In accordance with FERPA, you are required to be notified of those rights, which include:

- The right to review and inspect all educational records except those which are specifically exempted.
- The right to request your educational records be amended if you believe the records are misleading, inaccurate, or otherwise in violation of your rights. This right includes the right to request a hearing at which you may present evidence to show why the record should be changed if your request for an amendment to your records is denied in the first instance.
- The right to file a complaint with the Family Policy and Regulations Office at the U.S. Department of Education if you believe USD #385 has failed to comply with FERPA's requirements. The address of this office is 400 Maryland Avenue SW, MES, Room #4074, Washington, D.C. 20202.

If refusal is not filed, USD #385 assumes there is no objection to the release of the directory information designated.

PICTURES

School pictures are taken at the beginning of school for use in the school yearbook. You are not required to purchase a picture packet; however, seniors will pay a \$10 Senior Photo Composite Fee for their picture to appear on the senior class hall panel.

SECTION II ACADEMICS

CLASS CHANGE POLICY

Students desiring to change their schedule must have written permission of the parent(s), principal and counselor. Such applications must be made within three school days after the beginning of each semester or at principal's discretion. Reasons for class changes are generally limited to improper academic placement or a student's desire for an increase in academic rigor.

Students will not be permitted to withdraw from a class after the deadline except for highly unusual circumstances (low grades will not constitute an unusual circumstance). When the student is removed after the deadline they will not be re-enrolled in a credit class. If the withdrawal occurs after the 5th week (3rd week for blocked classes) an "F" will be recorded on the student's transcript for the course that was dropped.

TESTING PROGRAM-II

The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and any state required tests. The comprehensive testing program is an aid for students, parents and teachers in appraising student progress and making decisions about future educational and post-educational activities. The school-testing schedule will be issued in the district newsletter and is available in the high school office.

GRADING CLASSIFICATION

"A"-Superior, "B"-Above Average, "C"-Average, "D"-Below Average, "F"-Not Passing. (Plus and minus will not be used on transcripts). A "pass" (P), "fail" (F) grade will be issued for student aides, work-study and community service courses. Only semester grades will be reflected on student transcripts. Consortium classes and study skills may have an alternate grading scale as outlined in teacher syllabus.

All classes taken and the grades recorded on an individual's transcript shall be included in the determination of a grade point average. This includes all summer school courses. The only exception to this would be any class graded as pass/fail or satisfactory/unsatisfactory. Students GPA's do not reflect a pass grade in pass/fail courses. However, the GPA's will reflect a grade of "F".

Beginning 2018-2019 there will be a new weighted grading system. Honors courses will be on a 4.5 scale and AP courses will be on a 5.0 scale. For a complete list, please check the enrollment guide. The complete scale is as follows:

Letter Grade	Percentage	4.0 Grading Scale	4.5 Grading Scale	5.0 Grading Scale
A	90%-100%	4 points	4.5 points	5 points
B	80%-89%	3 points	3.5 points	4 points
C	70%-79%	2 points	2.5 points	3 points
D	60%-69%	1 point	1.5 point	2 points
F	Below 60%	0 points	0 points	0 points

Incomplete is not a passing grade. Grades transferred from other institutions will be computed on a four-point, non-weighted basis.

Incomplete grades for unfinished course requirements must be removed within one week after the close of the grading period, unless the teacher and administration approve prior arrangements. If the material is not handed in, the final grade will be computed according to the work submitted at that time. For eligibility purposes, at the end of each semester, an "incomplete" is considered as an "F" per KSHSAA regulations. Incomplete grades cannot be made up for eligibility purposes after the close of the semester.

REPORT CARDS

Periodic reports to parents can be either written, by telephone or individual conference during the interim between formal reports being issued. Staff shall contact parents of students who are failing to master the learning objectives or whose grades have shown a decrease since the last formal reporting period. Students and parents are reminded that grades, attendance and discipline can be accessed at any time through PowerSchool. Please call your school office if you have difficulty accessing the information.

Final semester grades are available at any time in PowerSchool. If you require a hard copy of the semester grades, please contact your school's registrar office.

TRANSCRIPTS

Transcripts marked "Unofficial" are given to students. All "Official" transcripts are electronically sent or mailed to the school requested by the student or parent. Students are encouraged to request a transcript through the use of the on-line transcript process on the school website.

PARENT/STUDENT/TEACHER CONFERENCES-

Parents and students are encouraged to request a conference with teachers at any time convenient to all parties. School-wide parent-teacher conferences will be scheduled once each semester.

HONOR ROLL

The categories are Principal's Honor Roll, Blue Honor Roll. To be on the Principal's Honor Roll, a student must take 6 classes and have a 4.0 GPA. The Blue Honor Roll will be for students having a minimum GPA of 3.5 and receiving no grades lower than a "C".

GRADUATION HONORS LATIN SYSTEM

Graduating seniors in the top 10% of their graduating class, will be recognized as Cum Laude (Honors) graduates. All GPA's used will be on the weighted scale: Summa Cum Laude 4.0+ GPA, Magna Cum Laude 3.80-3.999 GPA, Cum Laude 3.60-3.799 GPA

VALEDICTORIAN AND SALUTATORIAN GPA-IDA

The grade point average used to determine the valedictorian and salutatorian of the senior class will be based on all grades recorded on the student's transcript including the 7th semester. This will include all grades issued for summer school work and drivers education.

NATIONAL HONOR SOCIETY

The National Honor Society was established to recognize the academic achievement of students while developing other characteristics essential to citizens in a democracy. Scholarship, Character, Service and Leadership are the characteristics used to determine membership in this society. To gain membership, the student must display outstanding achievement in all of the areas.

To become a member, a student must be at least a second semester sophomore and have been in attendance at USD #385 Schools for a least one semester. Those students with a cumulative grade point average of 3.5 will be prospective candidates. A faculty council consisting of 5 members reviews the student activity information forms completed by the eligible students. In addition, the council reviews faculty recommendations and determines which students meet the criteria for membership in National Honor Society. Specific information about National Honor Society and the membership process is available through the NHS sponsor.

ACADEMIC LETTERS

Students may earn an academic letter by meeting one of the following criteria:

1. Earning recognition on the Principal's Honor Roll for three semesters(4.0).
2. Earning recognition on the Blue Honor Roll for four semesters(3.5-3.9).

CLASS RANKS

Class rankings will be determined based on all grades recorded on the student's transcript.

GRADUATION REQUIREMENTS-IHF

To be eligible for graduation from Andover U.S.D. #385, a student **must** meet the following minimum requirements before the Board of Education may grant a diploma.

The following is a list of credits a student **must** earn.
 - a. Language Arts--4 credits (one credit must be taken each year)

count for high school credit. However, students transferring from another school district may receive high school credit if that district's high school had accepted and recorded these credits on the student's high school transcript.

- b. To be classified as a sophomore, a student must have earned a minimum of six (6) credits from an accredited school in grade 9.
- c. To be classified as a junior, a student must have earned a minimum of twelve (12) credits from an accredited school in grades 9 and 10.
- d. To be classified as a senior, a student must have earned a minimum of eighteen (18) credits from an accredited school in grades 9, 10 and 11.

EARLY GRADUATION-JFCA

The student must reasonably be expected to satisfactorily complete all state and local graduation requirements of subjects and credit units or their accepted equivalents in order for consideration to be given to any request. Each request is to be determined by the building principal on the merits of the individual circumstances; one case shall not set a precedent for others. A student who, for educational and vocational reasons, wishes to graduate from high school in less time than the normal four-year grade 9-12 sequence may request permission for early graduation. The student and parents shall consult with high school administrative and/or guidance personnel in order to develop a graduation plan. The student shall request, in writing to the building principal, permission for early graduation with reason supporting the plan and request. Examples of reasons to be given consideration are: Hardship circumstances, Vocational opportunities, Enlistment in the military occupations, Pursuit of a continuous specialized education objective, and College entrance. A parent or legal guardian of the student must submit a letter in support of the student's request for early graduation, and such letter is to accompany the student's written request. The request letters are to be submitted no later than six months prior to the anticipated completion of the required high school program. The board will receive a written record of all approved early graduation requests.

Tests that have been scheduled in advance and long-term assignments need to be completed within a reasonable period of time per the agreement with all parties. Teachers may establish specific guidelines related to long-term assignments on an individual class basis.

ACADEMIC DISHONESTY

Academic dishonesty is not acceptable. Cheating, defined as copying another's work and claiming it as your own and plagiarism, defined as the use of another person's original ideas or writing with-

out giving credit to the true author, are both prohibited practices. Materials taken from electronic sources are covered by this policy. A student who engages in any form of academic dishonesty will be subject to the loss of credit for the work in question, as well as other disciplinary measures.

AIDS AND SEXUALITY CURRICULUM INSPECTION-IKCA

The human sexuality and AIDS curriculum is available for inspection. It is available for the public at the high school administrative office.

OPT-OUT - IKCA

A parent or guardian (or student eighteen years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district's required curriculum.

VOCATIONAL OR OTHER WORK EXPERIENCE-JJ

A student who works in a board-approved vocational or other work-experience program shall have a schedule developed cooperatively by the employer and the supervising teacher and approved by the principal prior to beginning the work activity.

SECTION III ATTENDANCE

COMPULSORY ATTENDANCE REQUIREMENTS-JBE

The administration will enforce the Kansas State Law on Compulsory Attendance. Kansas's law requires students to attend school until the age of 18. Students who are hospitalized or suffering from a long-term illness, as determined by the administration and while under the care of a licensed physician, will be exempt for this provision. Sixteen and seventeen-year-olds may be exempt from the compulsory attendance requirement if:

- They have attained a diploma or GED; or
- They are enrolled in an approved alternative education program recognized by the local board of education; or
- A court orders exemption; or
- The parent or person acting as parent consents in writing to their child being exempt from the requirement and the child and parent attend a final counseling session conducted by the school to sign a disclaimer.

The law requires the disclaimer to include the following information:

- The academic skills the child has not yet achieved;
- The difference in future earning power between a high school graduate and a high school dropout; and
- A list of educational alternatives available to the child.

Students age 16 or 17 who are not exempt shall be reported as truant. See "Attendance/Truancy".

TRUANCY-JBD, JBE

Unless reporting would violate the terms of any memorandum of understanding between the district and the authority to which reports would be made, the building principal shall report students who are inexcusably absent from school to the appropriate authority. Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. Students who are absent for a significant

part of any school day shall be considered truant. When law enforcement officials return a truant child to school, the principal shall notify the parent or guardian.

EXCUSED ABSENCES-JBD

When a student is absent from school, an attempt shall be made to contact the parent or guardian to determine the reason for the absence. The principal has been designated to determine the acceptability and validity of excuses presented by the parent(s) or the student.

Procedures for notifying parents on the day of a student's absence shall be published in the student handbook.

Excused/Unexcused Absences

The definition of "excused absence" includes the following:

- Personal illness;
- Health-related treatment, examination, or recuperation;
- Serious illness or death of a member of the family;
- Obligatory religious observances;
- Participation in a district-approved or school sponsored activity or course;
- Absences prearranged by parents and approved by the principal; and
- Students of active duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.

All absences which do not fit into one of the above categories would be considered an unexcused absence. Absences during a period of suspension or expulsion from the district shall not be considered as excused absences.

All vacations must be prearranged with the office at least 5 days prior to the student leaving. The vacation will be excused only in as much as it falls within the 7-day absence limit. Any days, which exceed the 7-day limit, will be counted as unexcused. The student will be responsible for notifying each teacher and completing all assigned work prior to leaving.

DEFINITION OF UNEXCUSED ABSENCES-JBD

A student is unexcused when he/she is absent without a valid excuse for absence. When school is in session, leaving without receiving permission from the office will be counted as unexcused.

CONSEQUENCES FOR UNEXCUSED ABSENCES

Students who have an unexcused absence will lose credit for all work missed during that class period. Students will be assigned 1 hour detention for each hour of unexcused absence, IF THE ENTIRE DAY IS MISSED STUDENTS WILL BE ASSIGNED 8 HOURS.

SIGNIFICANT PART OF SCHOOL DAY

For purpose of all attendance rules, a significant part of the school day is 2 hours or more. Every 7 hours of individual unexcused absences will be considered a school day.

ATTENDANCE PROCEDURES

If the student is absent, we ask that the parent call the high school and ask for the Attendance Secretary. Please do so as early as possible on the day of the absence. (The office phones are in operation beginning at 7:30 a.m.) Parents who do not contact the school by phone need to send a written excuse with the student when he/she returns to school. Any student not excused by a phone call on the day of absence or by a written note on the day they return to school will be classified as unexcused until the parent contacts the school. Students have two school days from the time of the absence to clear up unexcused absences.

SIGN IN/SIGN OUT

Students must sign in when arriving at school. Students must sign out in the office before leaving school premises during the school day.

RELEASE OF STUDENT DURING SCHOOL-JBH

Students shall not be released during the school day except upon a written or verbal request from the student's parent or person acting as a parent. Before releasing a student during the school day, the building principal shall verify the identity of the person seeking release of the student. If the principal is not satisfied with the identification provided by the person seeking release of a student, the student's release may be refused.

Students shall not be allowed to run personal errands for school employees off school premises during the school day.

LEAVING CAMPUS-JBD

Students are not allowed to leave the building at any time without receiving permission from the office, under the direct supervision of a staff member or in case of an emergency. If a student goes to the parking lot without permission, it will be considered willful disobedience.

TARDIES

When a student is tardy to 1st hour, they must report to the office before going to first hour. The office will record the tardy and issue a pass to the student for admittance to 1st hour.

Any student who is late without a pass to any class is considered tardy. Students who are more than 10 minutes late to class will be considered unexcused for the hour. Students are tardy if they are not in the classroom when the bell begins to ring. Building Staff may further stipulate what constitutes a tardy, (i.e. must be in the seat when the bell rings).

Students are allowed 1 excused tardy per class, each semester. Beginning with the 2nd tardy, 30 minutes detention time will be assigned by the classroom teacher to be served in the school wide detention room. See "Discipline Consequences".

COLLEGE VISITS

Juniors and seniors will be allowed an appropriate number of days for college visitations. In addition, these days can only be excused if the student is within the semester's seven-day absence limit. Exceptions must be pre-arranged with the administration.

All college visitations are to be completed before May 1st and will be discouraged for the last week of first semester. (Exceptions to be approved by a counselor and the principal).

SECTION IV

STUDENT CONDUCT/DISCIPLINE

BEHAVIOR/CONDUCT-JCD, JCDA, JDD & EBC

Students are expected to assume their share of responsibility in maintaining an atmosphere conducive to learning in all classes and activities in which they participate under the sponsorship of the school. The specific acts of behavior applicable to students in respect to school activities or on school property, which are deemed to be grounds for detention, suspension or expulsion are on the following pages.

Student self-discipline is essential in the operation of a school. Students are expected to conduct themselves in a manner that will not interfere with the rights of others and are expected to be responsible for their own behavior. Administrators and/or teachers are willing to discuss any ques-

tions you may have about what is expected of a student. It is not our intent to provide a list of all behavioral guidelines that are to be followed. In general, good common sense will help dictate the appropriate behavior necessary to have a satisfactory experience in high school. On the other hand, some policies and regulations need to be provided to give you a guideline with current building and board of education policies.

Students may be disciplined for any of the following reasons:

- willful violation of any published regulation for student conduct adopted or approved by the board of education;
- conduct which substantially disrupts, impedes, or interferes with school operation of any public school;
- conduct which endangers the safety of others or which substantially impinges upon or invades the rights of others at school, on school property, or at a school supervised activity;
- conduct, which if the pupil is an adult, constitutes the commission of a felony or, if the pupil is a juvenile would constitute the commission of a felony if committed by an adult;
- conduct at school, on school property, or at a school supervised activity which, if the pupil is an adult, constitutes the commission of a misdemeanor or, if the pupil is a juvenile, would constitute the commission of a misdemeanor if committed by an adult;
- disobedience of an order of a teacher, peace officer, school security officer or other school authority when such disobedience can reasonably be anticipated to result in disorder, disruption or interference with the operation of any public school or substantial and material impingement upon or invasion of the rights of others.

The district shall cooperate with law enforcement in security matters and shall, as required by law, report criminal acts committed at school, on school property or at school-sponsored activities.

WEAPONS-JDE, JCDBB

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon at school, on school property or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon.

Weapons and Destructive Devices: As used in this policy, the term "weapon" and/or destructive device shall include, but shall not be limited to:

- any weapon which will or is designed to or may readily be converted to expel a projectile by the action of an explosive;
- the frame or receiver of any weapon described in the preceding example;
- any firearm muffler or firearm silencer;
- any explosive, incendiary or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than ¼ ounce, mine or similar device;
- any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant- and which has any barrel with a bore of more than ½ inch in diameter; any combination of parts either designed or intended for use in converting any device into a destructive device described in the two immediately preceding examples, and from which a destructive device may be readily assembled;
- any bludgeon, sand club, metal knuckles or throwing star;
- any knife, commonly referred to as a switchblade, which has a blade that opens automatically by hand pressure applied to a button, spring or other device in the handle of

the knife, or any knife having a blade that opens, or falls, or is ejected into position by the force of gravity or by an outward, downward or centrifugal thrust or movement.

- any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun.

Penalties for Weapon Violations

Possession of a firearm or other weapon listed under the "Weapons and Destructive Devices" heading above shall result in expulsion from school for a period of one calendar year, except the superintendent may recommend this expulsion requirement be modified on a case-by-case basis. Possession of, handling of, and/or transmitting a weapon of a type other than described under the "Weapons and Destructive Devices" heading above, an item being used as a weapon or destructive device, or a facsimile of a weapon may result in disciplinary action up to and including suspension or expulsion. The superintendent or the superintendent's designee shall conduct expulsion hearings for weapons violations. Students violating this policy shall be reported as to the appropriate law enforcement agency(ies) and, if a juvenile to the Secretary for DCF or the Secretary of KDOC as appropriate.

VANDALISM-EBCA

The board shall seek restitution according to law for loss and damage sustained by the district.

When a juvenile is involved in vandalism to district property, the principal shall contact the parents and explain their legal responsibility. The parents shall be notified in writing of the dollar amount of loss or damage.

Juveniles or their parents shall make restitution payments to the business office and accounts shall be kept. Persons of legal age shall be held responsible for their own payments. If necessary, provisions may be made for installment payments. Accounts not paid in full within the specified time may be processed for legal action.

HAZING, HARASSMENT, INTIMIDATION, BULLYING & MENACING

The board is committed to providing a positive and productive learning and working environment. Hazing, harassment, intimidation, menacing or bullying by students, staff or third parties is strictly prohibited and shall not be tolerated in the district and all school sponsored activities.

BULLYING

The board of education prohibits bullying in any form, **including any electronic means**, on school property, in a school vehicle or at a school-sponsored activity or event. The administration shall propose and the board shall review a plan to address bullying on school property, in a school vehicle or at a school sponsored activity or event.

(1) "Bullying" means:

- (a) Any intentional gesture or any intentional written, verbal or physical act or threat that is sufficiently severe, persistent or pervasive that creates an intimidating, threatening or abusive educational environment for a student or staff member that a reasonable person, under the circumstances, knows or should know will have the effect of:
 - (1) Harming a student or staff member, whether physically or mentally;
 - (2) Damaging a student's or staff member's property;
 - (3) Placing a student or staff member in reasonable fear of harm to the student or staff

member; or

- (4) Placing a student or staff member in reasonable fear of damage to the student's or staff member's property; or
 - (b) Any form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted pursuant to this section or subsection (e) of K.S.A. 772-8205 and amendments thereto.
- (2) "School vehicle" means: any school bus, school van, other school vehicle and private vehicle used to transport students or staff members to and from school or any school-sponsored activity or event.

SEXUAL HARASSMENT-(SEE GAAC, GAAD, GAF & KN) JGEC

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual's education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive academic environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of

such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt corrective action to end the harassment.

Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. The building principal or district compliance coordinator shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure in policy KN.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct. If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

An employee who witnesses an act of sexual harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or DCF authorities. (See GAAD)

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect upon the individual's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee. False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials may be posted in each district facility. The policy may also be published in student, parent, and employee handbooks as directed by the district compliance coordinator. Notification of the policy may be included in the

District newsletter or published in the local newspaper annually.

RACIAL OR DISABILITY HARASSMENT-JGECA

Racial harassment is unlawful discrimination on the basis of race, color, or national origin under Titles VI and VII Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. When acts of harassment are substantiated, appropriate action will be taken against the offender. Disciplinary actions may include reprimand, probation, suspension and expulsion or other actions as determined to be appropriate by the administration.

Neatness and decency are emphasized as guidelines for the dress code. Clothing that is worn to school should not violate the rules of decency, offend the standards of other students, promote unsafe conditions, or detract from the educational process. Transportation may be denied to students who are detained after school for disciplinary reasons. Students who use school-provided transportation must conduct themselves in an orderly fashion and follow the safety rules and regulations provided by the bus driver. Students shall be subject to the district's student behavior code and other regulations. See "Behavior/Conduct".

The principal may suspend or revoke the transportation privilege of a student who violates any rule or regulation.

SRO OFFICER/POLICE/SECURITY

USD #385 and the high schools, in joint partnership with the City of Andover, may contract for a School Resource Officer. This officer will act as an employee of the school district until such time as any incident rises to the level of a crime, requires a criminal investigation or until such time that the school administration notifies the officer that he is in a law enforcement capacity. The school administration reserves the right to use police/security at school functions. USD #385 crime stoppers can be reached at 734-9638 or e-mail crimestopper@usd385.org.

INTERROGATIONS AND INVESTIGATIONS-JCAC

Building administrators and others designated by the superintendent may conduct investigations and question students about infractions of school rules or the student conduct code. If there is reason to believe a violation of a criminal law has been committed, the principal shall notify the appropriate law enforcement agency and may request further investigation of the alleged violation.

When law enforcement officers, including parole officers, enter the high school, they are required to check in with the administration. Prior to speaking with a student, the administration will make every effort to contact the parent/guardian unless the parent or guardian is part of the investigation. The administrator involved shall document notification or attempted notification of parent, guardian or representative. If a student's parent, guardian or representative is not present during questioning of a student, the principal or certified school staff member shall be present. If a hearing is not held prior to the suspension, an informal hearing shall be provided no later than 72 hours after imposition of a short-term suspension. Written notice of any short-term suspension shall be delivered to the student’s parent or guardian within 24 hours after the suspension has been imposed. Any person designated in policy as having the authority to suspend may conduct short-term suspension hearings.

At the informal suspension hearing, the student shall be:

- notified of the right to be present;
- informed of the charges; informed of the basis for the accusation; and

- allowed to make statements in his/her defense.

When a suspension is imposed during the school day, the student shall not be removed from school until a parent has been notified. If a parent cannot be notified during regular school hours, the student shall remain at school until the regular dismissal time.

LONG-TERM SUSPENSION OR EXPULSION PROCEDURES-JDD

Before a student is subject to long-term suspension (not to exceed 90 school days) or expulsion (not to exceed 186 school days), a hearing shall be conducted by a hearing officer who has authority to suspend or expel. BEHAVIOR CONSEQUENCES

The following chart is used by the administrator as a guide in determining consequences for improper behavior. The administration may skip levels of consequences due to the severity of a given disciplinary problem. The level and frequency of the behavior are also used to determine discipline consequences.

Other acts that disrupt the normal educational environment will be dealt with according to individual merit. Disciplinary action may be accumulative (i.e. students who have received a 3-day suspension for an infraction may receive a 5-day suspension for any further infractions). Additional consequences may be recommended by the administration for any of the above infractions.

DISCIPLINE ACCUMULATION

- The high schools believe that it is important to deal consistently and firmly with students that habitually cause discipline problems. To accomplish this goal, a clearly stated series of discipline measures will be used. If a student receives 4 separate short-term out-of-school suspensions within the same year, they will be considered for long-term suspension if further discipline measures are necessary.

**SECTION VI
ACTIVITY PARTICIPATION**

PHILOSOPHY

The athletic/activity programs of USD #385 are an integral part of the educational program. Participation in these programs is a privilege.

We believe that a comprehensive program of inter-scholastic competitive athletics and activities provides a vital learning experience for all students. It is our belief that participation in these activities promotes principles of leadership, competitiveness, fair play, self-discipline, and prepares students for life after school. The pursuit of personal and team goals is vital for perpetuation of a healthy democratic society.

ACTIVITIES DEFINED:

All KSHSAA sanctioned athletic/activity programs and/or events sponsored by USD #385, both on or off school property. This includes but is not limited to: Athletics, Music, Debate/Forensics, Student Council, Drama, National Honor Society, and school clubs.

ACTIVITIES REGULATIONS

School rules and regulations apply to all students that participate in athletic/activity programs, both on and off school grounds. Students who are suspended from school are not eligible to participate in practice or an activity during the period of their suspension. (A suspension begins when the penalty is imposed and continues through reinstatement in school).

In order to participate in athletic/activity a student must meet the following requirements in order to be a student in "**good standing**". Any student who quits a team after cuts are made may not join another team in the current season without the approval of the coach of the team he quit. Coaches, directors and administrators may declare a student not in "Good Standing" at any time. "**Good Standing**" requirements are as follows:

Eligibility:

- All Kansas State High School Eligibility guidelines apply.
- Students must pass at least 5 courses in the previous semester and must be currently enrolled in five courses not previously taken.
- Students must have attended Andover High School, Andover Central High School or a USD #385 Middle School for a minimum of 18 weeks, or the student must make a bona fide move as defined by the Kansas State High School Activity Association.

Students failing to meet the eligibility requirements listed above are not considered to be in "good standing" and are not eligible to participate.

Academics:

- Students involved in athletic/activity program must maintain a 2.0 grade point average during the school year.
- Students may not fail more than one class.

If a student does not meet the academic minimums listed above, the student will lose their good-standing status and may not participate in any athletic/activity competition unless one of the following is met:

- Satisfactory attendance in an activity study hall. (A minimum of two hours of study hall per week).
- Satisfactory progress in a Student Assistance Program.
- Satisfactory progress in a Special Education Program.

*Middle schools will continue with 9-week KSHSAA academic requirements. Participants who have less than a "C" average in their core subjects will be required to attend tutoring during their homeroom/advisory period.

Behavior:

Students participating in an athletic/activity program are expected to conduct themselves as responsible representatives of their school. Behavior of participants will be monitored by coaches, sponsors, and school officials for the duration of the activity, whether on or off campus. Participants will be subject to disciplinary action if they violate any of the regulations listed below, in addition to all other Board of Education Policies:

Level I

- Commission of any offense that would bring discredit to the school.
- Conduct which constitutes the commission of academic fraud.
- Use of or possession of tobacco at any time.
- Conduct which endangers the safety of or substantially infringes upon the rights of others.

Level II

- Possession of a weapon at school, on school property, or at a school sponsored event.
- Theft or vandalism on or off school property.
- Conduct which constitutes the commission of a misdemeanor.
- Conduct which constitutes the commission of a felony.
- Use or possession of alcohol at any time.
- Use or possession of illegal drugs at any time.
- Abuse of any prescription/non-prescription drug and/or substance.

Any violation of the regulations listed above will result in the following consequences for the current activity or applied to the future activity.

First Violation:

- Suspension from all activity programs and/or events for one week or one event (whichever is greater). If a student is not currently in an activity it will be applied to the next activity the student participates in if the student had participated in that activity in the past.
- A mandatory conference will be arranged with the coach and/or sponsor and also a school administrator before the participant can practice.
- Voluntary admission of an infraction of a rule regarding substance abuse will not result in a suspension when outside the jurisdiction of USD #385, but will count as a first offense.
- Any blatant violation that directly affects a team activity, practice or game may be treated as a second offense and the participant will lose eligibility for the remainder of the season.
- Any student with a previous violation and entering a new season is on probation. Any new violation will be treated as a second violation and the participant will not be eligible for the remainder of the season.
- The student will be on probation for 365 days from the date the penalty is instated.

Second Violation:

After confirmation of a second violation within the next 365 days from the first offense cycle the following shall occur:

- Second violation level I, student will lose eligibility for the remainder of the season
- Second violation level II, student will lose eligibility for a 365 day cycle.

Any participant, who loses eligibility in more than one activity during the school year, will not be eligible to participate in a third activity.

ATTENDANCE AT SCHOOL

Students absent due to illness must be in attendance the majority of that student's school day in order to participate in activities held that same day. Students are also required to attend school all day following a week night activity. Exceptions to this policy must be approved by the building

administration.

- First violation-warning from administration
- Second violation –one week suspension from the athletic/activity program
- Third violation-dismissal from the athletic/activity program

DUAL PARTICIPATION/CONFLICT OF ACTIVITIES:

Dual participation in activities requires the approval of the school administration. Students that participate in more than one activity should understand the time commitments involved and be aware that schedule conflicts may occur. In order for a student to be allowed dual participation, the student, parent, school administration, and the coaches/sponsors must agree to follow a written participation plan. If a conflict should occur, the following guidelines will be followed:

- If one of those activities is a state-sponsored competition/performance, the state-sponsored activity/performance will always take precedence.
- If one of the activities is a practice and the other a competition, the competition/performance will always take precedence.
- The student will be allowed to choose between the two activities in all other instances, provided they have informed the coaches and/or sponsors at least one week prior to the conflict.

Coaches and sponsors shall not use undue influence to persuade a student to choose one activity over another.

ELIGIBILITY OF ANDOVER ECADEMY STUDENTS

Students enrolled in Andover eCademy will be eligible for activities providing they meet all KSHSAA guidelines as noted above and

- They reside in the USD385 school district
- They are enrolled and attending at least one class in the Andover USD385 school district in their assigned building. If the student desires participation in vocal or instrumental music, debate, or speech activities, they must be enrolled and attending in that academic course at the school.

RULE 52 CITIZENSHIP/SPORTSMANSHIP

The concept of “sportsmanship” must be taught, modeled, expected and reinforced in the classroom and in all competitive activities. Therefore, all Kansas State High School Activities Association members stand together in support of the following sportsmanship policy.

PHILOSOPHY – Activities are an important aspect of the total education process in the American schools. They provide an arena for participants to grow, to excel, to understand and to value the concepts of SPORTSMANSHIP and teamwork. They are an opportunity for coaches and school staff to teach and model SPORTSMANSHIP, to build school pride, and to increase student/community involvement; this ultimately translates into improved academic performance. Activities are also an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of SPORTSMANSHIP for youth as respected representatives of society. Sportsmanship is good citizenship in action!

ALL ACTIONS are to be FOR, NOT AGAINST; POSITIVE, NOT NEGATIVE OR DISRESPECTFUL!

*It should be noted that these guidelines are not meant to be all inclusive and are not intended to replace any rules that coaches and/or sponsors have in place for specific activities.

SECTION VI-A

The student will be readmitted to regular classes upon termination of the illness, as authorized by the student's physician or as authorized by a health assessment team.

The board reserves the right to require a written statement from the student's physician indicating

Changes in type of drugs, dosage and/or time of administration should be reported to the nurse. Such changes should be accompanied by new physician and parent permission signatures and a newly labeled pharmacy container.

The building administrator may choose to discontinue the administration of medication provided he/she has first notified the parents or medical person in advance of the date of such discontinuance with the reasons therefor. Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to affect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file. Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than classified staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify an emergency contact person for such student, the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.. Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; € space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESI's is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and, the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. ~~and~~ Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource and Campus Security Officers Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy. If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request.

The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below. The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt a report containing written findings of fact and, if necessary, appropriate corrective action. A copy of the report adopted by the board shall be provided to the parents, the school, and the state board of education and shall be mailed to the parents and

the state department within 30 days of the board's receipt of the formal complaint. If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

CONSEQUENCES OF VIOLATION OF TECHNOLOGY POLICIES

Level 2: Pattern of Abuse, Repeated Abuse or Flagrant Violations:

Student who, after a Level 1 warning, continues to engage in serious or persistent misbehavior by violating the district's previously communicated written standards of conduct may be removed from any computer/Internet privileges for the remainder of the school year or remaining school years and recommended for suspension.
