An illuminating anthology about translating and translators from Lynne Sharon Schwartz.

“A superb translator herself, Lynne Sharon Schwartz has a nuanced grasp of the deeper metaphysics of this transfer of energies, this crossing of psychological thresholds. Her selections are beautiful interrogations from fictional and essayistic vantages, and taken together they rejuvenate the age-old questions surrounding the translator’s art.”

Against Elections
DAVID VAN REYBROUCK
Introduction by KOFI ANNAN
RELEASE DATE: 04/17/2018
PAPERBACK, 5 x 8 INCHES • 208 PAGES

A small book with great weight and urgency to it, this is both a history of democracy and a clarion call for change.

“Choosing our rulers by popular vote has failed to deliver true democratic government: that seems to be the verdict of history unfolding before our eyes. Cogently and persuasively, David Van Reybrouck pleads for a return to selection by lot, and outlines a range of well-thought-out plans for how sortitive democracy might be implemented. With the popular media and the political parties fiercely opposed to it, sortitive democracy will not find it easy to win acceptance. Nonetheless, it may well be an idea whose time has come.”
—J. M. COETZEE

“These poems bear witness to the laughter, love, fear, certainties, celebrations, and ever-growing artistry of an extraordinary man over the course of decades as he moves through the wonders and disappointments of this world.”
—NANA-AMA DANQUAH, author of the acclaimed memoir Willow Weep for Me: A Black Woman’s Journey Through Depression

As the number of men with as much wealth as half the world fell from sixty-two to just eight between January 2016 and January 2017, according to Oxfam International, fewer than two hundred super-connected asset managers at only seventeen asset management firms now represent the financial core of the world’s transnational capitalist class. Former Project Censored director and media monitoring sociologist Peter Phillips unveils for the general reader his analysis of the new global elite that is the hand at the controls of our economic future.

“A looming, new totalitarianism—that is the warning here. Citizens who feel uneasy owe it to themselves to read this important book and think about how to exercise their responsibilities. Citizenship, truth be told, isn’t easy, nor free.”
—MICHAEL PARENTI on Peter Phillips’s Impeach the President, coedited by Dennis Loo

The surprise comes from the nature of his poetry itself, and from the mystery that his poems confront and embody.”

WINNER OF THE 2016 NATIONAL JEWISH BOOK AWARD FOR POETRY

The collected work of master poet Stanley Moss.

“Almost Complete Poems is Moss’s latest and longest attempt to establish his gifts as a poet. They are real, and they reflect his life and talents—his quest for spiritual strength, his Jewish heritage, his eye on Europe and European art, and his 91 years. Moss tries to write a kind of poetry that his American juniors rarely attempt: the first-person record of wisdom, jocular or weighty, gained in a moment or a lifetime, unguarded, openhearted, profuse. To read him at length is to encounter stacks of memories, anecdotes and would-be proverbs . . .”
