Re: School Bus Service

In an attempt to better the transportation service provided by the Marion School District, the transportation department needs your help. Attached to this sheet is a transportation data sheet. We need parents to complete a data form for every child in your household. Information collected on these forms is used to determine whether your child will be riding the bus or not and will help establish bus assignments, bus loads, and bus stops.

Your child will be assigned a specific bus using the information on the completed data form. The Marion School District allows only one designated stop in the A.M. and only one designated stop in the P.M. Your child will not be permitted to use another stop except for a true documented emergency. If your child needs to go to a different location other than their designated stop, the parent/guardian is responsible for providing transportation to that location.

Your cooperation in returning the completed form is necessary and greatly appreciated.

If you have any questions concerning the attached data form, call the Transportation Office at 739-5190.

TRANSPORTATION INFORMATION FOR PARENTS

Due to traffic, construction, and trains, precise bus stop times are not possible. Buses should arrive at bus stops at a given time each day give or take 5 minutes either way. Early in the school year stop bus times can vary until the route is established by knowing which students will ride the bus.

Students are to be at the bus stop when the bus arrives. Buses will not stop at bus stops if the student is not present. The only exception would be in situations of inclement weather. Inclement weather is defined as temperatures at freezing (32 degrees or below) or rain (not sprinkles). In situations of inclement weather, the bus will stop at all bus stops and look to see if any student is approaching the bus. If students are not approaching the bus, the bus will continue to the next bus stop.

Students who habitually delay the bus by not being at the bus stop when the bus arrives or shows up late at the bus stop and the bus must wait on the student after loading other students will be reported to their school. This behavior delays the bus and causes the bus to be late at other stops and getting to school.

Parents of Avondale students will need to have someone responsible to receive them at their bus stop in the afternoons. If no one is present at the stop when the bus arrives, the student will remain on the bus and return to the bus shop where the parents may pick them up. If the student returns to the bus shop due to no one present to receive them, documentation will be sent to the school to indicate the failure of the parent of being present. If failure to be present by a responsible person becomes habitual, the student can receive a bus suspension and be denied bus riding privileges until the issue is resolved.

Students are not permitted to have multiple bus stops. A student is allowed one bus stop in the morning and one bus stop in the afternoon. Only in a true emergency will a student be allowed to use an additional bus stop. In the case of a true emergency a bus pass must be issued by the student's school to ride another bus. Notes handed to bus drivers are not acceptable. Parents must provide transportation for students going home with someone else or spending the night with someone else. This policy is in place to try to control loads on buses as to not create an overload.

Parents having a problem with a bus driver should not confront the driver at the bus stop. Proper procedure to report a problem with a driver would be for the parent to contact the school or the bus shop. It is unlawful for any person or persons to threaten, curse, or use abusive language to a school bus driver in the presence of students in the state of Arkansas.

Unauthorized Entry of a School Bus is Unlawful. Act 247 of 2005

Misbehavior or unsafe acts will be reported by the school bus driver to your child's school. Consequences for these acts are listed in your child's school handbook. Progressive steps to correct misbehavior and unsafe acts will be administered up to **suspension and eventually denied their riding privilege from the bus.** Acts considered of a severe nature can result in immediate suspension or loss of their riding privilege from the bus. When a student is suspended from a bus, they are suspended from all district buses. When a student rides a bus during a suspension, he/she shall receive the next level of punishment.

Students are not permitted to use cell phones on Marion School District buses. Cell phones will be confiscated from the student by the driver and turned in to the office. Students refusing to give their cell phones to the driver will be referred to the office for not only having a cell phone on the bus but also for insubordination.

It is an act of insubordination for a student to fail to identify himself/herself correctly to the bus driver upon request.

RIDING A SCHOOL BUS IS A PRIVILEGE

The following is posted on all Marion School District Buses:
