## PERFORMANCE PACK<sup>®</sup>

Daily supplement pack formulated as a stack-on to Pro Vitality. Features anti-fatigue nutrients to support energy and maximum endurance. Plus full-body support from unique sea sourced minerals including iron. Features B vitamins and Vitamin C to support energy production, red blood cell formation, and immune strength.

#3111, 30 packets

**ENERSINE<sup>®</sup>** Amino acid energizer including branched-chain amino acids (BCAAs), with an exclusive blend of minerals and herbs that support energy production, carbohydrate conversion, lipid utilization and proper neurotransmission.

#3285, 90 tablets

**ENDURANCE<sup>®</sup>** Anti-fatigue nutrients to support energy and maximize endurance. Derived from 100% pure beef liver, with vitamin C and bioflavonoids added to protect the liver from oxidation and enhance nutrient absorption.

#3281, 120 tablets

**BIO-TONE<sup>®</sup>** Specific free-form amino acids and lipotropic factors to support recovery, body toning & muscle retention, and blood flow.

#3280, 120 tablets

\*These products may be purchased for personal use. Call Distributor Services at 800.432.5842 for more information.

<sup>®</sup>The PDCAAS calculation is based in the relative amino acid content delivered by each of the amino acid sources (the proteins used to make the product) corrected by a "digestibility factor". The PDCAAS average value represents the average score of all the amino acids combined. The highest PDCAAS reflects the value of the highest specific amino acid(s) in the formula.
