determining student eligibility. The student/parent also authorizes the school and the KSHSAA to publish the name and picture of student as a result of participating in or attending extra-curricular activities, school events and KSHSAA activities or events.

**KSHSAA RECOMMENDED CONCUSSION & HEAD INJURY INFORMATION RELEASE  
FORM  
2018-2019**

**This form must be signed by all student athletes and parent/guardians before the student participates in any athletic or spirit practice or contest each school year.**

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

<b>Symptoms may include one or more of the following:</b>	
<ul style="list-style-type: none"> <li>• Headaches</li> <li>• “Pressure in head”</li> <li>• Nausea or vomiting</li> <li>• Neck pain</li> <li>• Balance problems or dizziness</li> <li>• Blurred, double, or fuzzy vision</li> <li>• Sensitivity to light or noise</li> <li>• Feeling sluggish or slowed down</li> <li>• Feeling foggy or groggy</li> <li>• Drowsiness</li> <li>• Change in sleep patterns</li> </ul>	<ul style="list-style-type: none"> <li>• Amnesia</li> <li>• “Don’t feel right”</li> <li>• Fatigue or low energy</li> <li>• Sadness</li> <li>• Nervousness or anxiety</li> <li>• Irritability</li> <li>• More emotional</li> <li>• Confusion</li> <li>• Concentration or memory problems (forgetting game plays)</li> <li>• Repeating the same question/comment</li> </ul>

<b>Signs observed by teammates, parents, and coaches include:</b>	
<ul style="list-style-type: none"> <li>• Appears dazed</li> <li>• Vacant facial expression</li> <li>• Confused about assignment</li> <li>• Forgets plays</li> <li>• Is unsure of game, score, or opponent</li> <li>• Moves clumsily or displays incoordination</li> <li>• Answers questions slowly</li> <li>• Slurred speech</li> </ul>	<ul style="list-style-type: none"> <li>• Shows behavior or personality changes</li> <li>• Can’t recall events prior to hit</li> <li>• Can’t recall events after hit</li> <li>• Seizures or convulsions</li> <li>• Any change in typical behavior or personality</li> <li>• Loses consciousness</li> </ul>

Adapted from the CDC and the 3rd International Conference in Sport

**What can happen if my child keeps on playing with a concussion or returns too soon?**

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one (second impact syndrome). This can lead to prolonged recovery, or even to severe brain swelling with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

## **If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after sustaining a concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from a Medical Doctor (MD) or Doctor of Osteopathic Medicine (DO). Close observation of the athlete should continue for several hours. You should also inform your child's coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. **When in doubt, the athlete sits out!**

### **Cognitive Rest & Return to Learn**

The first step to concussion recovery is cognitive rest. This is essential for the brain to heal. Activities that require concentration and attention such as trying to meet academic requirements, the use of electronic devices (computers, tablets, video games, texting, etc.), and exposure to loud noises may worsen symptoms and delay recovery. Students may need their academic workload modified while they are initially recovering from a concussion. Decreasing stress on the brain early on after a concussion may lessen symptoms and shorten the recovery time. This may involve staying home from school for a few days, followed by a lightened school schedule, gradually increasing to normal. Any academic modifications should be coordinated jointly between the student's medical providers and school personnel. No consideration should be given to returning to physical activity until the student is fully integrated back into the classroom setting and is symptom free. Rarely, a student will be diagnosed with post-concussive syndrome and have symptoms that last weeks to months. In these cases, a student may be recommended to start a non-contact physical activity regimen, but this will only be done under the direct supervision of a healthcare provider.

### **Return to Practice and Competition**

The Kansas School Sports Head Injury Prevention Act provides that if an athlete suffers, or is suspected of having suffered, a concussion or head injury during a competition or practice, the athlete must be immediately removed from the competition or practice and cannot return to practice or competition until a Health Care Professional has evaluated the athlete and provided a written authorization to return to practice and competition. The KSHSAA recommends that an athlete not return to practice or competition the same day the athlete suffers or is suspected of suffering a concussion. The KSHSAA also recommends that an athlete's return to practice and competition should follow a graduated protocol under the supervision of the health care provider (MD or DO).

For current and up-to-date information on concussions you can go to:
