I'm bringing with me tomorrow the Power Purchase Agreement (PPA) from Duke which I've signed but when I return it to Duke I need to include the check for \$28,901.59 from JDC Manufacturing. Let me know if it would be best for me to leave it somewhere at the plant or if my Dad can write a check from JDC. It needs to go out on Monday so we can be sure they'll start their side of the construction as soon as possible to be done before year end.
