

PhytoDefense delivers the broad phytonutrient protection of six optimal servings of fruits and vegetables in one convenient pack. Each PhytoDefense pack contains NeoLife's exclusive, patented Carotenoid Complex™, which delivers antioxidant protection from free radical damage for the lipid portions of cells; Flavonoid Complex™ to help protect the watery portions inside and around cells; and Cruciferous Plus™ which provides nutrients that work with naturally-occurring hormones and enzymes to promote good health.*

Why Carotenoid, Flavonoid and Cruciferous Compound Phytonutrients?

- **The consumption of carotenoids** has been linked to everything from stronger immune systems to lower risks of developing heart disease, cataracts, macular degeneration, and even cancer.
- **A flavonoid-rich diet has been shown to help support cellular nutrition, promote healthy inflammation, and support cardiovascular health.**
- **Numerous studies have shown** that populations consuming an average of eight servings of cruciferous vegetables per week report some of the world's lowest cancer rates, especially rates of breast and prostate cancers.

Our Solution: PhytoDefense

- **Optimal phytonutrient protection.** Each daily PhytoDefense pack contains 3 capsules of Carotenoid Complex, 2 tablets Flavonoid Complex, and 1 tablet Cruciferous Plus.
- **Broad spectrum of whole food, Carotenoid, Flavonoid, and Crucifers.**
- **100% natural**

CAROTENOID DEFENSE

- **USDA researchers proved that Carotenoid Complex:**
 - **Boosts immune capacity by 37% in just 20 days!***
 - **Boosts defender cells by 20%.***
 - **Curbs oxidative effects by 44%.***
 - **Delivers five times more protection to keep LDL (bad) cholesterol from oxidation.**

- **Each Carotenoid Complex** capsule contains an optimal serving of carotenoid-rich fruits and vegetables — tomatoes, carrots, spinach, red bell peppers, strawberries, apricots and peaches.

FLAVONOID DEFENSE

- **Ingredients in Flavonoid Complex** inhibited the growth of cancer cells by up to 90% in a recent test tube research procedure using human cells.*
- **Flavonoid Complex** delivers an optimal serving of all 5 classes of flavonoids in each tablet. Derived from whole cranberries, kale, green tea (decaffeinated), beets, elderberries, red grapes, black grapes, oranges, lemons and grapefruit.

CRUCIFEROUS DEFENSE

- **Two decades of research** and hundreds of studies link the components in Cruciferous Plus with:
 - **Promoting healthy cellular development.**
 - **Ability to retain normal cholesterol levels and support a healthy immune response.**
- **Cruciferous Plus provides** an optimal serving of phytonutrients from selected cruciferous vegetables—broccoli, radish, kale, black mustard, brown mustard and watercress—in each tablet.

† Daily Value not established		

OTHER INGREDIENTS: Microcrystalline cellulose, gelatin, olive oil, glycerin, yellow beeswax, calcium carbonate, purified water, lecithin, sodium croscarmellose, stearic acid, starch, silicon dioxide, hydroxypropyl methylcellulose, soybean oil, triacetin, natural colors, carmine and simethicone.

Carotenoids contribute to antioxidant activity in cellular lipids, support normal cellular growth and renewal, and assist healthy levels of immune cell activity. Carotenoids promote a healthy cardiovascular system, including support for a healthy antioxidant response paired to LDL cholesterol. Dietary intake of the carotenoids lutein and zeaxanthin have been shown to support clear, healthy vision.*

Flavonoids promote antioxidant activity, cellular health, and normal tissue growth and renewal throughout the body.*

Cruciferous compounds - sulforaphane and indole-carbinol (from broccoli and other crucifer extracts) and D-limonene (from oranges) support enzyme activity linked to normal cell growth and renewal, especially of breast and prostate tissues. Soy provides isoflavones (e.g. genistein), that help maintain healthy hormonal activity.*

PHYTODEFENSE®

PhytoDefense ofrece la amplia protección de fitonutrientes que equivalen a seis porciones óptimas de frutas y verduras en un paquete conveniente. Cada paquete de PhytoDefense contiene el exclusivo y patentado Carotenoid Complex™, que suministra protección antioxidante contra los radicales libres para las partes de las células que están formadas por lípidos; el Flavonoid Complex™ ayuda a proteger las partes acuosas dentro y alrededor de las células, y Cruciferous Plus™ proporciona nutrientes que trabajan con las hormonas y enzimas que se encuentran presentes naturalmente para promover la buena salud.*

#3309, 30 Paquetes

¿Por qué se necesitan fitonutrientes compuestos por carotenoides, flavonoides, y crucíferos?

- El consumo de carotenoides se ha relacionado con todo, desde sistemas inmunológicos más fuertes hasta riesgos menores de desarrollo de enfermedades del corazón, cataratas, degeneración macular, e incluso el cáncer.
- Se ha visto que una dieta abundante en flavonoides apoya la nutrición celular, promueve la inflamación saludable y apoya la salud cardiovascular.
- Numerosos estudios han demostrado que las poblaciones que consumen un promedio de ocho porciones de verduras crucíferas a la semana dan cuenta de algunas de las tasas de cáncer más bajas del mundo, especialmente las tasas de cáncer de mama y cánceres de próstata.

Nuestra Solución: PhytoDefense

- Protección fitonutriente óptima. Cada paquete diario de PhytoDefense contiene 3 cápsulas de Carotenoid Complex, 2 tabletas de Flavonoid Complex, y 1 tableta de Cruciferous Plus.
- Amplio espectro de alimentos integrales, Carotenoides, Flavonoides y Crucíferos.
- 100% natural

DEFENSA MEDIANTE CAROTENOIDES

- Los investigadores de la USDA han comprobado que Carotenoid Complex:
 - ¡Mejora la capacidad inmune en un 37% en solo 20 días!*
 - Mejora las células defensoras en un 20%.*

- Frena los efectos de la oxidación en un 44%.*
- Ofrece cinco veces más protección para evitar la oxidación del colesterol LDL (malo).

- Cada cápsula de Carotenoid Complex contiene una porción óptima de frutas y vegetales ricos en carotenoides — tomates, zanahorias, espinacas, pimientos rojos, fresas, damascos y duraznos.

DEFENSA MEDIANTE FLAVONOIDES

- Los ingredientes en Flavonoid Complex inhiben el crecimiento de células cancerosas en hasta un 90% en un reciente procedimiento de investigación en tubo de ensayo usando células humanas.*
- Flavonoid Complex proporciona en cada tableta una porción óptima de todas las 5 clases de flavonoides. Derivado de los arándanos, col rizada, té verde (descafeinado), remolacha, bayas de saúco, uvas rojas, uvas negras, naranjas, limones y toronjas naturales.

DEFENSA MEDIANTE CRUCÍFEROS

- Dos décadas de investigación y cientos de estudios vinculan a Cruciferous Plus con:
 - El desarrollo celular saludable
 - La habilidad de retener los niveles de colesterol normal y apoyar la respuesta inmune saludable.
- Cruciferous Plus proporciona una porción óptima de fitonutrientes de vegetales crucíferos seleccionados — brócoli, rábano, col rizada, mostaza negra (ajenabe), mostaza marrón y berros — en cada tableta.
