Trade Partner Prices and Shipping Terms Whirlpool will specify Product prices and shipping terms. Whirlpool may change Product prices and shipping or credit terms of sale any time without prior notice. Trade Partner shall pay any tariffs and taxes imposed on the sale of, or otherwise, with respect to the Products purchased hereunder. Any claims for adjustment of an invoice, or for off-invoice payment or credits is agreed to be waived if Trade Partner fails to present it in writing to Whirlpool within one year from the date of invoice or one year from the date that such off-invoice payment or credit allegedly accrued. No claims, credits or offsets may be deducted from any invoice. Whirlpool shall have the right to set off any monies owed to Whirlpool by Trade Partner against any monies due Trade Partner from Whirlpool under any contracts between the parties.

Credit Terms Whirlpool may change, suspend or revoke credit terms at any time. All amounts outstanding must be paid when due under the terms of the invoice or separate written contract signed by Whirlpool. Any amount not received by the due date may bear interest at the maximum rate allowed by law. Whirlpool has the right to accelerate all balances outstanding on every invoice to Trade Partner if any amount is not received by the due date.

Indirect Sales KitchenAid may decide in its sole discretion not to sell Products directly to Trade Partner, and to require Trade Partner to purchase Products from an authorized wholesaler. The prices, shipping terms, credit terms, and other terms and conditions of any sale by a wholesaler to Trade Partner are to be determined between that wholesaler and Trade Partner alone, and not by KitchenAid. Any agreement or understanding to the contrary is unauthorized and in conflict with KitchenAid policies. In all other respects, all of the terms of this Agreement between KitchenAid and Trade Partner, including the right of either party to terminate this Agreement, shall continue to apply, regardless of whether Trade Partner purchased for KitchenAid or from a wholesaler.

Excused Performance Except for Trade Partner's payment obligations, neither Whirlpool nor Trade Partner shall be liable for loss or damage for any obligation if its failure to perform its obligations results from (a) transportation shortages or inadequate supplies of equipment, materials or energy; (b) compliance with any law, ruling, order, regulation, requirement, policy, decree or instruction of any governmental department or agency; (c) acts of God; (d) acts or omissions of the other party; (e) fire, strike, embargo, war or riot; or (f) any other event or cause beyond its reasonable control.
