

### Master Reloading Kit

All Kits  
Include New  
49th Edition  
Reloading  
Handbook!

Crusher Press

The Master Reloading Kit starts with a choice of the T-Mag Turret Press or Crusher Single Station Press.

#### Lyman Master Reloading Kit

The new Master Reloading Kit compares in price to other starter kits but is the only one that includes a state of the art digital scale like the Lyman 1000 Grain. Choose your press, turret T-Mag or single stage Chrusher, and get all the high-end Lyman tools and accessories needed to turn out top quality reloads. All you need to add are the dies and shell-holder.

T-Mag Master Kit 115V (#7810284) .....\$479.95

Crusher Expert kit (#7810120)	.....\$449.95

Standard Expert Kit

### Trimmer Plus Case Conditioning Kit

#### Trimmer Plus Case Conditioning Kit

Do much reloading and you'll soon find that your fired cases need some extra attention. Or if you start using surplus military or range pick-up brass, some extra prep is wise.

The Trimmer Plus is the perfect addition to Lyman's new Master Reloading Kit or any other starter reloading set-up. Lyman's Universal Trimmer Multi-Pack is the fastest and easiest tool for trimming cases, but the "Plus" delivers the extra items that make each trimmed case perfect. Start with a Universal decapping die to get any brass ready for trimming. The Universal Trimmer and multi-pilot pack trim all of the most popular calibers as simply as just changing between the provided pilots.

Once the brass is precisely trimmed, the included primer pocket reamers and cleaners get cases ready for priming while the deburring tool readies the case mouth for smooth bullet seating. The case cleaner solution cleans the brass and the spray lube preps the brass for sizing. A 50 round loading block holds the sized brass ready for powder and bullets.

Kit Includes:

- Universal Trimmer with Expanded Pilot Multi-pack
- Case Cleaner
- Primer Pocket Cleaner (Large & Small)
- Primer Pocket Reamer (Large & Small)
- Loading Block
- Case Lube Spray
- Deburring Tool
- Decapping Die

Case Conditioning Kit (#7862112) ..... \$166.50

#### Lyman Case Care Kit

This handy kit combines many of Lyman's most popular case prep items. The utility crank is perfect for saving time on small hand prep jobs. It accepts most Lyman accessories and any tool with an 8-32 thread. The Case Care Kit includes both Large and Small Primer Pocket Reamers, Cleaners, and Uniformers, as well as Inside and Outside Deburring Tools.

Case Care Kit (1 lb.) (#7777793) ..... \$36.00

Durable "Silver Hammertone"  
Powder Coat Finish

Base Design is  
"Machined Flat" for  
Perfect Mounting to  
Wood or Metal Bench

## T-Mag II Reloading Press

America's favorite high speed turret press offers unmatched versatility, power and precision. The T-Mag II has a Hi-Tech iron frame with state of the art silver hammertone powder coat finish for guaranteed durability. Lyman's improved Turret Retention System allows smooth indexing while maintaining rock solid turret support. The turret handle makes indexing easier than ever. The T-Mag II's six station turret head lets the reloader mount up to six different reloading dies at one time. Like more expensive progressive presses the turret head detaches to easily change calibers while retaining precise set-up. The turret handle doubles as a turret removing wrench. No tools required. Obtain extra turret heads and have all your favorite calibers set up to reload.

The T-Mag II features a "flat machined" base that mounts easily to a wood or metal bench. Compound leverage assures a powerful and smooth operation. The handle mounts for either right or left hand use. The T-Mag II uses standard 7/8" x 14 dies and can be used for reloading rifle or pistol cases. It comes with universal priming arm, primer catcher, and turret handle.

T-Mag II Press (19.5 lbs.) (#7040781) .....\$237.50

## Extra T-Mag Turret

With an extra detachable T-Mag Turret, reloaders can maintain precise set-up while changing calibers. (Will fit old T-Mag. Turret handle not included).

Extra Turret (3 lbs.) (#7726153) .....\$54.00

## Bench Wrench

Lyman's Bench Wrench fits all current Lyman die lock nuts and Lyman T-Mag turret support post. The wrench fits Lyman decapping rod, seating screw and expander plug hex nuts. Also new style Lyman & RCBS 7/8 x14" nuts.

Bench Wrench (#7990116) .....\$5.00

## Crusher™ - Reloading Press

Our Crusher is the ideal press for reloading both rifle and pistol cartridges. The Crusher starts with a 1" diameter ram, compound linkage and a 4 1/2" press opening which makes even the largest magnum cartridges easy to load. Its classic "O" frame design takes all standard 7/8" x 14 dies. The Crusher is equipped with hardened and ground linkage pins and retaining rings for a smooth and tight operation. The base design has 14 square inches of "machined flat" surface area with 3 mounting bolt holes for perfect rigid mounting. Crusher's ball handle mounts for either right or left handed operation. Durable "silver hammertone" powder coat finish and non-rust handle and links makes sure it lasts as good as it looks.

Crusher II (19 lbs.) (#7726300) .....\$166.50

## Press Accessories

### Primer Catcher

Made of heavy duty plastic. Unit locks securely to press, but is easily removed when emptying primers. Fits Crusher II, T-Mag Compound Presses.

Primer Catcher (1 oz) (#7726420) .....\$8.25

### Universal Priming Arm

Seats all sizes and types of primers. Supplied with two priming sleeves (large and small).

Universal Priming Arm (2 oz.) (#7728036) .....\$16.95

### Auto-Primer Feed

Eliminates handling of primers with oily fingers, speeds loading. Supplied with 2 tubes (large & small). Fits T-Mag II and Crusher II.

Auto-Primer Feed (3 oz.) (#7729050) .....\$27.95
