## DISPLAY ISSUES

Our goal is to have the majority of this product in display cartons rather than peg hooked. This reduces labor costs and insures full shelves. When display cartons are near empty a replacement should be brought to the floor and the remaining product placed in the new carton.

## ORDERING / DISTRIBUTION OF PRODUCTS

Stores who participate in this program will receive an initial season push of product in mid-to-late February. Program is auto replenished by HQ Impact Team and is based on store's sales trend & inventory position.
