

Wheatgrass

Wheatgrass contains at least trace amounts of every amino acid, vitamin, and mineral necessary for human nutrition, making it one of the few actual "whole foods." *Wheatgrass is quite simply one of the healthiest things you can put in your body.*

It's a Great Gift Card

Perfect for any holiday or special occasion and great for family, friends or employees! *It's the gift that keeps on giving because it's reusable.*

It's a 3-Way Rewards Card

- > Load \$30 or More on One Card, and Receive an Extra 10% Immediately
- > Use Your Card 10 Times a Calendar Month, and We Add \$5 to Your Balance
- > Special Card-Holder Discounts Find You Wherever You Are...

A fresh take on fast food

Fresh Juice, Smoothie & Wheatgrass Bar

We strive to provide our customers with a quick, nutritious, and inexpensive alternative to the typical empty-calorie fast food meal. We invite you to come in and experience our friendly service and enjoy one of our delicious, low-fat, high-energy smoothies!

www.DrinkBlenders.com

How Green Is Your Blender?

Help us make a difference today!

While we feel that polystyrene foam (rather than paper or biopolymer-based) is currently our best cup option, we realize that the best thing we can do for the environment is to limit the consumption of single-use cups.

To help achieve this, we offer a 25¢ discount any time we don't have to use one of our foam cups. You can bring in one of our mugs, any cup of yours, or even reuse one of our cups. After all, we're all in this together.
