Dear Superintendent Merideth,

I hope your school year is off to a great start! I am writing today to share some exciting news about two scholarship opportunities for your high school seniors. The first is Ranger Preview. This is our annual “open house” for high school seniors. This year, due to the COVID-19 pandemic, we are hosting the event virtually on YouTube. **Every high school senior who registers for the event and watches it live on November 7th will receive a \$600 scholarship to attend Northwestern.** I would appreciate you sharing this information with your senior counselor and anyone you feel might be able to help us connect with your seniors. The Ranger Preview event registration form can be found online at the link below.

The second scholarship opportunity is for your senior band students. Our President, Dr. Janet Cunningham, has described our Fine Arts Program as the soul of our university. We want as many students as possible to experience this program first-hand. That’s why we are **offering a minimum scholarship of \$900 to any student who plays in our Ranger Band.** This pep band program requires enrollment in our Music 3131 University Band course. In addition to earning credit toward graduation our students foster life-long relationships and add to the incredible atmosphere of our university. For more information about opportunities with our band program please contact Luis Mendoza at (580) 327- 8544 or email him at lmendoza@nwsu.edu. I would appreciate it if you would pass this information to your band director.

Northwestern is committed to offering the highest quality education possible while keeping student costs low. This is why we are proud to have been named Oklahoma’s most affordable college with the best outcomes by the financial news company 24/7 Wall Street in December of 2019. More than half of the students who start and finish at Northwestern obtain their degrees without taking on any student debt. I am proud to be a Ranger and I know that many of your students would benefit from an education at Northwestern. Thank you for your time and assistance, and please don’t hesitate to reach out to me if you have any questions.

Sincerely,

Matt Adair
