## Journey Group Lesson for “Mission” – July 22, 2012

### Getting Started

What is your favorite type of sporting event to attend? What is it about that event that draws you there?

Have you ever been on a mission to do something? What steps did you take to complete your mission?

### Digging Deeper

Read John 17:18

Jesus says that he is sending us into the world, what do you think that means?

Why is it important for us to be “in the world”?

Read Colossians 1:17-20

What jumps out to you the most about this passage?

How does this passage bring to light Jesus’ mission?

### Bringing It Home

Bryan talked about some people being fans, some being sideline people and some being players. What category do you most often fall into? Why?

What is one practical way that you can get into the game?

What are some things that your family is committed to? How do you show your commitment to those things?

Spend some time praying that we would be better disciples of Jesus. Pray for opportunities to get in the game and commit to the mission of Jesus.
