

Journey Group Lesson for “Pray” – March 18, 2012

Getting Started

How was prayer modeled for you in your family growing up? Did you pray as a family together? Was it talked about?

What are the things that tend to dominate our prayer life?

Digging Deeper

Read James 5:13-16

This passage lists 4 things (suffering, success, sickness, and sin) that we should pray about. Which one do you have the easiest time doing? Why?

Which one do you have the toughest time doing? Why?

Read 1 John 5:14-15

What does it mean to ask according to the will of God?

Greg said that “the secret to prayer is making your wants what God's wants, then asking for whatever you want.” How do we make our wants what God wants?

Bringing It Home

We asked earlier how prayer was modeled for you growing up. How has that affected the way you model prayer in your family now?

Do you normally pray because you are “supposed” to or do you normally pray because you are driven to communicate with God? Why?

After Greg’s sermon and this study, what is one thing that you are taking away?

How can your group specifically pray for you today? Spend some time praying for each family.
