# STEM ACADEMY

A STEM and Project Based Learning Summer camp for  
4th-8th graders

**JUNE 17-20**

**8:00-11:30 AM**

**ANDAILE HIGH SCHOOL**

Your students will get to experience hands on learning while using critical thinking skills and teamwork! STEM (Science, Technology, Engineering, and Math) along with Project Based Learning allows students to use their creativity to solve real world problems. Students will work through several STEM activities and work through two project based learning activities at this camp.

Cost: \$50 per student

Maximum of 30 students will be accepted

Registration and Payment due: Friday, May 3rd

Make checks payable to: Renwick USD 267
