

Others

Journey Group Lesson for “Others” – May 27th, 2012

Getting Started

Would you consider yourself to be introverted or extroverted? Why?

Besides this group, what other things do you do to experience community?

Digging Deeper

Read Ephesians 2:19-21

In what ways does our unity bring honor to God?

What does this passage teach us about why we should connect with other believers?

Read John 17:20-21

Why is it important that the world sees us living in community?

What are the characteristics of community that makes it attractive to someone outside the faith?

Bringing It Home

How does living in community reflect the image of God?

Do people really want community? Why?

Can someone live a joy-filled life in isolation from others?

Why should the church intentionally foster community? Why can't we just rely on the casual connections we make at church?

Pray for real community to continue to take place in your group. Pray for those who don't have community in their lives. Pray for opportunities for you to show them what community looks like.
