Re: Cooperman

Dear Dr. Evans:

I wish to advise you that our case resulted in a verdict far exceeding the demand. This I believe was in no small part due to your efforts.

Not only was the content of your testimony impressive but your rapport with the jury and the manner in which you conducted yourself on cross examination was likewise excellent.

If the occasion arises I would look forward to working with you again in the future.

Thanks for your help.

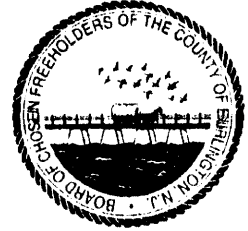

Sincerely,

Bruce H. Goldstone

Re: Lamont Walker v. Burlington County, hearing held July 9, 1999

Dear Dr. Evans:

I just wanted to send you a quick "Thank You" letter for attending the hearing this last Friday. Your testimony was excellent. I especially appreciated your persistence in stressing that the purpose of drug testing is to confirm whether an employee has engaged in the illegal use of drugs, which is just cause for termination. Your emphasis on this point was needed for both the judge's understanding of the incidents on trial, and the appellant's understanding of the implications of his actions.

Thank you again for your patience and attendance in helping me to conclude the hearings on this particular matter.

Very truly yours,

Re: Estate of Samuel Laster

Dear Dr. Evans:

I want to enthusiastically thank you for the expert services you rendered to the plaintiff in the above-designated matter involving claims against several health care providers, including a hospital and Emergency Room physician. The quality of your report and deposition testimony was undoubtedly a substantial factor in bringing about the settlement of this claim.

Moreover, the several conversations I had with you regarding the facts of this case were of immeasurable assistance in crystalizing my thoughts in formulating theories of liability and understanding how the deviations from the standard of care which you enumerated could be adequately explained to a jury.

Thank you again for your help.

Sincerely,

FREEDMAN AND LORRY, P.C.

Re: Reverend Wayne Peterson

Dear Dr. Evans:

I apologize for not getting back to you sooner about the outcome of the Peterson trial. Unfortunately, we lost. I want to thank you, however, for the excellent presentation you made. I think you clearly explained the medical issues to the jury, and I appreciate all the help you gave me.

On another issue, I am well into the Brooklyn Bridge. It is a great book. Thank for the recommendation.

Re: Reed v. Barai
Our File No.: 003.699

Dear Dr. Evans:

I just wanted to take a minute to thank you for your assistance in defending this very difficult claim. As you know, the issue had to do with the standard of care regarding PSA testing for an internist, which was a hotly contested case. I want to thank you for your assistance both for my preparation and obviously your testimony at the time of trial. You were thorough, reasonable, and your manner with the jury I am sure was absolutely vital in turning this case in our favor. It was a great pleasure to work with you and I hope to work with you again in the future.

Very truly yours,

Rowena M. Duran

RE: ALBERG v. KARLIN

Dear Dr. Evans:

This difficult case is finally over. In closing my file it is appropriate to express my regard for your professional conduct in this matter. The Plaintiff and I are fortunate to have found you. Your initial report was thorough, succinct and clear. You were very well prepared for your deposition. Your refusal to capitulate despite an excessively long and grueling cross-examination was admirable.

Your preparation for the videotaping of your testimony was complete. Your presentation of the case was articulate. Again, you refused to give ground despite numerous attempts to dissuade you during cross-examination.

Mr. Alberg and I take this opportunity to express our gratitude and hope that you continue to serve the community for a long time to come.

Yours truly,

MICHAEL GROSS
