Under North Carolina law, an equine activity sponsor or equine professional is not liable for injury to or the death of a participant in equine activities resulting exclusively from the inherent risk of equine activities, Chapter 99E of the North Carolina General Statutes.

North Carolina State Veterinarian’s office recommends that trail riders carry a copy of their horse’s current negative Coggins on all trail rides. Park rangers may require you to show proof of your horse’s current negative Coggins anywhere on the trail.
