

Life Apps

*Based on the
book of James*

Sermon Series

Journey Group Lesson for “Obey” – February 5, 2012

Getting Started

What is your favorite “App” that you have on your phone or other devices? (If you don’t have a device with “apps” what is your favorite tool to help you accomplish a task?)

Why do you like that “App” and what does it help you to do?

Digging Deeper

Read James 1: 19-25

Greg talked about obeying and doing on Sunday. Why would it be important to apply those principles to verses 19 and 20?

James says that we need to do what the Word says. What are some of the things that the Bible tells us to do?

Why do we not do the things that the Bible tells us to do? Or why do we pick and choose?

How does the “perfect law” give freedom? (vs. 25) What freedom is James talking about?

James says that if we do what the Bible says, we will be blessed. What kind of blessing do you think he is talking about?

Bringing It Home

Greg had a blank in the bulletin to write down one thing that you need to move from believing to doing, what did you write down?

How can you begin to make that change?

Pray that your group will be doers of the Word and not just listeners. Pray that your actions will lead to others knowing about who Jesus is.
