LEN WHITE PAR-
TY

The Owl

VOLUME 6

FEBRUARY 9, 2018

Campbell's Hoot & Holler

Thank you to everyone who supported the STU-
CO program through either
purchasing carnations or
cookies or both! Those will
be delivered Tuesday after-
noon to the students. I can't
wait to eat my cookie (yes,
I'm sending a Valentine to
myself :-)) I've heard they are
delicious!

If you haven't signed
up to help with a Valentine
Party, please do so this week-
end. Tuesday, the 13th, at
2:30 are the parties.

Yesterday was our
100th day of school! The
students celebrated today
with dressing up as 100 year

olds (boy, do we have some
cute 100 year olds), counting,
hearing stories, decorating,
searching, and making many
100 day crafts. So much fun!
Be sure to talk to your stu-
dents about their different
activities. I also heard many
times from teachers, "Now
remember, 100th day of
school doesn't mean it's our
last day. We still have much
more learning to do." So
funny and so true. There is
still so much learning to take
place this school year. All
students have made great
gains and I cannot wait to see
how the year turns out.

Please make sure
you sign up for a conference
slot. This is a great oppor-
tunity for you to see and hear
about all the great things your

child is doing and what areas
he/she may need a little more
support. Slots are filling
quickly, so please sign up to-
day! Conferences are on
Wednesday night from 5:00-
8:00 pm and Thursday from
12:00-8:00 pm.

Last semester was a
bust on box tops. I will ad-
mit, the process was new to
me and the counting for clas-
ses was ALL messed up. We
are starting a new competi-
tion beginning on Monday,
the 12th. Students will hand
them in to their classroom
teachers, we will have a pre-
count on March 9th and then
the final count/turn in will be
on April 6th! So...everyone
start cutting!

Warm regards,
Jenny Campbell, Principal

A message from our 6th grade gifted class

Do you want to know how to get your
stains out the best? Well we have a solution for
you. We did an independent science experi-
ment to figure out a great solution to this trou-
bling question.

We stained white shirts with an equal amount of
grass/mud, ketchup, sharpie, chocolate syrup,
and bacon grease. We washed each shirt in a
different detergent: Tide, Sam's Brand
(Member's Mark), Norwex, and plain water.
We all thought that Tide would get the stains
out the best. But, it turns out that the Sam's
Brand Member's Mark got the stains out the
best (according to our judge panel.)

So, save your money and save your clothes!

Kyndal DeLong, Alayna Hoheisel, Mason
Hoheisel, and Gabe Kampling

WE NEED YOUR HELP!!!

On February 27th, the Renwick 8th grade
students will participate in "Reality U"--a
simulation of life at age 26. We are in
need of 26-29 volunteers to staff the
event. We will run two sessions: GPES
and AES from 8:30am-10:00am and SMS
and CES from 10:00-11:30am. The event
will be held at Andale's Gym B. If you'd be
willing to volunteer your time to help us
with this event, please email Kati Thul
directly at kati.thul@usd267.com.

Thank you!!
