

Event Day Checklist

The Arabian Horse Society of Australia Ltd

This Event Inspection is a risk management tool that should be completed at the beginning of the day at each event / venue. It is designed with amateur sports volunteers in mind, to assist in identifying risks present on the day and the process involved to prevent injuries to riders and harm to others at the venue, which may result in claims for negligence. This inspection does not identify all possible risks and Gow-Gates suggest you use your own experience and initiative to identify additional risks that may be present.

A representative from the organising club should consider the matters presented on this form and sign it attesting to the information it contains. If the venue is deemed to be unsuitable for use, the club needs to address the problems noted or relocate to an alternate venue.

This form should be completed by the designated responsible officer prior to the event.

Name of event:		Date:	
Exact location of event:		Time:	
Event description:			
Name of person completing checklist:		Contact number:	
Event manager / Organiser:		Contact number:	

GENERAL

1. Have all responsible officers been briefed on duties and procedures?	Yes	No
2. Have all volunteers signed in, been assigned and fully understand their duties?	Yes	No

EVENTS

1. Are there any events to be undertaken today which pose a greater than normal risk?	Yes	No
---	-----	----

Point to consider: Cross Country event to be held after heavy rainfall / on wet ground?

If Yes to the above, please provide details below:

2. Have event officials been made aware of any increased risks?	Yes	No
---	-----	----

Point to consider: If there were any issues with the competition areas, have the relevant officials assessed the situation and deemed the event safe to go ahead?

If No to the above, please provide details below:

AREAS OF USE

1. Are the grounds compliant with local by-laws?	Yes	No
--	-----	----

Point to consider: If there were any issues with the competition areas, have the relevant officials assessed the situation and deemed the event safe to go ahead?

If No to the above, please provide details below:
