

House of Representatives

May 24, 2013

Dear Governor Perry,

Thank you for the strong stands you take for life and for liberty. The undersigned members of the House share your commitment to protect the sanctity of human life. Despite an overwhelming pro-life majority in the House, not a single pro-life bill filed during this 83rd session reached the House floor.

Since pro-life values are fundamental to us, and since the majority of Texans share these convictions, we are not willing to give up the fight. In the struggle to defend life, we cannot take a day off - much less a legislative session.

In light of the increasing likelihood of a Special Session, we ask that you exercise your constitutional power and add pro-life bills to the call.

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

Sincerely,

Dear Governor Perry,

Thank you for the strong stands you take for life and for liberty. The undersigned members of the House share your commitment to protect the sanctity of human life. Despite an overwhelming pro-life majority in the House, not a single prolife bill filed during this 83rd session reached the House floor.

Since pro-life values are fundamental to us, and since the majority of Texans share these convictions, we are not willing to give up the fight. In the struggle to defend life, we cannot take a day off - much less a legislative session.

In light of the increasing likelihood of a Special Session, we ask that you exercise your constitutional power and add pro-life bills to the call.

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

Sincerely,

George Lu

Despite an overwhelming pro-life majority in the House, not a single prolife bill filed during this 83rd session reached the House floor.

Since pro-life values are fundamental to us, and since the majority of Texans share these convictions, we are not willing to give up the fight. In the struggle to defend life, we cannot take a day off - much less a legislative session.

In light of the increasing likelihood of a Special Session, we ask that you exercise your constitutional power and add pro-life bills to the call.

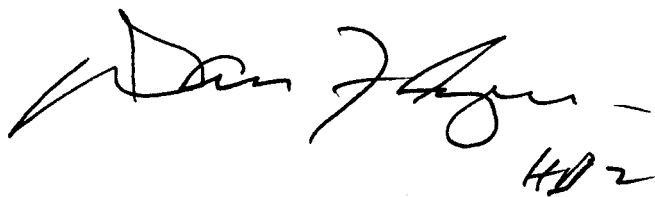

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

Sincerely,

HD 29

Ed Thompson

Dear Governor Perry,

Thank you for the strong stands you take for life and for liberty. The undersigned members of the House share your commitment to protect the sanctity of human life. Despite an overwhelming pro-life majority in the House, not a single prolife bill filed during this 83rd session reached the House floor.

Since pro-life values are fundamental to us, and since the majority of Texans share these convictions, we are not willing to give up the fight. In the struggle to defend life, we cannot take a day off - much less a legislative session.

In light of the increasing likelihood of a Special Session, we ask that you exercise your constitutional power and add pro-life bills to the call.

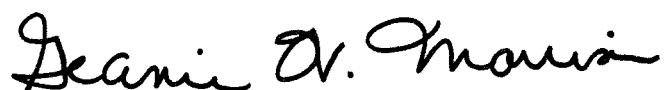

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

Sincerely,

Steve Benson

Dear Governor Perry,

Thank you for the strong stands you take for life and for liberty. The undersigned members of the House share your commitment to protect the sanctity of human life. Despite an overwhelming pro-life majority in the House, not a single prolife bill filed during this 83rd session reached the House floor.

Since pro-life values are fundamental to us, and since the majority of Texans share these convictions, we are not willing to give up the fight. In the struggle to defend life, we cannot take a day off - much less a legislative session.

In light of the increasing likelihood of a Special Session, we ask that you exercise your constitutional power and add pro-life bills to the call.

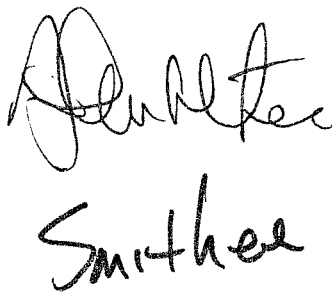

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Blane". The signature is written in a cursive, flowing style with a large initial "D" and a stylized "Blane".

Dear Governor Perry,

Thank you for the strong stands you take for life and for liberty. The undersigned members of the House share your commitment to protect the sanctity of human life. Despite an overwhelming pro-life majority in the House, not a single prolife bill filed during this 83rd session reached the House floor.

Since pro-life values are fundamental to us, and since the majority of Texans share these convictions, we are not willing to give up the fight. In the struggle to defend life, we cannot take a day off - much less a legislative session.

In light of the increasing likelihood of a Special Session, we ask that you exercise your constitutional power and add pro-life bills to the call.

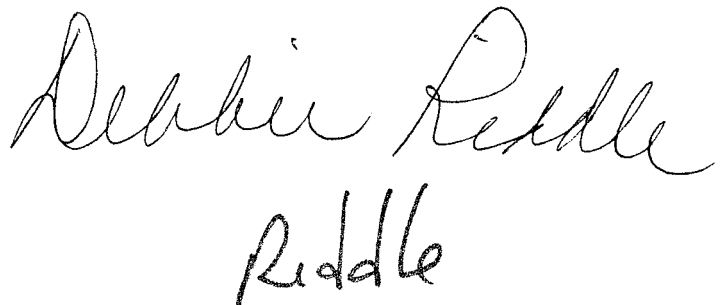

More specifically, we ask that you add the following matters to the call:

1. Protection of pain-capable unborn children from abortion at 20 weeks gestation;
2. Protection of women and unborn children by requiring abortion facilities to meet the same health and safety standards as ambulatory surgical centers; and
3. Protection of women and unborn children by requiring abortion doctors to secure and maintain privileges at an emergency room within thirty miles of the facility where they commit abortions.
4. Legislation ensuring that any Health Insurance Exchange (whether state or federal) set up in Texas does not include coverage for abortion.

On these matters of life, the will of the people has been frustrated thus far in the Regular Session. By adding these fundamentally important issues to the special session agenda, you can enable your pro-life House Members to defend innocent human life.

Thank you for your thoughtful consideration of our request, and thank you for your service to Texas.

Sincerely,

Debbie Riddle
