DIETARY SUPPLEMENT

*Burn fat**

*Increase energy**

*Control appetite**

Contains
**Garcinia Cambogia
& Green Tea**

42 TABLETS

GR² Control, GND's scientifically developed weight loss programme, is specifically formulated to help you gain control over your body's Glycemic

Response and create a new, thinner you. GR² Control products are designed to

re-balance your nutrient intake, re-programme your biochemical feedback network,

and re-energise your metabolism to promote weight loss and overall health.

The Scientific Advisory Board seal is your guarantee that
GNLD products are researched by highly qualified scientists,
developed with a respect for nature and manufactured to the
highest standards for purity, potency and consistency.

Garcinia cambogia and Green Tea help the body burn fat for energy. Gymnema sylvestre and Garcinia also assist in controlling appetite. In addition, Green Tea, Cayenne and Garcinia help increase energy levels.

GR² Control Thermogenic Enhancer provides a “metabolic advantage” to help you burn fat and stay energised, without the use of potentially harmful drugs or addictive stimulants. This unique herbal formula works with the body’s natural signaling system to promote healthy weight loss. Available Exclusively from GNLD Distributors
